The most astute and ardent baseball an-Mister Blazer Wall-has called ur attention to the fact that the Standing of the Clubs as published in i all the papers yesterday is grievously error. Our profuse apologies are endered to our good friends the newspaper men, to the players, and to the fans generally; and we feel sure that an extra vote of thanks will be tendered to Mr. Wall by Manager Mc-Grath at the next meeting of the B. I. team for the exposure of our error-though why the deuce somebody didn't notice it before beats us. Instead, therefore, of the Cubs toddling along after the B. I S. with .600 per cent., their real average is 400,, thus making the Cubs tie with the Wanderers. Our sincere apologies must also be tenedered to the Wanderers for calling them the "lowly lizards" of the League in yesterday's column as they are not in this position yet. The protracted spell of warm weather, Carter . . and the fact that we are a member of the leading Club, must have affected our think-box. These are the only excuses we can offer, and please don't anybody even whisper "Bonenead." In order that no misunderstanding are made up on the basis of 1000.

### Industrial Workers Meeting Last Night

Want All Excess Monles Over Pre-War Profits Taken.

There was a large attendance at last night's meeting of the Industrial Workers' Association. The first three sections of the Constitution were passed in their present form. A section was adopted empowering the Association to establish Co-operative Stores, also one to allow the Associashould be given the most earnest and unbiased thought of every member of .333 this rapidly growing organization. .333 It is a debatable question whether .330 the Association would be stronger as a political body or as it is at present

## **Patriotic Football**

Last evening's football match beween the Star and St. Andrew's resulted in a win for the former by one means indicative of the game, as it was generally conceded that the best team lost. During the first half Bartlett, of the Saints, received a kick in the leg and had to retire, a substitute being taken on in his place. The Saints bombarded the Star goal for several minutes, but their luck was against them. During the latter part refused to allow the hit, and sent both of the game a peculiar incident occurred. A St. Andrew's man stood in front of an opponent to allow the ball to go "back." Referee Churchill blew elicited sarcastic plaudits from the why the Saints were so severely penalized; even their opponents couldn't understand it. However, the St. Andrew's team acted in true sportsmanlike fashion and "carried on." They didn't quit, and their attitude was a revelation to the Star team when it is recalled what happened after a decision by another referee under similar circumstances at the pening game of the season between he Star and B.I.S. Three times last evening a Star

back' man was brought up for using violence towards an opponent. This same "high-kicker" was severely re-primanded by the Vice-President of the League at the last game the Star played and was threatened that if he did not discontinue he would be expelled from the field of manly sport. Evidently he forgot the caution last evening and so resumed his tactics that he had to be called to order by another Star player (our friend Billy Duggan). It is a curious coincidence that the "mighty (Capt.) Bill" did not include this is in his public epistle yesterday, though, perhaps he will at to-night's meeting of the League when, we understand, the withdrawal of the Star team from the League will
