

Dorothy Dodd

Every charm and grace of feminine footwear finds expression this season in "Dorothy Dodd" shoes.

This WILL be
an
Oxford season
Never were they so
popular, and the
key-note of Fashion
—Dorothy Dodd.

It will be Oxfords for Street
Outing and Dress.

Oxfords, fancy and plain; Oxfords in patent leathers
Gun Metal and Kid; Oxfords always—but

Let them be Dorothy Dodds,

If you would insure that fashionable daintiness and
air of difference so dear to a woman's heart.

Wedding Bells.

DAILY-CULLEN.
A very pretty but quiet wedding was solemnized at the bride's residence, 18 Bond Street, on Wednesday, April 27, when Mr. Michael Cullen and Miss M. Daly were united in holy matrimony by Rev. Monsignor Roche. The bride was attended by Miss N. Rodgers and the groom by Mr. M. S. Power. The bride was very neatly attired in a dress of champagne velvet trimmed with silk lace and net. After the ceremony a bounteous repast was served at the conclusion of which toasts, songs and speeches were the order of the evening. Only the immediate friends of the bride and groom were present. The presents were numerous and costly. Mr. and Mrs. Cullen left for New York by yesterday's express.

McMurdo's Store News

WEDNESDAY, May 4, '10.
Marvelous Cold Cream is the Hindustani preparation which the makers seem to take the most "shine" out of. It is a most elegant Cream composed of pure ingredients, and what is more to the purpose, it does what is claimed for it, softens, smoothens and seals the skin. It is useful in either warm or cold weather. Price—large bottles, 75c.; tubes, 40c.; try some.

We have just opened an extensive stock of Sponges, among them some of the cheaper grades, selling at 15, 20 and 25c.

You can buy a handy-sized bottle of genuine Eau de Cologne at our store for 20c.—adv.

Concert at Bildo.

On Thursday night the C. E. school-room was the scene of a very pleasing and successful entertainment. In the absence of our good pastor, Rev. J. J. White, Dr. Abraham occupied the chair. The schoolroom was packed, many being unable to find seating space. The programme was good and was composed of dialogues, recitations and songs. The dialogues pleased the audience. The farcical comedy, entitled "The Little Red Mare," kept the audience in a roar from start to finish. The singing, too, was much enjoyed, the music being supplied by Miss Emmie Moore. A refreshment table was largely patronized, netting a snug little sum, which with the money taken at the door will be handed over to the building committee for completion of the new school.
Great praise is due Mr. Frederick B. Moore, Sup't. Sunday School, and Miss E. Reid, teacher, for putting such a splendid programme for such a purpose before an audience. It reflects great credit on their energy and perseverance.

BELLA ROSA ARRIVED.—The Bella Rosa, Capt. Fitzgerald, arrived here last night, 27 days from Cadiz with a load of salt to A. Goodridge & Son. Fine weather was experienced all dense fog was met on this coast on Sunday last.

TIM SHANNAHAN IS DISAPPOINTED.

The Comet Not Up to His Expectations.

They tell us that Halley's Comet is coming, and people don't shake or shiver about it. They walk along quite unconcerned and some of us get out of bed early in the morning trying to locate it. This is a bad state of affairs, for I believe that comets are sent to make us wake up, to make us pay our bills and to make up with our neighbor, with whom we have been growing over the ownership of eight inches of ground for the last half century. People before now when comets were coming started in working overtime preparing their way to the other world. Men who owed for a suit of clothes for say fifteen years put on a gait to get the amount squared up, for people at that time believed the comet was going to come down through the roof some night when they weren't looking, and they didn't want to run any risk of being kept out of Heaven for a paltry suit of clothes. 'Twas a busy time around here when comets were coming in years gone by. You simply had to knock off earning a living for your wife and family and put in the time making up for the misdeeds of your past life. It's wonderful what sinners we find we are when we get up against danger. In a thunder storm Tucker will pray to beat the band and shiver like a leaf, but as soon as 'tis over he is worse than ever. But Tucker nor Mrs. Tucker don't mind the comet a bit. They simply lean off in the chair and discuss the length of its tail and so forth. I must say that I am greatly disappointed in this comet, for 'tis not kicking up half the fuss that a good-looking comet should. If that comet was any good 'we'd have no Government or Opposition party squabbling now. All would be on the one side. We'd have our Municipal campaign going on, for the candidates would be hugging one another and joining in prayer all night 'comet times should be good times in making men with lots of money fork it out. If this was a good old-fashioned comet 'we'd have a new Poor House long ago. We'd also have the ladders for the firemen, and 'we'd have a hundred men on cleaning up the filth of the streets after the winter. Supplies would be given away to the fishermen if this comet was of the ancient brand, and search parties would be sent out long ago to locate that coal in the interior. We can turn almost anything into helping business in this age, but so far the comet is not up to expectations.

TIM SHANNAHAN.

Corpl. Ledingham Wins

At the Highlanders' Armoury last night the result of the first inter-section competition was announced. The contest was won by Corpl. Ledingham of No. 3 section B Co. The competition was judged by Capt. Goodridge of the C. L. B. The boys have taken great interest in the event, and the rivalry was keen from the outset. It was also announced that Mr. J. Baird was made a quartermaster with a second lieutenant's rank. The Corps feel much obliged to Capt. Goodridge of the C. L. B. for his services. The boys will practice hard from now onward with a view to taking part in the events of the season.

Allston's Crew Here.

Capt. Smith and crew of the Geo. R. Allston reached town from the West Coast last night. They came to Placentia by the s.s. Glencoe. The Allston, it will be remembered, was lost in mid-ocean and the crew were taken off by a French banker going to St. Pierre and transferred to the schr. Coronation. When the men arrived last night they said they were sealers from the s.s. Bloodhound and refused to talk, saying that Captain Smith had instructed them to say nothing about the loss of the schooner.

Backache Suffering

A wonderful medicine in this map's description of DR. CHASE'S KIDNEY-LIVER PILLS.
Mr. Fred Gummert, Lillies, Ont., writes: "I can honestly say that Dr. Chase's Kidney-Liver Pills are a wonderful medicine. For six weeks last fall I could scarcely walk around for pains in the back and legs, and was almost completely unable for work. Though I tried several medicines I got no better. I saw Dr. Chase's Kidney-Liver Pills advertised and bought five boxes. After I had used three boxes, I was greatly improved and by the time I had them all taken felt as well as I ever did. I would advise anyone suffering from kidney disease to use Dr. Chase's Kidney-Liver Pills.
"We have also used Dr. Chase's Syrup of Linseed and Turpentine for bad colds and sore throat and would not be without these medicines for anything."
Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers or Edmanston, Bates & Co., Toronto. Write for a free copy of Dr. Chase's Recipe Book.

Feildian Dinner.

Last evening the sixth Feildian dinner took place at Wood's West End Restaurant, where about seventy-five guests sat down to an excellent bill of fare. Mr. W. W. Blackall, the President of the Club, occupied the chair. A very enjoyable time was spent, songs being rendered between the toasts by Messrs. Moniciff, Mawer, Hunt, Foster and McIntyre. The toast list was as follows:
"The King"—Prop. the Chairman.
"The Memory of Bishop Feild"—Prop. the Chairman.
"Our Guests"—Prop. Mr. A. E. Bernard; resp. Mr. W. J. Higgins.
"The Feildian Club and its Patron, Hon. E. R. Bowring"—Prop. Mr. J. R. Bennett; resp. Mr. J. S. Mann and Mr. P. E. Outerbridge.
"The College"—Prop. Mr. Tasker Cook; resp. Mr. R. R. Wood.
"The Church Institute"—Prop. Mr. C. E. A. Jeffery; resp. Mr. C. E. Hunt.
"The Rhodes Scholar"—Prop. Mr. H. R. Oke; resp. Mr. R. H. Tate.
"Feild-Spencer Association"—Prop. Mr. Norman Outerbridge; resp. Mr. G. W. B. Ayre.
"The Chairman"—Prop. Hon. Mr. G. Winter; resp. Mr. W. W. Blackall.

"A Delightful Pastime"

is the verdict of those who have purchased a Columbia Zither. It is a very fine zither, graceful in shape, and in every way a charming musical instrument. It is finished in polished black ebony, the same as a fine piano. Makes a beautiful gift for holiday or birthday. In a few short evenings you can learn to play the Columbia Zither with facility and ease. The lower notes are tuned in groups of chords. The higher notes render the air while the chords produce the accompaniment. For sale by Arthur B. Walker, Sole Agent for Newfoundland and Maritime Provinces. One month's free lessons at the studio, 13 New Gower Street (Albion House). Note: For zithers and small autoharps cost less, but the Columbia Zither excels in size and durability, combines the tone qualities of the guitar and mandolin. Can only be obtained from Arthur B. Walker who imports direct from factory in U. S. A., and has handled them exclusively since 1899. Call and secure one now and get instructed for one month free of charge. Autoharps put in perfect tune for 10c. Polos, strings, etc., at New York prices. A few piano folios 50 per cent off.—adv.t, may 3/10.

Municipal Election.

To the Electors of the Municipality of St. John's:

Gentlemen.—In compliance with a request made to me by a number of electors, property owners in St. John's, that I should submit myself as a candidate for the office of Councilor at the approaching Municipal Election, I beg respectfully to solicit your support and influence in the matter. In deciding to seek election at your hands, I am actuated by a desire to do all in my power to bring about a better condition of affairs in the control and management of the departments of the government of the city. It will be my first duty, should I be elected, to see that the revenue necessary to carry out the work of the Council will be raised from sources which will bear fairly upon all citizens, and unjustly upon none, and that the expenditure will be made economically and usefully in the interests of the whole city and that the various departments be conducted on business principles. The first and most pressing need is the completing and extending the water service of the city. It is essential that the benefits of our water supply be made available to all citizens for protection against fire and for domestic use. It is necessary that the full pressure of water from the new service from Winsor Lake should be available at all times, especially on the higher levels. In this connection, also, a good supply of water should be installed on the South Side, for the use of citizens residing there. It will be my duty to see that these matters are accomplished and as speedily and as economically as possible. I shall also devote my efforts to improve the sanitary affairs of the city, the installation of a sewerage system which will not bear heavily upon individual citizens, but which will meet the needs of the city generally, the substitution of the concrete drains for the disease spreading cobble stones at present in use, with constant and regular flushing, and the extending of the sprinklers to all the streets of the city. These objects can be obtained without increased expense. I shall also endeavour to bring about a little system of appraisement of property by which people will not be taxed upon mere apparent values, but upon real value of their properties, ascertained upon proper and competent appraisement. I shall do all in my power for the improvement of the city generally. Between now and polling day I shall canvass the city, and fearing I should not meet each and every voter, I ask them to kindly regard this as a personal appeal for their valued support.
I remain, yours respectfully,
JOHN J. COAKER.

Captain Strong in the Water.

While hustling the s.s. Neptune's crew on board the Ingraham last night at Bennett's wharf Capt. Strong stumbled and fell over the wharf into the water. He clung to the wharf shores till the Ingraham's boat was lowered and then he was taken on board. Some of the Neptune's crew had taken too much vodka, and having raised a row amongst themselves, Capt. Strong whilst endeavoring to make peace was knocked over the wharf. After having shifted his clothing and taken a warm drink the captain was as strong as ever.

Money Stolen From Gas Meter.

Almost every spring during the past few years robberies of monies from 'slot gas meters are reported to the police. Yesterday the manager of a city Nickel Show reported that the meter in his place had been tampered with, and something over \$3.00 in cash stolen therefrom. The matter has been placed in the hands of Detective Byrne who will leave no stone unturned to capture the thief.

TRIP ALONG THE LINE.

His Excellency the Governor accompanied by some friends will go for a trip along the Railway next week. They will spend a few days fishing.

I. O. G. T.

The officers of Terra Nova Lodge, No. 16, I. O. G. T., were installed for current quarterly term, last night, by Bro. F. Pilley, D. G. C. T., assisted by Bros. Rose and Stirling, of "George Boyd" and "Onward" Lodges, as installing marshals. The officers installed are as follows:—C. T., Bro. Rev. J. Thackeray; V. T., Sister Marion Searle; Sec., Bro. S. J. Pike; Asst. Sec., Sister Hann; Fjn. Sec., Bro. W. Parsons; Treasurer, Bro. E. A. Thomas; Marshal, Bro. J. Ridges; Dep. Marshal, Sister J. Pilley; Chaplain, Sister Mrs. E. Knight; Organist, Sister E. Northfield; Guard, Sister M. Thomas; P. C. T., Bro. J. A. Carmichael. Terra Nova Lodge is again forging ahead, and all the members are determined on making the present term a prosperous one. Last night's session was one of harmony, there being several visiting members present who extended fraternal greetings and wished "Terra Nova" God speed.

Smuggling at Bay of Islands.

The Assistant Collector had a message yesterday from Bay of Islands reporting another case of smuggling there, the offender being Capt. Joseph Pettipas. He brought in surreptitiously a large quantity of goods, for which he was fined \$200. The property which was brought from Halifax was confiscated. Two of the crew of the schooner were each fined \$10 or 20 days for assaulting Tidewater Hayes in the performance of his duties.

Neptune's Turnout.

The S. S. Neptune finished discharging her seals at Job's South Side premises yesterday afternoon. The output was as follows:—42 young harps, 2,918 young hoods, 3,110 bed-lamers, 699 old harps, 1,840 old hoods, 1 square flipper. The net weight of the fat was 229 tons 15 cwt. 1 qr. 24 lbs., and the net value was \$21,457.45. Her crew of 293 men shared \$35.00 each.

Halley's Comet Is Near Us!

According to the prophesying of the Astronomers this is the month, and the day is not far, when our Mother Earth will have to face this visitor. Fifteen hundred million people are fearing that our mother should not be destroyed, then they may have to go to the place from where no one came back. But we say the earth can not be destroyed (See Preacher, Chap. 1.4); one generation passeth away and another generation cometh; but the earth abideth forever. So you can still go to B. Friedman to get your Clothing, Dry Goods and Furniture for cash or credit. B. FRIEDMAN, 301 Water St., Water Side. Phone 546. P. O. Box 5.
