A GRAND RECEPTION.

Sir Wilfrid Laurier and Hon. Mr. Fielding drove over to Paisley from Walkerton, accompanied by Mr. H. P. O'Connor and Mr. Reuben Traux, M.

P.P. They were met at the outskirts of the village by a procession and escorted, amid cheering crowds, along

the main street and back to the mar-ket place. The procession was headed by Mr. Hugh McKerracher, grand marshal, Piper Thane, of Guelph, and

a mounted escort, consisting of 75 of

the members of the Young Liberal

Club, carrying a banner, and a long string of buggies and carriages con-

taining leading residents of Paisley and many of the most prominent farm-ers of the county. Music was pro-vided by the 22nd Battalion Band from

Walkerton, and the Southampton and

Pinkerton Citizens' Band. Cheers were raised by the crowd all along the route as they caught sight of the first

minister and his colleague. In honor of the occasion Paisley had donned its

best appearance. Not only were most of the leading stores decorated, but it seemed that almost all the residences displayed some token of welcome in the shape of flags. Bunting and strings

of mottoes were suspended across the main street, setting forth such sentiments as the following: "Hurrah for Laurier!" "Times Have Changed," "Canada now for Canadians," "Welcome to Paigley "Bruce Welcomes Our

The league was one of the poorest, pecuniarily, but at the same time most reantative political organ established. WAR WAS INEVITABLE. Passing to the general question of the government's South African policy, Mr. Chamberlain said that in the light of recent events, and of the utterances of President Kruger, he had come to the conclusion that war had always been inevitable, although it was only of late that he had himself most reluctantly reached this view. He had hoped for peace and striven to maintain it, and up to a recent date he had bethat peace was possible. He had always been determined to secure Justice for the Britishers in South Africa, and to maintain the paramountey of Great Britain; but with these things assured he desired peace. BRITAIN MUST BE PARAMOUNT.

Turning to the principles involved in the war, the colonial secretary went on to say: "If we maintain our existence great power in South Africa, we are bound to show that we are willing and able to protect British subjects wherever they have suffered injustice and oppression. Great Britain must remain the paramount power in South Africa. I do not mean paramount in the German and Portuguese possescions, but in the two republics and the British colonies. Everyone on both sides of the house is determined to maintain these great principles. The work of examining and enlisting the volunteer for South Africa went on very quietly yesterday at Wolseley Barracks. Dr. Belton commenced the medical examination at 9 o'clock in the morning, and by noon only four men had passed. As soon as the doctor was satisfied, the men were sworn in by Major Stuart, and had then to remain at the barracks. The form of enrollment was not immedia-tely gone through with in some cases where the men wished to say good-bye to their friends. These were allowed leave of absence, some unti tomorrow, and some only until 1 o'clock this afternoon. The volunteers from ernment increased the garrisons for defense on pressure from the Natal administration, to whom gratitude and outside points are now at the bar-racks. The men will remain under military discipline until they leave for

In all probability the men will leave here on Tuesday. In the meantime applications may be made at the barracks after 9:30 in the morning. Intending volunteers should bring with

them their glangarries or service caps, serges, or tunies, and trousers.

A number of the men and non-coms at the barracks desire to go, and have sent in their applications, but have received no word as to whether they

may go or not.

Mayor Wilson has called a special meeting of the council in order to make some recognition of the men's action in volunteering. They will probably be given a public send-off. The council will provide supplies and com-

received notice from Col. Holmes, D. O. C., of the London district, that the Windsor contingent for the Transvaal would have to report at military headquarters in London on Friday. He had to notify his men who had volunteered their services to meet him at the city hall last night. There was a large turn-out of military men, and Col. Guillet explained what the duties of those who volunteered would be. In speaking to the boys, Lieut.-Col Guillet said he was pleased with the offers by the young men of Windsor to serve the mother country in the war. He wished them a safe return, and trusted that they would distinguish themselves and prove an honor to Canada. The following are the names of the Windsor boys who were selected: Lieut. Bowden, Lieut.
