A BRIGHT OUTLOOK.

Hon. Mr. Harcourt, Provincial Treas-

urer of Ontario, on the Future. Montreal, Nov. 26.-Hon. Richard Harcourt, who was in the city today, expressed himself as quite confident of the result of the arbitration between the provinces of Old Canada and the Dominion. As to business, he said that the feeling was in the air that a vast improvement had taken place throughout Ontario. The farmers were paying their interest with less difficulty and those who had mortgages on their farms are reducing their indebtedness. "I believe," he added, "that the next

census will show Ontario in a far better light than ever before. The government of Ontario are doing all they can to encourage development of the mining resources, and the capitalists who have invested in Northern Ontario are perfectly satisfied with the outlook and glad they were induced to come.'

GLADSTONE'S HEALTH IS GOOD London, Nov. 26 .- Mr. and Mrs. Wm. E. Gladstone started from London for Cannes yesterday. The general health of the great English statesman is good and his neuralgia is diminishing. The travelers were loudly cheered when recognized on their arrival at the railroad station and there was another outburst of cheering when the train

drew out of the station. ENGLAND IN A FOG London, Nov. 26.-The heavy fog which spread over England on Tuesday continued to envelop the country yesterday. Accidents of more or less importance are reported to have occurred in many places. At Portsmouth the fog was so dense that the trials of the new warships have been rendered impossible for the present. Several wrecks are reported on the coast.

THE CONFERENCE GOING ON. London, Nov. 26.-The conference between the delegates of the striking engineers and the representatives of the employers was continued today. The subject of discussion was freedom of management, but no agreement had been reached when the conference adjourned. The representatives of the employers maintain that the latter had the right to conduct their affairs without the interference of trades unions.

Vienna, Nov. 26.—In the course Wednesday's disgraceful uproar in the Reichsrath, Presiden Abrahamovics was greeted with cries of "Polish scoundrel," "Swindler," "Blackguard," and "Eunuch." One deputy was stabbed in the hand; another had his collarbone broken, and a third received a severe scalp wound. Count Badeni, the premier, with a sneer on his face, watched the combat throughout. Herr Wolff declared that he would bring

Wednesday's scenes were resumed

yesterday. The entrance of the president of the chamber, Dr. Abrahamovics, was the signal for loud and ironical salutations, which were followed by vehement Leftist shouts of "Shame!" Dr. Abrahamovics made an attempt to speak, but Dr. Wolff, the German Nationalist leader, interrrupted him by shouting, "Some one else must take the chair-not this swindler." Herr Schoenerer, the leader of the section of the German opposition, then yelled at the top of his voice: "I demand the right to speak, which I am entitled to." Thereupon, Dr. Wolff retorted: "There is no such thing as right in this house. It is trodden under foot by his mamelukes." As the uproar which followed showed every sign of increasing Dr. Abraham ovics adjourned the house until o'clock in the afternoon amidst storm of "hurrahs" and "bravos." The sitting was resumed at 3:30. Innmediately the Leftists commenced a tremendous din. He said:

"When everything necessary is on board the ship will weigh 5,000 pounds, and we shall take on board about one ton weight of passengers and provisions. The space occupied will be 106,-000 cubic feet. The propelling power will be a 16-horse power naphtha engine, which will be made of aluminum, as far as that metal can be used, and will weigh, complete, 900 pounds. The gasoline will be stored in tanks in the cases, which will contain sufficient quantity to drive the vessel around the earth without replenishing the tanks. The skin of the ship will be double, and the intermediate space will be filled with hydrogen gas.
