THE DIFFERENCE. It must have occurred to every votes

It must have occurred to every voter, that, independent of the great political differences, which characterize the Democratic and Whig parties, there are still greater distinguishing points in the position, in which the candidates of the two parties nippear before the people. Upon all questions of public interest, of foreign and domestic policy—the opinions of the Democratic nomince are well known; established not only by his public oral and written declarations, but the still more satisfactory evidence of their practical operation, developed by his services in various public stations of dence of their practical operation, developed by his services in various public stations of the highest honor and importance. When the business of the day was over 83 Gentlemen sat down to an excellent Dinner, prepared by mine host Mr. SAMUEL FRELIA, and as the hour was late (5 o'clock), the party seemed to do themselves ample justice. The cloth being removed, the usual loyal and private toasts were given; a number of choice songe were sung, which added greatly to the hilarity of the evening. At a late hour the whole party separated, all delighted with the occasion which had called them together. The day was fine, and there was a good turn out of Cattle,-the judges allowed they were in better condition by far than what can be found in older settlements As a proof of this assertion, I may state, that Twenty-three hundred dollars was left in St. Mary for Cattle sold to dealers, who had come from a distance. This certainly looks well in a a dreary wilderness, seldom visited by the white

I may mention also that the first blast was taken (same day) in the new Foundry lately erected by Messrs. Burdock, Veech & Co., and as they are determined to sell their castings as cheap as they can be had in old establish ments, it will be a great advantage to the set-

Yours truly, WILLIAM BARRON, Sec'y.
