

MANY CANDIDATES WERE HEARD AT MEETING OF ELECTORS IN EAST END

Ald. Stevely Refers to His Record in the Council—Ex-Ald. Judd Makes Wholesale Denials of Arguments Being Used Against Him—Various Matters Discussed.

The meeting in the east end hall last night was but poorly attended, and at no time was there over a hundred people in the building.

All the speakers were given a good hearing, and the applause was distributed fairly, though at all times perfunctorily.

The chief speakers were Ald. Stevely and ex-Ald. Judd, for the majority; Mr. J. R. Minihinick and Mr. W. E. Saunders, for the water commission; Chairman Darch, on behalf of the new main; and Mr. T. B. Escott, for the proposed license reduction.

The Arguments.

Mr. Judd attempted to refute the arguments against him because of his connection with corporations.

Mr. Minihinick rather spoke against the new main at present, advising further investigation before spending so large an amount of money as that asked for the will of the people.

Ald. Stevely's Address.

Ald. Stevely was given a good reception. In opening, he said he asked the people to vote for him after an apprenticeship of six years.

He referred to the important business to come up next year, and instanced the case of the G. T. R. He is in favor of overhead tracks through the city.

The Expenditures.

He thought, however, that all would agree that the breakwater expenditures had been left in the hands of the council.

Some Hot Shot.

Ald. Stevely, in reply, said Mr. Judd did try to stifle electrical competition in London, because he asked the Sifton Company to do in three days what the London Electric had had many years to do.
