**Some Wise, Some Otherwise**  
**Some Newsy, All Readable.**

Dr. Arch. Naylor's little son, while eating pecan nut candy at their home in Detroit last week, swallowed some shells left in the caramel, and they stuck in the child's bronchial tube. His condition developed serious complications and an operation was necessary.

The Ontario Government will get slightly over \$200,000 from the estate of the late Sir John Hendrie, former lieutenant-governor and president of the Bank of Hamilton, in succession duties. It cost \$2,043 for law stamps for the will.

The value of advertising was amply demonstrated in New York last week when the papers were compelled to suspend publication through the pressmen's strike. The big stores it is said were almost deserted as a result of their advertising space not being available.

Arnprior Chronicle:—"Col. Race, a director of the Muskoka Hospital for Consumptives, who is well known here because of his many visits in connection with this institution, is in Arnprior this week. Among the more generous contributions he received was a pair of silver black foxes, valued at \$1,200.00 from Dr. A. Jamieson, who is familiar with the excellent work being done at the Muskoka institution."

Hon. E. C. Drury, it is now stated, will not return to Ontario politics through the medium of the by-election to be held in North Lennox on October 22, by declining the invitation of the Progressives to contest that constituency. With this decision the possibility of the ex-Premier leading the U.F.O. group at the next session of the Legislature vanishes. Personal reasons, it is understood, dictate the course of the ex-Premier who in all probability will later re-enter the Ontario House in order to defend his administration from the criticism which is almost certain to be showered upon it from the Government benches.

Internal parasites in the shape of worms in the stomach and bowels of children sap their vitality and retard physical development. They keep the child in a constant state of unrest and if not attended to, endanger life. The child can be spared much suffering and the mother much anxiety by using a reliable worm remedy, such as Miller's Worm Powders, which are sure death to worms.
