RESIDENTS IN TERROR.

The Latin-Americans Continu Around for Blood. VALPARAISO, Dec. 14.—A correspondent at Santa Anna telegraphs that the residents there are in terror, expecting an invasion of the province by federals. Barricades have been erected to assist in the defence. The garrison stationed there hope that aid will be sent by Col. Portugal of the republi-

can forces.

Several high military chiefs among the republicans, who had been imprisoned in San Borba preparatory to their removal to Porto Alegre, were killed by the guards escorting them to the capital of the provinces. It is also reported many barbarities were practised on the women and children in San Borba by the soldiers.

Frequent skirmishes between federal and republican forces have occurred in Rio Grande do Sul. It is believed a serious battle is imminent. Both sides are accused of cruelties. The federals are indignant at the Government of Uruguay for permitting alleged violations of neutrality in allowing purchases of arms and ammunition in their territory.

purchases of arms and administration in territory.

Secret meetings have been held in Montevideo with a view of initiating a revolution against Herrera. It is proposed to force him to resign his position. The financial outlook, as made public, is brighter.

A correspondent in Buenos Ayres writes that a private navigation company has ordered five steamers of 10,000 tons measurement each. They will receive subsidies from the government, and be made so as to be used as armed cruisers in time of trouble.

Troops have been despatched to the fron-tier to enforce the neutrality of the terri-tory, and prevent refugees from Rio Grande

THE CORNWALL MURDERER. Prayers Offered Up for Him in the Corn

Cornwall., Dec. 14.—Prayers were offered up in all the Roman Catholic and Protestant churches here yesterday for Slavin, the unfortunate who is to be executed between 7 and 8 o'clock Friday morning. During the 40 hours' devotion, which began here Sunday, all the Roman Catholics who received were requested to also receive for the doomed man.

The Rev. Mr. Hastie, pastor of Knox church, who had an interview with Slavin, some days ago, during his sermon on Sunday, referred in feeling terms to him. Slavin had informed him that had he remained in Cornwall and abondoned the use of liquor, he might now, instead of wearing the convict's clothes, have occupied a prominent position among the people of his native town. He would not relate the conversation that took place between the condemned man and himself further than one point, which professing Christians should take to mind. Slavin said he first lost faith in professing Christians from observation of their outward life, and having thus lost faith in them he lost faith in the Bible, and, as a natural result, lost faith in a personal God. He urged upon all Christians to live a life pleasing to God and by their conduct bear out the divine teachings.

Radelive, the hangman, arrived here this morning and is creating more excitement than did Barnum's show, which visited Cornwall some ten years ago.

FROM MIMIC TO REAL TRAGEDY.

New York, Dec. 14.—There was excitement on the stage of Col. Sinn's Park
Theatre in Brooklyn yesterday afternoon
Inving the dress rehearsal of the "Blue Jeans" company. This organization opened a week's engagement at that playhouse last

aright.

Trouble began during the buzz-saw act.
Everything went along all right until Edward Wagner, who lives in Fifteenthstreet, near Fifth-avenue, New York, and is the engineer of the company, began to oil the machinery which runs the big saw.

The saw was revolving at the usual speed when Mr. Wagner thought he detected a grating sound at one end of the shaft, and went to give the point of friction a few drops of oil.

While doing this Wagner's clothing was caught somehow in the belting and the next moment his body was moving towards the

He gave a shriek for help, but before any ne could reach him or appreciate his posi-tion he had passed the saw, and then the blood was ozzing in a steady stream from a nasty zigzag gash on the left side, the saw having cut his clothing into threads.

Mr. Wagner shrieked with pain and became unconscious. The stage floor was dyed with his blood.

THE COURT OF REVISION.

the Members Hear a Number of Prote Against Assessment ssrs. Henry O'Brien and S. Trees appear efore the Court of Revision yesterday after-coon to protest against the construction of a granolithic sidewalk on the east side of Sherurne-street, between Gerrard and Wellesley-reets. They held that the petition for the work d been got up by contractors. It was decided to give those who had petitioned r the work two weeks in which to withdraw

heir names.

Mr. F. Johnston protested against the opening up of Goulding and Monck-streets into Markhamstreet. At present there are strips of 16 and 12 feet respectively dividing the two streets from Markham-street. The street has been practically opened up for some time, but the owners of these strips threaten to close them up unless those interested in the street purchase the property.

perty.

Confirming of the assessment was deferred for two weeks in order to give those opposed to the work an opportunity of petitioning against it.

A man named Park sought relief from assessment for the Shaw-street bridge. The matter was referred to the Executive Committee without recommendation.

THE THANKSGIVING RIOT.

The Royal Grenadiers Acquitted of Participation Therein. Sergt. Quinney and Private Dangerfield of the Royal Grenadiers were acquitted yesterday after-noon at the sessions on the charge of malicious destruction of property at the Humber Thanks-

sking Day.

The grand jury found "no bill" in the case of Edward Miloch, charged with assaulting John Maxwell, and reported a true bill against Thomas Lennon, on a charge of false pretences.

subscribers in Toronto and other towns and cities throughout Cutario. An operator will be placed in charge, and we are sure that this convenience will be fully appreciated by the public, as it fills a long-felt want.

The work of building metallic circuits to subscribers in the northwest part of 'the city is rapidly approaching completion, and within a short time all telephones in that section will be working with two wires instead of one as at present. This change has involved the stringing of eyer 800 miles of outside wire, partly underground and partly overhead. In addition to this, new inside work had to be done in all the subscribers' houses and offices in this district.

The work of doubling the wires is also in progress throughout the entire city.

TIPS FROM WALL-STREET.

John J. Dixon & Co. received the following despatch over their private wire from Henry Allen & Co. to-day:

New York, Dec. 14.—The stock market to-day failed to develop any weakness depite the disposition of many traders to realize profits accumulated in the strength of

tended to influence the course of the market, which though somewhat erratic in some spots generally tended towards higher prices. It is now definitely stated that there will be no more gold exports this week, and the news from Washington regarding currency legislation is of an encouraging character. Rock Island was one of the features of the market. The street has it that the stock is to be restored to a 5 per cent. dividend basis, and liberal purchases of it by people close to the management lend color to this statement. The Industrials also are still meeting with favor, lead being advanced by a steady demand for its stock. The good news on distillers, however, seems to have been all discounted before the announcement of the increased dividend and realizing sales have resulted in a decline to 71. Chicago is buying the Granger stocks. The inherent strength of the market seems to be of a character to assure further advances. But should the present trend of the market last a day or two longer a reaction would seem not only healthy but natural.
