#### MAIL ORDERS

We solicit out of town orders, which receive  
our personal attention. The length of time taken  
to fill orders is governed very largely by how  
busy we are in the department of our factory in  
which the particular goods are made. While  
we have exceptional facilities for promptly  
turning out goods, it is important to place  
orders as far ahead as possible. Orders are filled  
up in the rotation in which they are received,  
and customers can always depend on our having  
everything in reason to give prompt dispatch.

## BATHURST COR- ONER'S INQUEST

Jury's Verdict Blames Defec-  
tive Bridge for E. J.  
Roy's Death

### THE VERDICT

An inquest on the body of E. J. Roy, who was drowned last week, was held on Thursday at Bathurst by Coroner Dr. Meahan.

From the evidence led it was shown that Roy had left the village where he kept a restaurant, to go to the hospital with oysters for a patient. At that time about 8 p.m. it was blowing a gale, accompanied by a heavy down pour of rain. He was returning to his home when he met his tragic end. Search had been made all night, but it was not until noon the following day that his bicycle was seen in the water at the span next the village, and near it the body. On being taken to the undertakers no marks of violence were noticed.

A jury having been empanelled, a great deal of evidence was given, showing that the protecting rail at that span had been off for more than a year and that the bridge, half a mile long, was insufficiently lighted, there being at the public water one light and a poor one at the end.

The evidence also showed that the roadway of the bridge was a mass of mud and that probably Roy was crossing on the sidewalk. As to how the accident occurred there was no evidence. The jury brought in the following verdict:

Accidental drowning, and found that the top rail, ten feet long, under the arch of the first span on the north end of the bridge leading from Bathurst town to village, was off and had been for over a year, as proved by the evidence; also that the bridge was inadequately lighted, there being only one light on it, which showed extreme slackness on the part of the officials who were supposed to look after the lighting and repairs of the bridge.

## EXAMINATIONS BEGIN AT FREDERICTON

Law Students From Different  
Parts of the Province  
Present

Fredericton, Oct. 15.—The annual law examinations commenced this morning in the Supreme Court Chambers and law library at the Parliament Buildings. The first intermediate and the admission as student examinations commenced this morning; also the oral examinations for those taking the final examinations will commence this afternoon. The board of examiners are Dr. T. C. Allen, and Mr. J. D. Phinney, K. C., of this city, and Mr. J. B. M. Baxter, K. C., St. John.

Those writing the examinations are: Final examinations for attorney: Ivan Rand, B. A., LL. B., (Harvard), Moncton; Frank M. O'Neill, LL. B., (Dalhousie), Fredericton, and J. J. Hayes, Doon, St. Mary's. Those taking the second intermediate examinations for attorney are: Charles J. Jones, Woodstock; M. A. Kelly, Campbellton, and A. M. Burningham, Bathurst. First intermediate for attorney: J. L. Ryan, Andover; H. H. Stuart, Newcastle, and R. L. Simms, Florenceville.

During his illness at the time of the regular examinations in August, Arthur L. Cyr, of St. Hilaire, is now writing the examinations for admission as a student at law.

## THE AXE FALLS AT EEL RIVER

Postmaster Levesque is De-  
posed for Election Par-  
tizanship

### DISSATISFACTION.

Coun. J. Levesque, who has held the position of postmaster at Eel River for a number of years, was removed from that office on the first of October. Mr. P. J. Golden has been appointed to the position and the people have not taken kindly to the change. As this is almost entirely a French district, a great deal of inconvenience is caused by the inability of the new official to speak or write French and much dissatisfaction has been expressed. It is understood that two investigations were held on Mr. Levesque's conduct during the last election, but so far we can learn nothing of the findings of the commission.

As this is an important place in the county, it would have been well to have appointed someone who was able to serve the public and in a place of this kind the knowledge of French is of vital importance.

## NEW SETTLERS FOR NEW BRUNSWICK

Farm Settlement Board Places  
Many.

Over a dozen new settlers arrived on Friday from the Old Country, having been sent out by Mr. Browder the provincial representative in Great Britain. They were taken in charge by the provincial superintendent of immigration. One member of the party who has a family of five went to Kings county to work on a farm of James Gilchrist. Another will be sent to Westmorland county.

A meeting of the farm settlement board was held on Friday and considerable business disposed of. The board has recently sold three farms under the provisions of the farm settlement act. One of the purchasers was Thomas Mantell an Englishman, in the province a short time. He took up a farm at Benton, Carleton county. Another man named Perkins, who has been living in Lawrence, Mass., for some time, has decided that he can do better farming in New Brunswick, and has taken up a farm in Charlotte county. The third man to avail himself of the opportunity of acquiring a farm was James K. Paisley, who has taken a farm near Bathurst, Gloucester county.

The board has made arrangements to purchase five farms at West Scotch Settlement, in Kings county, and will have them improved. Arrangements have been made to purchase farms in other parts of the Province. Applications from parties who wish to take advantage of the farm settlement plan are coming steadily.

### TO CORRESPONDENTS

Numerous correspondents have sent in notes this week from various places without signature. The editor is unable to publish items which are not signed by the correspondent (not necessarily for publication) but as an evidence of good faith. We are always glad to receive social and news-items from all the towns along the bay, but the better way is to drop the editor a line signifying your intention of doing so, and stamped addressed envelopes will be forwarded for the correspondents use.

## DOINGS OF THE RIFLE ASSOCIATION

Good Scoring in the Late  
Competition for Dominion  
Trophy

### LAST MATCH

The fighting spirit dies hard in bosoms of the members of the Restigouche Rifle Association.

A competition was recently held for the Dominion Trophy, an engraved salver which is presented by the Dominion Government to all rifle clubs throughout Canada.

The local shootists took a keen interest in the match and the excitement was well maintained right up till the end.

During the last day of the shoot a tricky fish tail wind was blowing down the range and the result was in dispute until the last few shots were fired.

The final issue lay between P. W. Hamilton of Charlott and A. H. English of Campbellton. Hamilton finished first and when English went to the mound at 600 yards there was every possibility of his drawing ahead but owing to the wind he did not immediately get into his stride. When he did at last locate the bull he stayed right with it until darkness set in and with his last four shots he could count nothing better than inners and finished a close second 4 points behind Hamilton.

The competition was run on each member making four shots and a few of the leading scores are appended.

| Name           | Average |
|----------------|---------|
| P. W. Hamilton | 96      |
| A. H. English  | 95      |
| John White     | 95      |
| Thos. Carter   | 90      |
| P. H. Blyth    | 87      |
| J. R. McKenzie | 86      |
| J. L. Imray    | 85      |

Several other members shot well in the opening stages but did not finish too good. The trophy will be on exhibition with the other prizes for the Merchants match on Thanksgiving Day.

A feature of the competition was the scoring of 101 out of a possible 105 by Hamilton on the first days shooting.

The season will be wound up with the annual "Merchants Shoot" on Thanksgiving day. The liberality of the local merchants as on previous similar occasions will be an important factor in making this event a success, and as competitions of all kinds will be on the card a large turnout is confidently expected. All the competitions are on N. The club rifles will be used and ammunition will be furnished on payment of 5 cents per round. The ranges will be 200 yards commencing at 4 a. m., and 500 yards commencing at 1.30 p. m. The prizes will be on exhibition at R. A. Mowats.

## LARGE INCREASE OF SPIRITUOUS LIQUORS

New Brunswick for a Dry  
Province Certainly Helps  
Along the Revenue

The blue book just issued containing the reports, returns, and statistics of the Inland Revenues gives some interesting reading. These official reports are for the year ending 31st March 1912, and in the amount of spirits entered for consumption Ontario heads the list of provinces with the enormous total of 1,822,449.78 gallons a large increase from the year 1911 the figures for that period being 1,716,378.48.

For a province which is taking a strong stand on the prohibition question New Brunswick does not show up too well having the dubious record of spirits entered for consumption to the amount of 96,310.34 gallons an increase over the previous year of thirteen thousand gallons the figures for the year ending 31st March 1911 being 82,458.11 gallons.

| Miss Alice Robertson, New Richmond.     | 2000  |
| Miss Lydia Grenier, New Carlisle, P. Q. | 6000  |

Considerable interest has already been manifest in this contest as we have had letters from many sections, and people have called at the Graphic Office seeking information in reference to this contest. Every present subscriber has the privilege of voting in this contest by paying up arrears and a year in advance. The schedule of votes is printed on another page.

New subscribers paying \$1.00 have the privilege of voting 500 votes for any candidate, and we hope all will embrace this opportunity and encourage the young ladies.

The Canada Piano, Louis XV style is being much admired at Mr. A. C. Belle-Isles showroom. It is a splendid instrument and fit to grace any home.

Contestants who do not win the piano will be paid ten per cent of all money they pay in.

Sample copies of the Graphic will be sent to any address upon request.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### SLIGHT FIRE

Last Saturday morning the Brigade were called out to a fire at the Adams house on Christopher flats. The blaze which was caused by an overheated stove was easily extinguished the firemen not requiring to turn on the hose.

## LIMITED TO RUN UNTIL NEW YEAR

Officials Notified That No-  
Change Will be Made  
Until Then

Confirming the article published in the GRAPHIC exclusively some weeks ago that the Ocean Limited would be continued until New Year as an experiment, the St. John Globe publishes the following:

"Word has reached the I. C. R. officials that there will be no change in the time table on that road until after the end of the year. The news will be received with immense satisfaction by the travelling public. The Ocean Limited will run as during the past, daily, and the Maritime Express daily, except Sunday."
