Cantelon, then married, taught school at

Holmesville, soon after he went into

the B. C. ministry, and filled a number

Maple Sugar Cake.—The recipe for this cake is published by request. Take a pound of maple sugar, rolled or scraped fine, half a pound of butter and four or five tablespoonsful of milk.

A Knife Cleaner.—Take two boards eighteen inches long by six wide. Nail a belt of leather over these boards and fasten them together by hinges.

Removing Mildew and Iron Rust.—Spread the garment stained on the inside in the hottest sun and squeeze over the spots lemon juice, sprinkling it thickly with salt.

A Kitchen Oilcloth.—A cheap oilcloth for the kitchen may be made of cheap, heavy towlath or burlap fitted to the room.

Smelling Salt.—This old-fashioned remedy for faintness consists of one quart of liquid ammonia and a quarter of dram each of otto of rosemary and English lavender, and eight drops each of bergamot and cloves.

Perry is a drink similar to cider, made from pears instead of apples. It should always be bottled while fresh, as it does not keep as well as cider.—F. W. A. K. S.

A Corrupt System. Bad blood may corrupt the entire system and cause scrofulous sores, swellings, ulcers, salt rheum, erysipelas, sores and skin diseases, of shingles, tetter, etc.

Take the Record Alone. The Vienna correspondent of the Times says:—American couples about to travel in Austria ought to take with them their marriage certificates.

Chronic Coughs and colds. And all diseases of the throat and lungs can be cured by the use of Scott's Emulsion, as it contains the healing virtues of Cod Liver Oil and Hypophosphites in their fullest form.

Take our Advice and Wear a small neat pin in your knotted scarf; wear a larger one with a puff.

Wear a low-crown hat with a sack coat. Wear pearl-gray gloves with black or white stitching on the backs for full dress.

Wear half hose supporters with low-cut shoes. Wear only the best qualities in black hosiery.

Wear light colored flannel shirts at the seaside and dark colored ones in the mountains. Wear your trousers easy at the hips, and pull them up a little about the knees whenever you sit down.—Men's Outfitter.

A Wonderful Organ. The largest organ, and one that plays a controlling part on the health of the body is the liver. If torpid or inactive the whole system becomes diseased.

Mr Charles Durnin, of the 6th con., Colborne, returned home last week after spending the summer in Manitoba. He has not a favorable opinion of the Prairie province.

Gas Poisoning.

In all cases of poisoning by gas the sufferer ought at once to be given a supply of fresh air; it is always available, and is the best substitute for pure oxygen.

Carbonic oxide, which is the chemical name of the gas, has no odor, and numerous deaths have been reported, due to the escape of the gas into houses or rooms where its presence was not suspected.

In canning peaches, one pound of sugar and one quart of water to four pounds of peaches are correct proportions. Weigh the peaches after they are pared and the stones removed, and throw into cold water. Put the sugar and the measured water into a preserving kettle; let it stand over the fire until the sugar is dissolved, stirring constantly. Drain the peaches, and fill them up once in the syrup; then move the kettle back on the fire and let them stew a little while they are tender; then arrange carefully in jars, and fill to overflowing with the syrup; then seal, and set aside to cool.

The ladies in the Blaine family would make a fine-brown English woman in my part of the country. They are particular to bushel, broad-towed shoes, flat soles in millinery and dressmaking, and the inevitable checks and hairline stripes that can be had only in auffs from Leeds Birmingham and Liverpool.

Mr Strathers, of Clinton, now teaching at Porter's Hill, has been engaged to teach next year at Grand Bend, at a salary of \$450.

Mrs Eaton, of Selkirk, Manitoba, sister of Mrs William Moffatt, Stanley, is visiting friends in Stanley.

Mr George Gilmore, son of John Gilmore, of the third con., Stanley, left last week for the lumber woods in Michigan.

Kate Rumball, daughter of W Rumball, Clinton, aged 6 years, fell down stairs, on Thursday last week, and broke her collar bone. She is doing very nicely.

Mr E. C. Curtis, Holmesville, captured about \$125 in rifle snatch prizes this year.

Meat and Game.

It is a tribute to both sides when people of different families can stay a fortnight in each other's houses and part with as high regard as when they meet. But whether your beds and cooking are to your friend's liking or not, whether her manners suit your notions or not, one rule is binding on both if you consider yourselves well-bred—that the confidence between host and guest is sacred.

Your guest is not to be "talked over" after she leaves; neither the holes in her stockings, nor her soiled petticoats, nor the way she lay abed mornings, nor the way she liked to attract attention, nor her appetite for Baldwin apples, any more than she is to report what a shabby table you kept, or how dull the evenings were, or what a curious old lady your deaf aunt was.

Mrs Thomas Woods, of Warsaw, Ind., has begun an active war on the saloons of that place. Some time ago she served notice upon the proprietors of several saloons, forbidding them to sell liquor to her husband, who is an ex-county clerk. These notices were uniformly disregarded, and a few days ago she entered one of the drinking places and smashed a costly mirror. On Tuesday she went into Roseau's saloon, threw a hammer through a large mirror and broke the front windows of the place. She has not been arrested and public sentiment is in her favor. She says she means to keep up her peculiar style of warfare till the sale of liquor to her husband is discontinued.

Miss M. Stephenson left Clinton last week for Portage, where she has taken a situation with Ranco & Southcoombs, tailors.

A Clintonian, who is the owner of a fine gold watch, is reported to have smashed it over the counter of a hotel the other evening.
