Do you have pains about the chest and sides, and sometimes in the back? Do you feel dui and sleepy? Does your mouth have a bad taste, especially in the morning? Is your appetite poor? Is there a feeing like a heavy load upon the stourch? Sometimes a faint, all-gone sensition at the pit of the stomach, which food does not sitisfy? Are your eyes sinken? Do your hands and feet become cold and clammy? Is there a giddiness, a sort of whitling sensation in the head when rising up suddenly? Are the whites of your eyes tinge with yellow? Is your urine scanty and high with yellow? Is your urine scanty and high colored? Does it deposit a sediment after standing?
