WHAT THE BOY WROTE.

A young man once wrote to his father, saying, "I am well, only I don't feel like making any sort of physical exertion." Thousands of people feel exactly like that young man—and they are not lazy people, either. They are generally dyspeptic, with a first-class indigestion; they need a short course of Mother's Syrup, to put the stomach, liver and bowels into healthy activity, so that their food will be digested and strength gained. Mr. George Henry, of Shippagan, P.E.I., Gloucester Co., N.B., who suffered for years from dyspepsia, writes: "I became weak and almost unable to work. After trying many medicines without success I used several bottles of Mother's Syrup and it gave me relief at once. I recommend it as much superior to all other medicines for stomach troubles." Price 50 cts. per bottle. Sold everywhere. A. J. White & Co., Ltd., Montreal.

STEAMER STRIKES AN ICEBERG

The Bonavista. Bound to St. John. Has Her Bow Stove In.

PANIC ON BOARD.

ST. JOHN'S, Nfld. July 18.—When the steamer Bonavista, bound to St. John's from Montreal, struck an iceberg off Cape Race yesterday morning during a dense fog, the seventy passengers on board became panic-stricken and for a short time were excited over the supposed danger that they, themselves, the lifeboats, according to the story told here by Capt. Fraser, when the Bonavista arrived.

The Black Diamond line steamer had her bow badly damaged but was able to make port safely with assistance. Capt. Fraser said that after the first excitement his instructions for the crew led to the quickening of the passengers who were soon under control. They were mostly Welsh and English immigrants, lately landed at Montreal, who are to work in the mines in Newfoundland. The steamer also had on board a quantity of freight for this place.

Records are being made every day in the province of the icebergs. Although some few are small, they really are larger than cakes, have been seen in past years at this time, the great pillars of the present summer season are such as have usually been reported no later than the late spring.

The steamer Bonavista has a net tonnage of 317 and is owned by the Dominion Coal Company of Montreal, Que. She built at St. John's, Nfld.

A party of young people from town are camping at Oak Bay with Mrs. Jas. McDonald. The party includes Misses Cameron, Asker, McLaughlin and Moore, Flattie, Clark, Fraser, Stewart and Matheson.

Mrs. Dr. Lyster entertained at tea at her summer home below town on Wednesday for her sister, Miss Margaret Harper of Sackville. After a delightful tea served on the lawn, the guests proceeded to the big hall, the summer home of Mr. and Mrs. S. W. Dimock, where dancing was enjoyed. Those present were Misses Fawcett, Currie, Moore, Yair, McLaughlin, McLaughlin, Graham, Cameron, Malcolm, Raymond, Mrs. A. H. English and Messrs. English, Gardiner, Alex. Shivers, Arnold Shivers, Mowat and Graham.
