WEATHER exceedingly hot and dry WARRIORS times in Hillsboro last Tuesday evening.

WANTED IMMEDIATELY—All through Albert County, a soaking rain.

RAPID GROWTH—Samples of grass 6 feet in length were hit at the Observatory the last week by Frank Smith.

Eliza Steeves of Hillsboro has left at this office a branch of a birch bush, of this year's growth, measuring 7 feet.

Did you notice that one head of hair at church last Sunday? That was Mrs. B. She never permits herself to be out of Hall's Hair Restorer.

HORSE WANTED—Wanted immediately a good driving horse in exchange for a piano or organ. Address, Millikens, Music Store, Moncton, N. B.

A RISKY OLD AGK.—Mrs. Robert Milton, of Turtle Creek, A. Co., whose death was recorded last week, was 96 years of age, instead of 86, as was published.

PRaisEWORTHY.—Prof. Hutchinson lately held illustrated exhibitions at Albert and Harvey, and last Tuesday morning presented Mr. Kinzie, the injured brakeman, with \$10 out of the proceeds.

MANY diseases of the skin are not only annoying but are difficult to cure. You will not be disappointed if you try Baird's French Ointment. It also cures insect stings, pike, chapped hands, &c. Sold by all druggists.

UNTIL the blood is cleansed of impurities it is useless to attempt the cure of Rheumatism, which is a blood disease, and it is the blood, which is the seat of the disease, which must be purified.

What was the cause of the late epidemic of cholera, which was so fatal to you? Indigestion, a case of Ayer's Cathartic will ease you without medicine. Just try them once and be assured; they have much more dyspepsia cured. You'll find them nice and amply worth the price.

A CHANGE FOR BIG NOSES—A waxen caricature show is being arranged at Vincent, of which women will be the judges, and prizes will be awarded to the handsomest man, the man with the finest mustache, the man with the biggest nose and the man with the largest bald head.—Ed.

As we cannot possibly attend to capture the "big nose" and "bald head" prizes, we would respectfully suggest that our friend, the Harvey postmaster, attend in our stead. Would he only employ the three prizes last mentioned.

AN ACTIVE OLD LADY.—Mrs. Haines of Edin A. Co., a lady 86 years of age, lately made 5 squares of puzzle patch work in one day. During the past winter she knit 17 pairs of socks and stockings besides taking care of a family of grandchildren. Where can you find a more active old lady?

Request.—Clergymen, Physicians, and others are requested to send in the returns required by the Registration Act, to be entered for the half year ending on the 30th June instant.

C. A. PECK, District Registrar, Hopewell Hill, June 25, 1889.

DENTISTRY.—Dr. Somers of Moncton will be at the Union Hotel, Albert, on the 9th, 10th, 11th, and 12th, of this and each succeeding month. Parties wishing the services of an efficient dentist should give him a call. He can also be consulted professionally at "Beatty House" Hillsboro on the 13th, and 14th, of each month.

INJURED BY A TRAIN.—Ralph Colpitts of Pollet River, aged 71 years, was severely injured at Petticoat last Tuesday. When driving across the railway track his carriage was struck by an incoming train. The horse was killed and Mr. Colpitts was thrown some distance, receiving severe cuts on his head besides other injuries. Little hopes are entertained of his recovery.

PAY THE PRINTER.—Some time ago we sent out a number of accounts to delinquent subscribers, requesting prompt payment, but the parties have apparently forgotten all about the matter. We trust this gentle hint will suffice to bring satisfactory responses immediately. Remember the poor printer cannot subsist solely on air but it ever so pure and hot.

HAVE NOT RETURNED.—The Times says: Two women, supposed to be from Moncton, stole up the river some days ago, called at the house of William Leveson at Turtle Creek, and making an excuse asked to leave a young baby for a short time. Permission was granted, and the women have not since been seen.

It will illustrate Carnival in a style that has never been attempted before, while its portrayal of the Carnival will be unique and brilliant. The book is to be over 50 pages in size, with a cover of original and artistic design, beautifully executed in colors. The engraving will consist of Carnival scenes, views of Halifax, its unrivalled Public Gardens, Point Pleasant Park, and other surroundings, and portraits of prominent citizens. The reading matter, furnished by men of acknowledged literary talent, will describe the Carnival and its various attractive features, besides special articles on other appropriate topics. The Carnival Echo will be the only publication ever issued that will properly illustrate the capital city of the province, and will be warmly welcomed by the people of Nova Scotia.

COMMENDABLE.—A paper is being circulated in Hillsboro soliciting aid for H. Kinzie, the injured brakeman. We are pleased to know the people are subscribing liberally, about \$160 having been already pledged.

THE cattle nuisance in Hillsboro is becoming almost unbearable. Droves of young cattle monopolize the sidewalk as they march up and down the streets watching for a chance to slip into some person's garden. Where is the field driver?

EDGEMONT LANDING BREAKWATER.—David Wallace Esq., the contractor for the breakwater at Edgemont Landing having thrown up his contract, a government engineer visited the works this week to make an estimate of the amount of work done and value of materials supplied. Tenders will probably be asked for completion of the breakwater.

ALBERT NOTES.

Mr. William Daley is preparing to erect a neat shoemaker's shop opposite the Baptist Church, where he will be prepared to Boot all who may desire to be soled, (sold.) Mr. Daley is a sober, energetic, industrious young man, who believes in building up, and booming his native county. We wish him every success in his business.

A match game was played on the Albert base ball grounds yesterday, between the Albert and Riverside teams, which resulted in an easy and triumphant victory for the Albertians.

Rev. J. Emblee returned to Albert last Friday, from St. John where he had been attending the Methodist conference.

F. H. Tingley went to Moncton last Saturday.

Mr. Carter Smith and sister left Albert on Dominion Day. Mr. Smith goes to Washington Territory.

Professor Hutchinson gave an illustrated lecture in Oulton Hall last Saturday evening for the benefit of brakeman Kinzie. He realized \$10.38, six dollars of which will be sent to Mr. Kinzie.

Almost two years have rolled away since the frame of Oulton Hall was raised and boarded in and to-day it stands as a monument of the want of public spirit of the citizens of our fair village.

Some fellow citizens, let there be a rally of forces and a real earnest effort put forth and our hall finished and thus remove the disgrace that we have brought upon ourselves through our negligence and lack of "goodwillitiveness."

I would ask your Albert local scribe to give the answer to the following question. Why is a bung hole in a barrel-head like an apple?

Elgin Notes.

The twenty-seventh session of the Baptist quarterly board of Albert County convened in the 1st Elgin Church on Wednesday, the 26th June. There were about a dozen ministers present and twice that number of lay delegates.

Meetings referring to both the temporal and spiritual interests of the church were held during Wednesday and Thursday. All present were of the opinion that an aggressive warfare should be waged on the domains of sin and Satan during the ensuing quarter. The next session will be held in Sept. with the Baptist Church on Caledonia Mountain.

The terminal examination of the Superior School here was held on Friday, June 28. The primary department was examined in the forenoon and the advanced in the afternoon. There were present, LeBaron Godard and Solomon Horsman, Trustees, Rev. I. N. Parker, Charles Goggin, an old teacher, besides quite a number of the parents and friends of the children. The pupils were examined in reading, spelling, definition and derivation of words, arithmetic, English grammar, geography, etc. The knowledge of the different subjects under examination, as evinced by the pupils, showed that thorough work had been done during the term. Mr. Parker announced that he would give a prize in each department of the school to the pupil who excelled in reading at the conclusion of the summer term. (Thursday) evening. He will be pleased to receive calls at his store to-day from parties owing him. Persons wishing to see him on Friday and Saturday will please enquire at his residence.

GIRLS WORTH HAVING.—According to the Oxford county, Me. Advertiser, two little girls, one 9 and the other 12, belonging to Edwin Boynton, of Brownfield, plowed and harrowed an acre of land in one day with a yoke of oxen.

NEARLY BLEED TO DEATH.—On Monday evening last at Dr. Page was returning from a sick call he discovered a boy named Worth lying at the side of the road in a dying condition. The boy had been fishing and being in his bare feet he had tramped on some glass and out one of his feet so badly that he was fast bleeding to death but that the doctor happened along just in the nick of time.—True Sun.

PIG NOT TO BLAME.—No matter what section of the planet you visit you will find that the people—white, black or copper colored—enjoy a quiet joke on the subject of marriage a failure. For illustrations take the following, which we clip from the Kathiawar Times India, which is printed half in English and half in Gujarati:—

Wife.—"On the 20th of March we shall celebrate our silver wedding. Don't you think we ought to kill the fat pig and have a feast?" Husband.—"Kill the pig! I don't see how the unfortunate animal is to blame for what happened twenty five years ago."

BETTER FOR LOVE OR MONEY.—Mr. Claud Melnotte, a Minneapolis banker, has married a full blooded Louisiana negress who, the black, has \$1,000,000.

DEATH OF A "HEAVY WEIGHT."—John Lawes, well known in museum and circus circles as the "fat man," died at his home in Almira, N. Y. July 17. Lawes weighed 640 lbs and required a coffin of unusual size and extraordinary strength.

ANXIOUS FOR A WIFE.—At Lody, Hungary, a youth of 18 has married a poor widow of 75 with eleven grown up children, the oldest 53.

A LARGE FAMILY.—The largest family in Arkansas is that of W. D. Green and wife, of Murfreesboro, Pike county. They were married in 1835 and have had twenty-three children, eighteen of whom are living.

YOUTHFUL ASSASSINS.—At Terre Haute, Ind., June 20, four boys, aged from 9 to 13 years were arrested, charged with assassinating a boy named Snyder, against whom they had a grudge. They persuaded Snyder to go swimming yesterday and last night the body was found in a creek with a bullet hole in the head and a number of knife wounds in the body.

AFTER MANY YEARS.—Here is a marriage notice from a Cleveland paper:—"To Guilford, Medina county, O., on the 2nd inst., by S. Wilson, Esq., Mr. Samuel D. Curtis to Miss Sallie Murphy, after a tedious courtship of fifteen years, which was borne with Christian fortitude and patience."

EATEN BY WOLVES.—Last Thursday two children of Edward Thorne, a farmer residing at New Digby, N. S., put a mile from home to fish. They did not return and searching parties were organized. Friday evening their bodies were found near a ledge of rocks known as Wolf's Den. Wolves have been in that section for years, and it is thought the children were killed and eaten by the animals. The boys were ten and twelve years of age.

FARMERS, BEWARE!—John D. Davis, a farmer residing at New Digby, N. S., put his milk can on the woodpile to dry and the reflection of the sun's rays from them set the wood on fire, doing considerable damage to his house and barn.

THE HIGHER EDUCATION.—"What did your daughter graduate in?" asked a friend of the mother. "White silk, with a satin corsage and elbow sleeves," was the prompt answer. "I mean what branches," asked the startled guest. "Oh, her—her—why, the usual studies, I suppose," answered the perplexed mother.—Detroit Free Press.

GOOD ADVICE.—Dr. Oliver Wendell Holmes advises young men not to smoke. "It is liable to injure the sight," he says, "to render the nerves unsteady, to excite the will, and to enslave the nature by an impulsive habit likely to stand in the way of a duty to be performed."

125 YEARS OLD.—The oldest man living in the State of Massachusetts is a Nova Scotian named William Rosch. He is said to be 125 years old, and his portrait, together with an account of his life, appears in Monday's issue of the Boston Globe. Mr. Rosch is a colored man and a native of Massachusetts. He was born in Annapolis, N. S., and left there when a very young man.

GROWING CORN IN WESTMORLAND.—A new feature in farming in the eastern end of the county is the raising of corn for the canning factory at Cape Tormentine. In his report to the secretary for agriculture, B. C. Raworth, Windsor, says some farmers have planted from 1/2 to 2 1/2 acres.
