The Eucalyptus Tree.
When the world's supply of coal is exhausted, which is not a matter for mmediate worry, the eucalyptus tree may be grown as a substitute. This eucalyptus stores up more of the sun's energy than any other tree (1 per cent of that reflected on the unit of area), and in South Africa it has been found cheaper to raise it than to import coal. An acre of eucalyptus plantation will produce each year the equivalent of thirty tons of coal.

Worked a Living Chain. Dr. P. L. Hurt's pointer dog was the cause of a good deal of amusement and excitement in Boonville one day. The doctor stopped at a trough to water his horse. A sewer pipe about a hundred feet long passes under a crossing at this place, and the dog, being warm from running, crawled into the pipe to get cool. When the time came to leave he could not turn around, and as the pipe was crooked he could not see the opposite end of it, so there he stuck. After various suggestions had been made for getting him out a small negro boy was sent in after him. The boy got him by the leg, but then found that he himself could not back out. Here was a pretty howdy do. Finally a second negro boy was sent in. His legs remained within reach from the outside, and when he had caught the first boy by the legs and the first boy had got a secure hold on the dog's legs some strong men took the second boy by his legs, and thus he all pulled out.—Exchange.

A Lucky Game of Chess. A story is told of the Moorish prince Abul Hejex, who was thrown into prison for sedition by his brother Monammed, king of Granada. THE BAND CONGERT.

The Citizen's Band concert came off in the Opera House last Tuesday evening and was most successful in every sense of the word. The citizens showed their appreciation by filling the spacious hall and the programme was excellent and varied. Miss Allingham gave a charming rendering of "La Extasia" on the violin; Miss Mullins gave a fine rendering of "Lischerizky's Mazurkee" on the piano; Mrs. D. T. Flavin sang "Hearts" with brilliant effect, and Miss Gertrude White was heard to advantridges where the hemlock and spruce grow in abundance, but he is as much at home on the tree tops as on the ground and can sleep as soundly in a low hollow of a tree as on a branch of a fir tree, where he will lie stretched out in the sunshine like any old cat.

He will not only face but actually kill a Canadian porcupine and "Hearts" with brilliant effect, and Miss Gertrude White was heard to advantage in Toste's "Good Bye" and "The Gift." Mr. Joe Leonard, the versatile bandmaster gave soles on the cornet and on the violin of both of which he is master, and Mr. W. E. Crompton was good as he always is in his humerous songs. Mr. Dumsford made his first bow to a Medicine Hat audience and proved to be a barilone of merit. His proved to be a baritone of merit. His rendering of "Down in the Vale" made a favorable impression.
