**Epps's Cocoa**  
 BREAKFAST.  
 "By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicious and health-giving article which may save us many heavy doctors' bills. It is by the judicious use of this article that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a danger which a bold and unprincipled medicine would surely have brought upon us. We are now offering a special discount on our Cocoa, and will supply it at a special price to those who will send us a list of the names of the persons to whom it is to be sent. It is a good thing to have a reliable and trustworthy agent, and we are pleased to have the honor of representing Epps's Cocoa in this country."
