March, 26, 1915.

Gentlemen:—Replying to your letter of March 23rd, addressed to Mr. Roettker, particularly the last paragraph, which refers to the trouble which you are having with Mr. Murray, he claiming that he can handle the same engine as you do, and we have no hesitancy in saying to you that to our positive knowledge there is no opportunity for Mr. Murray to get any motors through any of our agents in the United States.

This matter is thoroughly understood and should not in any way bother you. Mr. Murray may make statements to the contrary, but there is no foundation whatever for any such statements upon his part.

Yours very truly,

THE FERRO MACHINE & FOUNDRY COMPANY,

Evening Gowns at Reduced Prices!

While many of the larger social functions are—on account of the war—conspicuous by their absence this season, there are never-the-less many smaller affairs which take place where a really smart gown is not only admissible, but really necessary.

We are offering a limited number only of Evening and At-home Gowns and Blouses, in combinations of Silk and Net, Satin and Lace, Charmeuse, Ninon, Voile, etc.—in very beautiful designs and in different sizes. These Gowns and Blouses are copies of French and American models, and, owing to the depression in trade, are to be sold at heavy reductions.

This week presents an excellent chance for you to purchase a dainty Evening Gown for the coming Easter festivities at actual cost.
