## WORK AND WAGES.

### LABOR NOTES AND NEWS FROM ALL QUARTERS.

#### Interesting Items, Facts and Figures - A Bird's Eye View of the World of Industry

(CANADA)

**FRANCE** - Michigan Central conductors, some of whom reside in St. Thomas, have with the most few weeks received their discharge as the result of the operations of a spitter.

The Indian schooner *Niema*, arrived at Vancouver, B.C., from Behring Sea, sailing grounds. She reports sea very identical, but owing to boisterous weather many are being blown. All Indian seal hunters are on a strike as seal schooners are lying idle awaiting a better time.

A very interesting paper on the principles of Nationalism was read by Frederick H. Jones at the Nationalist assembly meeting in Labor Hall, London. From the statistics given there appears to be a vast amount of wasted energy in carrying out the present system of industry.

The by law to bonus Patterson & Co. has just passed in the Ontario Legislature. It provides for a bonus of 10 per cent on the value of the goods produced in the factory in which the bonus is paid.
