—All railroads will reduce their rates to single fare beginning on Saturday, Sept. 13. Visitors can come to the fair and stay till the 22nd.

—Mr. George Bowman, the well-known English setter fancier, of this city, captured five tickets with three dogs at the Toronto Exposition kennel show.

—Dr. Archie Becher has been summoned to Toronto owing to the illness of his brother, Mr. Lorne Becher, of the firm of Glazebrooke & Becher, brokers.

—Mr. T. A. Faulds, agent for the Niagara District Fruit Growers' Association, today received the following notice from the secretary at Grimsby. "Crawford peaches are being shipped now and the crop is light, customers who want Crawfords had better not delay, looking for lower prices. The buyers here yesterday could not get nearly enough to fill orders."

BOYD—ADAMS.

A wedding in which numbers of London friends were interested was solemnized yesterday at high noon at Londesborough, when Miss Elva M. M. Adams, of Londesborough, became the bride of Mr. Duncan Boyd, a prominent contractor of Chicago, formerly of Lucknow. The wedding was performed at the home of the bride's parents, the interior of which was handsomely decorated with flowers. The groom's sister, Miss Sadie Boyd, of Lucknow, was bridesmaid, and Mr. Howard Adams, of St. Thomas, brother of the groom, performed the duties of best man. Mr. and Mrs. Boyd were in London last night on their way to New York and other eastern cities. Both bride and groom are well known and popular in this city. They will make their home in Chicago.

AMERICAN TUGS POACHING.

United States fishermen are still engaged in poaching in Ontario waters. Last week the Government cruiser Petrel seized 63 herring gill nets in the eastern end of Lake Erie. At the time of the Petrel's visit fishing operations were being carried on within improper bounds by 51 American steam tugs.

IS DOCTOR OF DIVINITY.

At the closing session of the theological session of the Manitoba College of Winnipeg, Rev. J. A. Carmichael, a former London Township boy, will have the degree of doctor of divinity conferred upon him. This will be the first of these degrees conferred in the college, which just lately received power to confer it.

SUDDEN DEATH AT GUELPH.

Charles H. Stephens, son of Mr. Charles Stephens, died very suddenly at Guelph on Tuesday night. He was employed at the Homewood Sanitarium, and had been quite well early in the day. In the afternoon he was seized with hemorrhage of the lungs, and died after a few hours' illness. He was 19 years of age and had lived in the city nearly all his life. He was a popular member of the Aberdeen Club for some years. He is survived by his parents, four brothers and two sisters.

DEATH OF FORMER RESIDENT.

Mr. A. H. Vennor, a former resident of this city, died at his home in Toronto on Monday. He was born in England in 1821. After coming to this country he went to Montreal, thence to this city, where he started a hardware business, with Mr. C. N. Shaw as a partner. After staying here several years he moved to Holland Landing, going subsequently to Toronto, where for the last twenty years he had been connected with Messrs. Rice, Lewis & Co. His wife, one son and three daughters survive him.

BROOME—REARDON.

The residence of Mr. James Reardon, 625 Lorne avenue, was the scene of a pleasant event last evening, when his youngest daughter, Maggie, was married to Mr. George Broome, of Aurora, formerly of London. The bride was becomingly gowned in cream and carried white carnations. Miss Lizzie Reardon, sister of the bride, was bridesmaid, while little Annie Branton, her niece, was maid of honor. The groom was supported by Mr. John Reardon and Miss Maggie Stewart played the Wedding March. Rev. Thos. Wilson, pastor of the King Street Presbyterian Church, performed the ceremony in the presence of a large company of relatives and friends. Mr. and Mrs. Broome left this morning for Toronto, where they will spend a few days before taking up housekeeping in Aurora.

MUSIC AND DRAMA

A GREAT RURAL PLAY.

Scores of rural plays have come, been compared to "Shore Acres," and then been relegated to garret or cellar. "Shore Acres" alone remains as fresh and delightful as when first put upon the stage. This famous play will be given at the Grand Friday and Saturday evenings and Saturday matinee.

THE LONDON OPENS MONDAY.

The management of the London Opera House have secured Rowland & Young's Bijou Comedy Company as a fair week attraction. The opening play for Monday night will be "Dad's Girl," a beautiful comedy drama. A change of play and specialties will be made nightly. Prices will be 10c, 20c and 30c.

Malt Breakfast Food

Is Nourishing and Sustaining

Medical Authorities Say It Is An Unequaled Health Food.

Thousands of really respectable people are quite indifferent to the requirements of the stomach, unless that organ is seriously deranged. Poor breakfast grain foods soon interfere with digestive vigor. When Malt Breakfast Food is regularly used each morning, perfect digestion, bodily energy and happiness will be your reward. There is no insoluble starch in Malt Breakfast Food; every particle is nourishing. The best medical authorities say Malt Breakfast Food is an unequaled health food for young and old.

COFFEE BLOATING.

Coffee Causes Liver Congestion in Some People.

"We drank coffee some years and it seemed an established law in our household to take refuge with some medicine or physic to make the bowels move or relieve the stomach of its pressure (coffee is generally the cause of persistent constipation, as it produces more or less congestion of the liver).

"I was so nervous that my hands trembled sadly and sleep fled from me; I felt irritable all the time and unable to do much of any work. I had to force myself to do things; always felt lazy and had to drive myself to get around; the food I ate belched up and I always felt as if I were bloated, and had such a narrow and tight sensation in my chest, so that every little exertion started hot waves running through the whole body, followed by a cold, chilly sensation.

"But after I commenced to use Postum Food Coffee, and quit coffee these complaints all disappeared; I feel well, energetic and hopeful; am better nourished and able to sleep well every night.

"My husband was often sick and the doctor and medicine were constantly needed in our house, but since we stopped coffee and used Postum all these things are changed, and that heavy feeling around the chest has gone.

"Every wife should introduce this wholesome beverage into her family. She would discover in a few days what a rich food she had prepared for her loved ones, and would be rid of all of those oppressing sensations and stomach and bowel complaints which are caused by coffee drinking." Name given by Postum Company, Battle Creek, Mich.

Wind Shakes Down the Fruit.

Kingston, Sept. 10.—A wind storm yesterday proved disastrous to apple, pear and plum crops. A Glenburnie farmer stated today that the loss to farmers in his neighborhood would be very heavy. Many trees heavily laden were broken and badly damaged. Winter apples are not yet ready for harvesting, and trees were almost wholly denuded of these.

It is estimated that the farmers of Wolfe Island lost from $30,000 to $35,000 in damage to crops by a storm which swept the island.

Opposed to Bonuses.

Toronto, Sept. 10.—The executive committee of the newly-organized Farmers' Association met yesterday and passed five resolutions. Bonuses and bounties were declared to be unjust and their discontinuance was demanded. It was asserted that agriculture bears an unfair portion of the burden of taxation, and the assessment of railways and other public service corporations, so as to make them bear their share of taxation, was urged. A transporation committee, legal, not political, to fix railway rates was demanded. Drainage and cattle guard legislation was also demanded. A protest was registered against an increase of the tariff.

STRATFORD MAN FATALLY HURT

Berlin Farmer Killed by Fall From the Roof of a Barn—Other Casualties.

DROWNED.

Shepperdstown, W. Va., Sept. 11.—Rev. M. Lentz, formerly editor of the Lutheran World, was drowned in the Potomac while teaching his young daughter how to swim.

FATALLY CRUSHED.

Stratford, Ont., Sept. 11.—Joseph Phillips, son of the G. T. R. station agent at Seaforth, employed at the roundhouse here, was badly crushed while coupling cars in the yard yesterday afternoon, and died a few hours later. Phillips had only been working about two months.

IDENTIFIED.

Niagara Falls, Sept. 11.—The man who died suddenly at Newmarket this morning was Robert Durward, and his residence was Simcoe, Ont. He went to Newmarket last Tuesday from his home in search of employment. His sister, Lizzie Durward, accompanied him as far as Toronto. Miss Durward, who is now at the Falls on a visit, feels confident that her brother died as a result of a stroke of paralysis, as he has such a stroke about five years ago.

BROKE HIS NECK.

Berlin, Ont., Sept. 10.—A fatal accident took place yesterday at the farm of John Gildner, two miles east of Berlin, whereby Ivan Kehl, of Berlin, a young man of 20, was killed almost instantly. He had gone onto the roof of the barn to clean out an eavestrough, and slipped on the wet roof. He slid about 20 feet, and fell to the ground, a distance of only fourteen feet. Death was caused by a broken neck, the jar of the fall throwing Kehl forward with great force. An inquest was opened and a jury was empaneled. After viewing the body they adjourned till Thursday evening.

GRASPED LIVE WIRE.

Gloucester, Mass., Sept. 11.—Winthrop Sargent, jun., son of Winthrop Sargent, of Philadelphia, summering at Bass Rocks, received an electrical shock from a wire which carried 2,000 volts. He was mailing a letter in the box at Bass Rocks when he received the shock. The pole to which the box is attached carries electric light wires. It is supported by a guy wire. Sargent grasped the wire and was instantly thrown to the ground. Medical aid was summoned, and it was found that the lad had sustained severe burns on the inside of his right hand and blisters on the upper part of the left foot. What may have prevented a more serious accident was the fact that he wore rubber-soled shoes.

FATALLY SHOT.

Pittsburg, Sept. 11.—Major William D. Wilkins, a well-known accountant of Pittsburg, was shot and almost instantly killed early yesterday while trying to wrest a revolver from his wife, Adeline. The tragedy occurred in the apartments of the couple, at 813 Federal street, Alleghany. Crazed from the effect of the excessive use of morphine, the woman tried to shoot herself, and in the struggle for the possession of the revolver it was discharged, the bullet entering Wilkins' brain. Major Winkins was a former officer of the National Guard of Pennsylvania, and was quite prominent in military circles.

KILLED HIS BETROTHED.

Chicago, Sept. 11.—As the result of a lovers' quarrel, Rollin O'Shea, a young lawyer, shot and killed his betrothed, Emily Hoganson; tried to kill the girl's mother, and then tried to commit suicide. It is thought he will die. The young couple quarreled, then O'Shea visited the Hoganson home with a view of a reconciliation. The altercaton was resumed, and reached such a height that Mrs. Hoganson interfered. O'Shea fired at both women, but the shot fired at Mrs. Hoganson went wild.

GREAT PILES OF GOLD

United States Store of Yellow Metal Now Amounts to $573,936,194.

Washington, D. C., Sept. 11.—The vaults of the United States treasury now contain $573,936,194 in gold, which is the largest sum ever deposited in one place at any time excepting the single occasion when Russia is said to have accumulated $598,000,000, eight years ago, when preparing to resume gold payments.

The United States deposits have increased $79,087,897 since July 1, 1901.

This stock of gold is now being added to at the rate of from $200,000 to $300,000 a day, with on immediate prospect of a cessation in the rate of deposits.

This condition of things is eminently satisfactory to the treasury officials, who regard it as the best possible evidence of prosperity and of confidence in the financial stability of the country.

Officers Elected.

Toronto, Sept. 11.—The Association of Canadian Embalmers elected officers as follows: President, Richard Tees, Montreal; vice-president, G. G. Smith, Barrie, Ont.; treasurer, John B. McIntyre, St. Catharines; secretary, W. H. Hoyle, M. P. P., Carrington, Ont.; examining board, Messrs. J. C. Stephenson, Clinton, Ont.; J. J. Marsh, Smith's Falls, Ont.

FOR THE STOMACH TROUBLE OF CHILDREN

Pe-ru-na Is Unfailing—Read the Following Interesting Letter.

WM. G. BURRESS, District Agent, Home Co-operative Union, 2414 E. Main street, Elwood, Ind., writes:

"After a lapse of one year I take great pleasure in adding my indorsement to the many thousands, for bringing relief and a complete cure to our little daughter Helen, who has been sick all her life with catarrh and stomach trouble.

"I was induced by one of our friends to try Peruna, and finally decided to do so, but not until I wrote you asking your opinion of the case. You said that by following directions I might be able to save our little girl, and to advise you as often as the case required.

"When she commenced on the second bottle the change was remarkable, and in three and one-half months you were willing to discharge the case as cured. I could not bring myself to giving a voluntary indorsement of Peruna until I was satisfied beyond a question of a doubt that little Helen was completely cured, and the disease eradicated from her system.

"We keep Peruna in our home, in fact could not do without it. I have also advised many others to give Peruna a trial, and in every case the result has been as satisfactory as mine. I will gladly reply to all letters from anyone desiring to write me regarding Peruna." Wm. G. Burress.

Peruna is a blessing to the little ones. In the first place, it is not a disagreeable medicine to take. In the second place, it produces no ill effects upon the stomach. It neither weakens, nor irritates, nor deranges the appetite. Peruna is not one of the drugs that must hurt in order to cure. Immediately upon taking Peruna, the patient begins to feel better. No symptom follows the use of Peruna except an improvement of the disease, and once introduced into the home, it nearly always stays.

The experience of Mr. Burress of Indiana, with the use of Peruna in the cure of his little child Helen, is an experience that has been repeated many thousand times throughout the length and breadth of the United States.

If your child is sick and you hardly know what the trouble is, you may be quite sure that catarrh in some form or phase is at the bottom of it. If this be true, Peruna will be sure to bring relief. It is well worth giving a trial.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

FACTS FOR BUSINESS MEN.

In nearly every city there is one bank which is advertised in the newspapers according to modern ideas—just as any other wideawake business concern is advertised. The head of such a bank at Pittsburg says: "There are some bright men building up financial institutions through the use of newspaper space just now, and the next few years will see great advances in this field." The first to do this work will win the cream of a great business.—Philadelphia Record.

More Harvesters Needed.

Winnipeg, Man., Sept. 11.—Applications for men to help in harvesting and threshing the crop in the west are daily increasing and becoming more urgent. It seems impossible to get men enough, and the small numbers coming in on excursions from the east are very disappointing.

The New Cable.

Ottawa, Sept. 11.—Sir William Mulock, just before leaving England, had an interview with the engineer of the company which is constructing the all-British cable which is to connect Canada and New Zealand. The Colona, which carries 3,500 miles of cable, the largest uninterrupted length of cable in the world, is expected to leave Vancouver Island about the 15th inst., and to have the 3,232 knots to Fanning Island laid in 18 days. This, too, will be a record breaker in cable work.

Farm Laborer's Excursion.

Ottawa, Sept. 11.—Another farm laborers' excursion left Ottawa at 3:30 o'clock Tuesday morning by C. P. R. This time the objective point of the excursionists is Verna and different points in the Temiscaming district. There were 700 people on the train when it pulled out of the Union station. The excursion is conducted by the Ottawa Colonization and Immigration Society, and started from Quebec City yesterday morning. When Ottawa was reached there were 200 from Quebec, Montreal and intermediate points on board, and 500 were added from Ottawa, Hull and other local points.

A True Nerve Tonic

will act, not so much directly upon the nerves as upon the digestive functions and the abundant formation of red, vitalizing blood. Nerves can't be fed on medicine. They can, however, be restored and strengthened by assimilated food. The marvelous action of Ferrozone arises from its action over the digestive and assimilative processes. When you take Ferrozone the blood is purified, strengthened and grows rich and red. Then you grow vigorous, healthy and beautiful, ready for work, because you have the strength to do it. No tonic for the brain, blood or nerves compares with Ferrozone. Price 50c, at druggists or Polson & Co., Kingston, Ont.

Hamilton's Pills are Effective.

There are now some six Europeans in the Buddhist priesthood in Burma.

SIGNALS OF DANGER.—Have you lost your appetite? Have you a coated tongue? Have you an unpleasant taste in the mouth? Does your head ache, and have you dizziness? If so, the stomach is out of order and you need medicine. But you do not like medicine. He that prefers sickness to medicine must suffer, but under the circumstances the wise man would procure a box of Parmelee's Vegetable Pills and speedily get himself in health, and strive to keep so.

IT LAYS A STILLING HAND ON PAIN.—For pains in the joints and limbs and for rheumatic pains, neuralgia and lumbago, Dr. Thomas' Eclectric Oil is without a peer. Well rubbed in, the skin absorbs it and it quickly and permanently relieves the affected part. Its value lies in its magic property of removing pain from the body, and for that good quality it is prized.

A Rich Find at Sea.

New Bedford, Mass., Sept. 10. — The schooner David A. Storry, which arrived yesterday from Brava with 58 immigrants, reported a valuable find by Capt. Oliviri, of the schooner Freeman, which arrived at Brava from this port four days before the Story sailed. When twelve days out Captain Olivira saw a lump floating on the ocean and hove to and sent a boat to pick it up. The substance proved to be ambergris and weighed 145 pounds. As clear ambergris is worth $16 an ounce Capt. Olivira's find is worth $37,120.

The Cause of Deafness.

Deafness and impaired hearing are due almost entirely to catarrhal inflammation of the eustachian tubes. Permanent cure is guaranteed to all who inhale Catarrhozone as directed. This vegetable antiseptic is inhaled at the mouth, and after traversing all the air passages of the respiratory organs is exhaled through the nostrils; it completely eradicates catarrh from any part of the system, clears the ears, nose and throat, and allays inflammation, congestion and soreness. For deafness, earache, ringing in the ears, head noises, catarrh, asthma and bronchitis, medical science can devise nothing as beneficial as Catarrhozone. Complete outfit for two months' use, price $1; trial size, 25c. Druggists or N. C. Polson & Co., Kingston, Ont.

Hamilton's Pills are Effective.

Prehistoric amber objects are now being manufactured in Austria from the mouthpieces of old cigarholders.

THE MOST POPULAR PILL.—The pill is the most popular of all forms of medicine, and of pills the most popular are Parmelee's Vegetable Pills, because they do what it is asserted they can do, and are not put forward on any fictitious claims to excellence. They are compact and portable, they are easily taken, they do not nauseate nor gripe, and they give relief in the most stubborn cases.
