No Agents! No Commissions!

THE system of employing Agents or Canvasers at a high commission has been strictly abandoned by us, it having proved very unsatisfactory to both ourselves and customers. In future we will sell our

Pianofortes and Organs

At Net Wholesale Prices.

Direct to purchasers. In this way buyers of Pianos and Organs will save from twenty to forty per cent. by dealing directly with us, and, moreover, far better satisfaction can be guaranteed.

We claim to sell the best instruments to be had, and at the lowest prices consistent with first-class articles.

The cash system enables us to sell at a very small advance on cost of manufacture, although to honest and reliable parties we do not object to allow a reasonable time for payment.

Parties ordering by mail can rely upon getting as fine an instrument as if personally selected by themselves. Any Organ or Piano not found exactly as represented can be returned to us at our expense. We refer with pleasure to over Fifteen Hundred Pianos and Organs sold by us the last ten years.

Thankful for the very liberal patronage accorded us hitherto, we can only say that we will continue our endeavours to thoroughly satisfy our customers in all their dealings with us.

A Bermuda despatch, dated Feb. 1st, gives the following details of the schooner "Addie Todd":—"Arrived Jan. 24, schr. 'Addie Todd,' of Calais, Me., from Annetta Bay, N. Y., for New York, 100 tons. All on board exhausted from want of food, from 9th to 15th. The crew drew on quantity allowance, which on that day was reduced to a small piece of bread and a little coffee. They were relieved on the 16th by the schooner 'J. W. Wicks' of Belfast, Maine, Portland for Guadalupe, and subsequently reached Bermuda.

ANOTHER FISHING VESSEL LOST.—The Gloucester schooner "Canard" left Port Mulgrave fifteen weeks ago on a trip to the Banks, and has not since been heard of. She is now given up as lost. Having taken into Halifax for refuge two or three times, she finally left the port for her desired home on the 29th of December last, and no word was heard from them until 10th inst., when a cablegram came announcing their safe arrival in Hull. The following were the names of the Captain and crew:—Charles Powell, master, James Marshall, Thomas Harnett, George Irving and Henry Irving.

ABASSINATION OF A NOVA SCOTIAN IN NICARAGUA.—Information has been received of the murder of a Nova Scotian in the Republic of Nicaragua, Central America, on the 16th of December. The victim was James Clark, a sugar planter, a native of Halifax. He lived on his plantation, near the town of Felicia, about two leagues from Leon, the capital city of the Republic. He was assassinated by two brothers named Vilches (native), who gave him fourteen wounds with long cane knives called machetes. Mr. Clark lived until the morning of the 23rd. His assassins had not been arrested at latest advices, and a Leon correspondent adds:—"I fear they may will be, although they come into this city daily. The laws here are very lenient for assassins. It seems especially so if the victim is a foreigner."—Chronicle.

An Albert Co. correspondent says:—"The annual Methodist Missionary Meeting was held in Surrey Chapel, Albert Co., on the evening of 7th inst., under the management of Rev. Mr. C. W. Dutcher (the pastor) assisted by Rev. Mr. Lodge (Sackville) and Rev. Mr. Chapman who was warmly welcomed by his numerous friends. ANNIE PARKER'S CASE.

Special Despatch to Chignecto Post.

MONROTON, Feb. 12.—The examination in Annie Parker's case was resumed in the police court at ten o'clock this morning, when Mrs. Osborne's testimony by Mr. Smith was continued, and the cross-examination was commenced by Mr. Wells. Mrs. Osborne's story is nearly like that of Eliza and Harry's. She was cross-examined this morning about the all-rooms of the Waverly House in Shediac. She seemed to give her evidence with a certain amount of candor, and answered Mr. Wells' questions very promptly.

The Court adjourned at 12 o'clock noon, till 4 this afternoon, in order to try a Civil Case that was before Justice Wortman, and at 4 o'clock, Mr. Smith started the Court with the announcement that Mrs. Osborne's health was poor and she would not be able to give evidence this afternoon, and wished to have the case adjourned till to-morrow. Mr. Wells for the defence had no objections and the case was adjourned till 9 a. m. to-morrow.

From a Physician.

Great Bend, Pa., Nov. 22, 1875.

Messrs. Seth W. Fowle & Sons, Boston: Gentlemen,—For nearly two years my wife was troubled with a lung difficulty. After enduring the trial of much medicine, she was persuaded to use "Dr. Wistar's Balm of Wild Cherry." After using two bottles she experienced great relief, and after she had taken six bottles she was freed of her cough. I pleasure commend "Dr. Wistar's Balm of Wild Cherry." J. T. FAYNE, M. D.

50 cents and \$1 a bottle. Sold by all druggists.

A CARD.

To all who are suffering from the errors and indications of weak organs, as the stomach, liver, heart, &c., will induce sleepless, and attended with many distressing complications, and it may in many instances be put a symptom, among others, of an irritable and exhausted nervous system, if not assisted, and nutrition increased, it may prove the forerunner of serious changes in the brain or spinal cord. PHOSFOZONE, judiciously used, will allay the irritation, soothe the nerves, assist their natural currents, and improve their nutrition, thus insuring the generation of sufficient nervous force for the exigencies of life.

PHOSFOZONE can be had from all druggists. Price, One Dollar per bottle; or six bottles for Five Dollars.

HEALTH IS STRENGTH.—To prevent or conquer disease is one of the grandest attainments ever aimed at by man; and Bryan's Pulmonic Wafers will assure cure of colds, coughs, tickling in the throat and pulmonary complaints, as war and pestilence will destroy. Severe colds if attended to sooner or later lead to incurable consumption, and the strength of the strongest soon falls if neglected. The readiest and best means known for the cure of these complaints is "Bryan's Pulmonic Wafers," which have been thoroughly tried for the last twenty years, and have never been known to fail. Singers and public speakers will also find relief in their use. Price, 25 cents. Sold by all medicine dealers at 25 cents per box.

How to Make Money.

A horse dealer residing in the vicinity of Keypoint, N. J., and who buys up horses for the New York market, purchases "Darley's Condition Powders and Arabian Heave Remedy" by the dozen and feeds it to his horses; he says it is superior to anything that he has ever used as a condition medicine, that the horses are so much more improved by its use as to sell more readily and command higher prices. Two other horse dealers, one residing at Kingston, and the other at Glen Cove, L. I., also purchase it by the dozen and for the same purpose; these men, as well as many others similarly engaged, know too well the value and importance of this medicine ever to be without it.—Remember the name and see that the signature of Hurd & Co. is on each package. Northrup & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

An Undeniable Truth.

You deserve to suffer, and if you lead a dissipated, unsatisfactory life in this beautiful world, it is entirely your own fault and there is only one excuse for you,—your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense re-asserted will show you that "Green's August Flower" will cure you of all complaints, or Dyspepsia, with all its terrible results, such as sick headache, palpitation of the heart, sour stomach, habitual constiveness, dizziness of the head, nervous prostration, low spirits, &c. Its sales now reach every town on the Western Continent and not a Druggist but will tell you of its wonderful cures. You can buy a Sample Bottle for 10 cents. Three doses will relieve you. For sale by Amasa Dixon.

Liver is King.

The Liver is the imperial organ of the whole human system, as it controls the health, wealth and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that "Green's August Flower" is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Sample bottles to try, 10 cents. Positively sold in all towns on the Western Continent. Three doses will prove that it is just what you want.

For sale in Sackville by A. Dixon.

There is, probably, no way in which we can benefit our readers more than by recommending to them for general use Johnson's Anodyne Liniment. It is adapted as a specific for coughs, colds, whooping cough, soreness of the chest, larynx, rheumatism, spitting blood, and all lung diseases. It has no equal that ever we saw or heard of.

The propriety of giving condition medicine to horses, cattle and sheep, was demonstrated by many of the Agricultural Societies throughout the country last Fall, and we believe that in every case but one they decided in favor of Sheridan's Cavalry Condition Powders. A good judgment.

MARRIED.
