Guard Rail Needed.

The attention of the Minister of Public Works is again called to the dangerous condition of the road immediately above the old mill on the Millie's Mill Road. The guard fence has all but been destroyed and the remaining posts and rails will disappear in a short while if immediate

attention is not given to it. A rail in this vicinity is an absolute necessity as during winter time the place becomes coated with ice and it is only by such protection are teams prevented from being precipitated into the river about 80 or 100 feet below.

The Shoe Men.

C. L. B. Church Parade.

Despite the wretched condition of the weather, nearly 280 all ranks of the C.L.B., including Old Comrades, attended yesterday's Church Parade at the C. of B. Cathedral. The service also marked the opening of the C.M.B.C. after the long vacation. His Lordship, Bishop White, officiated, assisted by Rev. J. Brinton. His Lordship preached a very timely sermon on Life's Vacation which deeply impressed all present. After the return to the Armory, the parade was addressed by Lieut.-Col. Goodridge who complimented the lads on their splendid turn-out and reminded them of the Big Brigade Week which was to be held in November. He then presented, on behalf of several gentlemen who had contributed towards it, a new instrument to Capt. Morris, of the Band, and two long service pendants were also presented to Lance-Corporals House and Bartlett. The parade was then dismissed.

Shipping Notes.

S.S. Rosalind sailed at 9.30 p.m. on Saturday, the sailing being delayed for some hours owing to the large freight offering.
Schooner Carrie and Nellie is loading at Grand Bank for market from Messrs. Patten and Forrester.
S.S. Nestun, which sailed on Friday evening for Mediterranean ports, took 13,084 qts. codfish in casks.
Schr. Gladator is loading a cargo of salt bulk fish at Rose Blanche for Buckport, Me.
S.S. Digby sailed from Liverpool on Friday evening and is due here on the 14th inst.
S.S. Canadian Sapper leaves Montreal to-morrow for this port, via Charlottetown.

An Entertainment every night.
When? During C. L. B. Week.
Nov. 13th-20th.—oct3, ad12

Produce and Provisions.

(From Saturday's Trade Review.)

Codfish—The shipments of dry codfish from Newfoundland this week totalled 59,519 quintals as follows: From St. John's—By the schooner Omega, from Tucker Cook and A. E. Hickman to Martinique, 1,693 qts.; by schooner D. D. McKensie, from Messrs. A. H. Murray, Baine Johnston & Co., A. E. Hickman and Bishop, Sons & Co., 2,445 quintals to Barbados; and by s.s. Sachem to Boston, 320 quintals. From Outports—By schr. Cyril T. Argente, from P. J. Cashin, 2,389 qts. to Oporto; by schr. Edith M. Cavell, from T. Moulton, Ramona, 4,058 quintals to Lisbon; by s.s. Dictator, from Munn & Co., Battle Harbor, 10,615 quintals to Gibraltar for orders; by s.s. Ternakys, from Munn & Co., Battle Harbor, 10,912 quintals to Gibraltar for orders; by schr. General Plummer, from Elliott & Co., Change Islands, 4,444 qts. to Malaga; by schr. Union Jack, from Strong & Murrell, Little Bay Islands, 5,500 qts. to Malaga; by schr. E. D. Bailey, from W. & J. Moores, Carbon-ear, 4,627 qts. to Alicante; by schr. Winnifred Lee, from Messrs. Job Bros., Twillingate, 2,452 qts. to Alicante; by schr. Port Union, from The Union Trading Co., Port Union, 3,800 qts. to Halifax; by schr. Emera from Earle & Sons, Fogo, 4,301 qts. to Alicante. As foreshadowed by the Trade Review in September, there is a growing demand for good Shore fish, and the price is 60 cents a qtl. to-day better than it was in the beginning of September. The price is certain to hold all the fall, if not to further improve as it is realized that there will be a very limited quantity in the market in December as compared with other years.

Cod Oil—Only a quiet demand prevails here. The receipts have not been heavy and we find that prices have strengthened a little. The price at which good Cod Oil has been selling here has been altogether too low. Foreign buyers want a good article and are now beginning to see that values cannot go any lower. Tanked Cod Oil free from dregs is worth \$120.00 per ton delivered for steamer. But when you come to pay the cost of tanking and removing the dregs and pay the Government export tax of over 45 per cent, it leaves nothing for the fishermen. This Government export tax is going to drive people mad one of these days, but they have themselves to blame for it.

Cod Liver Oil—There is no change whatever, and is wholly neglected. Flour—there has been a jump of about 20 cents per barrel in price of American flour during the past week. The rush of the new wheat is over in the United States and the mills are averaging up the cost and looking for a profit on their purchases. The Manitoba crop is the last to be harvested. The farmers acknowledge the yield to be normal, which in Western Canada phraseology can be safely reckoned as the biggest bumper crop on record. Heavy supplies of this wheat are now being marketed, and although the demand has been extra good, the weight of supplies has forced a decline in price. Buyers here are taking hold of good round lots, as they believe that present conditions will not last long. The quality of the new wheat flour now arriving is said to be excellent, and it is very easy for all to judge for themselves, as considerable quantities of the high grade Manitoba Patent reached here by the steamer from Montreal last week. The imports this week amounted to 20,287 barrels.

Beef—The Beef market is very easy, and Importers seem to be waiting for bottom prices and the end of the decline before ordering their Fall and Winter requirements. The imports to date are roundly 13,000, as compared with 20,000 barrels last year. Prices in the American market are expected to be more favorable to the purchaser.

HAS NO

PAIN NOW

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Baker and Mrs. Kiever.

Vancouver, B.C.—"I am pleased to say that Lydia E. Pinkham's Vegetable Compound has done me a lot of good. I can now walk about without the aid of a support and feel real strong again. A nurse advised me to take the Vegetable Compound and it is certainly helping me. I am like Heaven to be relieved after months of pain."—Mrs. E. W. Baker, 3574, 10th Ave. West, Vancouver, B.C.
Albert Co., N.B.—"I have taken Lydia E. Pinkham's medicines and they have done me a lot of good. Since then I have been able to do my housework and I have a lot of work to do as we live on a farm. Being your advertisement in this paper was what made me think of writing to you. I hope this may help some one else."—Mrs. Wm. B. Evans, Upper New Horton, Albert Co., N.B.
The reason women write such letters to the Lydia E. Pinkham Medicine Co. and tell their friends how they are helped is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Read from their lips the words that tell the good news along to other suffering women that they also may be relieved. If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

Keep Fit

Bowel regularity is the secret of good health. Without forcing or irritating, Nujol softens the food waste. The many tiny muscles in the intestines can then remove irregularly. Absolutely harmless—try it.

chase by November, when the imports are likely to increase and go well ahead of last year's figures by the close of the year. Box Plank \$26.00, Special Family \$23.00, Boneless \$21.00 for No. 1 and \$20.00 for No. 2.
Pork—The imports this week amounted to 1,107 barrels. Stocks of Mess Pork in Chicago were exhausted last week, and sellers were unable to fill their contracts. Ham But is offering more freely and is now quoted at \$37.00, Fat Back \$36.00, Short Cut \$30.00 and Spare Ribs \$27.00. The total imports to St. John's since January 1st are roundly 16,000 barrels, as against 22,500 last year.
Molasses—The imports are short by about 1,000 puncheons, as compared with 1920, which was itself a short year. The limited quantity (Panic) is being held at excessive prices. The general belief amongst dealers here is that good molasses will reach the dollar limit again before the new crop is available, and that the present month is a good time to buy. The quotations are 85 for Fancy and 80 for Choice wholesale. For tierces and barrels three and five cents respectively dearer.

Sugar—The price of Sugar declined still further this week, and it is now quoted at \$11.00 per 100 lbs. for American White Granulated in the local market wholesale. The deadlock between the Cuban Planters and the United States Refiners is over, and the "raws" are moving forward at a rapid rate as the planters are anxious to reduce their large accumulations before the next crop comes in. It seems to us that prices are now about down to the bottom, and this month is a favorable time to buy.

Potatoes—Quotations in from Canada this week are somewhat higher than anticipated last month. We still believe that the decline must come. The home-grown potatoes are now holding the St. John's market, selling at \$3.50 to \$4.00 per barrel, according to quality. The farmers began harvesting this week, and around St. John's and the adjacent outports the turn out is very good.

Apples—"Gravensteins" declined 50 cents a barrel this week. The shipment that came by the S.S. "Rosaland" Thursday, is probably the last big lot of this brand that will be sent here this season. Prices are now \$4.50 for lowest grade to \$5.50 per barrel for highest grade. "Kings" will be in the market next week, and being a long keeping apple will be probably \$1.00 to \$1.50 higher than "Gravensteins".

Onions—The market is weak. Potatoes in Canada declined three to four cents per bushel this week, and are now down to the lowest point for the past ten years. The local quotations to-day are: \$3.40 to \$3.60 per sack of four bushels for Mixed, and \$3.60 to \$3.80 for White. The imports by the S.S. "Manoa" this week were 2,053 sacks of four bushels each.

Hay—There is no change of any account in the Hay situation this week. The Canadian quotations are about the same as given last week, viz: \$63 to \$64 per ton, and a dollar higher for small quantities. The imports this week were 3,082 bales from Montreal by the S.S. "Manoa." The strong tendency to upward prices that are shown throughout September seems to have fallen away.

New Member Added.

A new member in the person of Mr. B. B. Stafford, was added to the Executive of the National Sports Committee at the meeting held on Saturday night. The report of Mr. E. M. Goodland, manager of the tract team, was presented and a hearty vote of thanks was tendered him for his economical management.

Personal.

Mrs. Bradbury wishes to announce the wedding of her eldest daughter, Miss Carmen Mercer, formerly of Bay Roberts, to Mr. Thos. Maher of Flat-rook, wedding to take place in November.

Miss Jessie Snow left by Rosalind on Saturday for 6 weeks visit to her sister in Boston.
STAFF PAID OFF.—All the staff of the local breweries were paid off on Saturday last, and it is said that the business will be wound up, as the concern has not been paying anything like what was expected.
