BLACK & HAZEN,

until the 15th day of June next. After that date he will be sent to either of the following places, viz:— Chatham, Woodstock, Camp-

beliton or Moncton,

rovided satisfactory inducements are offered orrespondence on the subject may be addresse o the Secretary for Agriculture, Fredericton. TERMS: \$15.00 for the Season. To be paid at the time of service. Apply at Fredericton to D. J. STOCKFORD,

Groom in charge Fredericton, 6th April, 1888 AURORA, No. 1884, Chesput Stallion, foaled 1876, Imported to New Brunswick. 1887, sired by Daniel Lambert (1972) and out of Fanny Jackson. Daniel Lambert was sired by Ethan Allen (43) and out of Fanny Cook. Ethan Allen (43) and out of Fanny Cook as sired by Stonewall Jackson and out of Betty Condon. Ethan Allen was by Hill's Black Hawk (5) dam not traced. Fanny Cook was by Abdellah 11]. Stonewall Jackson was sired by Williamson's Black Hawk, he by Hill's Black Hawk (5). Stonewall Jackson's dam was a daughter of Bridge's Emperer, he by Burr's Napoleon out of Fanny Pullen. Betty Condon was sired by North American and out of a daughter of Sherman's Black Hawk.

Daniel Lambert [103] the sire of Aurora [1884] was the sire of 25 in the 2.30 list and was the sire of sires and dams with get in the 2.30 list. Fanny Jackson, the dam of Aurora [1884] was also the dam of Airstos [771] record 2.272, was full brother to Aurora and was the sire of H. B. Winship, with a record of 2.202.

Hy a careful study of the above pedigree, it will be observed that the Government Stallion Aurora, is well bred on both sides, and that both his sire and his dam were great producers of speed. It will also be observed that Aurora is inbred to Hill's Black Hawk [5]. Aurora is a very handsome horse, or a light chestnut color, with a beautiful head and neck, fine body, and makes a very fine appearance in harness.

Valuable Farm for Sale.

The Subscriber offers for sale, his Farm situated on the south east side of Keswick Ridge, three miles from Keswick Station on the N. B. Railway, and twelve miles from Fredericton, containing three hundred and fitty acres, divided in two separate lots (by a lot sixty rods in width.) The buildings consists of two large Dwelling House, finished throughout, four large Barns, two Hog Houses, Carriage House, Woodshed, Hen House, and other outbuildings, all in good repair. There are one hundred and seventy-five acres of cleared land, well fenced with cedar, and water through the summer in every field from six to ten acres. There is not five acres of broken land from front to rear. Soil second to none in the Province, Also, a young orchard of gratted fruit trees, and an old one of natural growth. Wintered thirty head of cattle, five horses, besides sheep. I will sell the whole property together or in separate lots.

there was a galvanic battery, and the pro-prietor asked them to try it. Each grasped a pole of the battery, and wondered why no abook was felt. The proprietor suggested that they kiss each other. They did so, and then there was a shock indeed. One of the young women shrisked and fell over back-ward. The other made no squad but fainted. Cold water brought them both around, none the worse for the kies.

# FOR SALE.

THAT VALUABLE FARM situate in the Parish of Queensbury, York County, about twenty-two miles above Frederleton, fronting on the River Saint John, containing about \$40 acres, of which 75 acres are cleared, under good cultivation, and well watered. The House, Barns and Out-Buildings are in good condition. Intending purchasers will do well to examine the property.

In use 30 years. The only successful remody for Nervous Debility, Vital Weakness, and Prostration, from over-work or other causes, and Prostration, from over-work or other causes, and prostation, from over-work or other causes, and prostration of the prostrati

ROSSMORE, L. O. L. No. 21,

#### Why Men Drink.

That wonderful humorist, Tom Hood, once remarked "There are five reasons why men drink! Good wine; a friend; because they drink! Good wine; a friend; because they are dry; or at least they may be bye and bye; or any other reason why." The last is perhaps the most common reason. James Parton once headed an article "Will the coming man drink?" but as he failed to answer the query we will express a decided opinion:

Association in 1888. Entrance \$15.00 and well protected by the woods. It to be paid as follows: man drink?" but as he raises to shower the query we will express a decided opinion: that, until the coming man learns to prize home, social family ties above all others, will \$5.00 to be paid with nomination, Here are the varieties:

\$5.00 to be paid with nomination, Applies 40 varieties:

drink. Increase the sum of human happiness by whatever means possible, lesson the burdens and ameliorate the woes of mankind, remove hunger, disease and pain by a better physical and moral education, and you will have plucked out the fange of that dire monster"—intemperance.

Among the most morbid conditions resulting from the use of also half ligures as wall open to Colts or Fillies bred in the

ing from the use of alcoholic liquors, as well as from improper food and customs of esting, are inflammation of the stomach, bowels, liver, kidney and brain. It matters not in what part of the body in-

flammation exists, or how severe it may be, whether it takes the form of gastric inflammy head as clear as a bell.

According to an American estimate a bushel of corn makes four gallons of whiskey. It sells for \$16 at retail. The Government

A good Baptist deacon told us not long since that "he had known Johuson's Liniment for sixty years, and had used it in his family for over forty years." I.S. Johnson tes or the record made in No. 1, if & Co., Boston, Mass., will send any person an instructive pamphlet free, telling all about this valuable household remedy, and how to use it economically. One teaspoonful prouse it economically. One teaspoonful pro-perly used is worth a whole bottle used as some people use it.

#### Paper Bottles.

One of the most interesting of the many uses to which paper has been put is the manufacture of paper bottles.

shape, having a large and permanent area of gland in the body, and its office is to carry of the waste of the assembly. When it fails to do its proper work, the refuse of the body is re-absorbed and goes circulating round and round in the blood, poisoning, not nourishing, the tissues. But why yeu continue to suffer in this way I am at a lose to nuderstand, since Pr. Pierce's Golden Medical Discovery would give prompt relief, and future immunity from such attacks."
