Testimonial from Rosa Needham, who has been for  
 years in the service of the Rev. Dr. Williams, of  
 St. Paul Street Methodist Church, St. Catharines,  
 St. CATHARINES, July 3, 1883.

MR. SUTHERLAND  
 Dear Sir.—I have been afflicted some years with  
 Rheumatism, became stiff and almost helpless. I also  
 suffered very great pain. I was in this state when I  
 first saw your advertisement of Rheumatine in the  
 papers. I thought it could do me no harm to try it,  
 which I did with the best results. Now I can move  
 about as well as ever. I had to take quite a number  
 of bottles. Still that is nothing to bring cured which  
 I am happy to say I am.  
 I did not feel any relief until I had taken four  
 five bottles, then I began to feel better. I truly hope  
 anyone else who is suffering from Rheumatism will  
 give your Rheumatine a fair trial, for I was very bad  
 and it cured me. Do as you see fit with this letter  
 and believe me to remain,  
 Most gratefully yours,  
 (Signed) ROSA NEEDHAM.  
 P.S.—I am living at the Rev. Dr. Williams, St.  
 Catharines. Any reference to him will prove that the  
 above is true. (Signed) ROSA NEEDHAM.

**Scientific and Useful.**

**SPICED PLUMS.**—To eight pounds of plums  
 allow four of sugar, one teaspoonful each of  
 cinnamon and cloves, one small cup of vine-  
 gar. Cook until they are thick as jelly.

**TO CLEAN BLACK CASIMERE.**—Wash in  
 hot suds, with a little borax in the water;  
 rinse in bluing water, very blue, and iron  
 while damp. It will look almost equal to  
 new.

**THE LAUNDRY.**—A tablespoonful of black  
 pepper put into the first water in which gray  
 and buff linens are washed, will keep them  
 from spotting. There is no objection to it,  
 and it softens the water like soda.

**BLUE OINTMENT** and kerosene, mixed in  
 equal proportions and applied to bedsteads is  
 an unfailing bug remedy, and a coat of white-  
 wash is equally good for a log house.

**SODA AND WINDOWS.**—If you put soda  
 in the water with which you are to wash win-  
 dows, you will find that finger marks, putty  
 stains, etc., will be much more easily re-  
 moved than if clear water alone is used.

**PIFFEN CARE.**—Flour, one pound; sugar,  
 half a pound; two eggs, a little salt, and one  
 yeast powder. Grate six large apples, and  
 rub them well into the other ingredients;  
 add milk sufficient to make a dough. Cut  
 into thin cakes, and bake quickly.

**A BOILING SOLUTION** of sulphate of copper  
 applied to a floor on laying a carpet will  
 away moths. For outside covering of wood  
 work, especially of wool, a solution of  
 five sublimed dissolved in colourless alcohol  
 can be used without fear of discolouration,  
 and is a certain exterminator of these pests.

**CHEESE CLOTH FOR COMFORTS.**—Cheese  
 cloth, or, as it is sometimes called, cotton  
 burling, in scarlet, blue, or cream colour, is  
 good material for lounge quilts and comforts  
 for the guest chamber. The cloth is light,  
 but very firm, and wears well; it is also  
 much used for lining lace spreads, lambre-  
 quins, etc.

**A PRETTY cushion** can be made by em-  
 brodering a spray of old-fashioned pinks on  
 a ground of blue. Around the edge of the  
 cushion put a full puff of pale satin. Where  
 the puff is joined to the blue satin sew a  
 good-sized pink cord. The cushion, when  
 completed, should be about half a yard long,  
 but not quite so wide.

**SOPH PILLOWS.**—Silk neckerchiefs make  
 very pretty coverings for sofa pillows, cotton  
 flannel being used for the reverse side.  
 Those which have a design in one corner are  
 sometimes chosen, and when this is done the  
 ornament is turned back towards the centre,  
 and its place is filled by a triangle of black  
 velvet, but the kerchiefs which have borders  
 are the easiest to use.

**FRESH PORK PIE.**—Boil lean, fresh pork,  
 and make the paste as for beefsteak pie; add  
 to the pie, after putting in the meat, two po-  
 tatoes cut fine, which have been boiled be-  
 fore, season with pepper, salt, and a dust of  
 summer savoury. If there is not fat enough  
 in the pork, add butter, thicken the gravy  
 with a little flour. Plenty of gravy is re-  
 quired. It is good cold or hot.

**CORN BREAD WITHOUT YEAST.**—Corn  
 bread without yeast or soda is sometimes  
 desired as an article of food. Sift three  
 quarts of meal, add a tablespoonful of salt,  
 and mix with just enough water to make a  
 thin batter; cover this with a cloth and let it  
 stand until it begins to rise, and little bubbles  
 make their appearance on the top; then pour  
 it into a well buttered tin, and bake slowly in  
 a moderate oven.

**TO CLEAN BRASSWORK.**—Make a paste of  
 two ounces of rotten stone, half an ounce  
 of oxalic acid, three-quarters of an ounce of  
 sweet oil, and a little turpentine. Apply  
 with a soft piece of old cloth, moistened with  
 water. Brass ornaments will look as bright  
 as when new, after they have been washed  
 with rock alum boiled to a strong lye, in the  
 proportion of an ounce to a pint, and rubbed  
 when dry with fine tripoli.

**LEMON PUDDING.**—A very good lemon  
 pudding may be made from one small cup of  
 butter, two full cups of sugar; mix very  
 smooth, adding then the grated rind of two  
 lemons, the yolks of six eggs, six small Bos-  
 ton crackers dissolved in one pint of sweet  
 milk. Bake, and use the whites of the eggs  
 to make a meringue for the top of the pud-  
 ding. When the whites are beaten stiff, add  
 six tablespoonfuls of powdered sugar; mix  
 well; spread on the top of the pudding, and  
 brown nicely.

**A GOOD INTRODUCTION**—J. Kennedy, a  
 merchant in Dixie, about three years ago in-  
 troduced Haggard's Pectoral to his  
 customers by trying it in his own case for  
 Coughs and Colds. Being pleased with re-  
 sults, large sales followed, and it is now the  
 favourite remedy in that neighbourhood.

**Blessed Benefactors.**

When a board of eminent physicians and  
 chemists announced the discovery that by  
 combining some well-known valuable reme-  
 dies, the most wonderful medicine was pro-  
 duced, which would cure such a wide range  
 of diseases that most all other remedies could  
 be dispensed with, many were sceptical; but  
 proof of its merits by actual trial has dis-  
 pelled all doubt, and to-day the discoverers  
 of that great medicine, Hop Bitters, are  
 honoured and blessed by all as benefactors.  
 These Bitters are compounded from Hops,  
 Buchu, Malt, Mandrake and Dandelion, and  
 other oldest, best and most valuable medi-  
 cines in the world, and contain all the best  
 and most curative properties of all other  
 medicines, being the greatest Blood Purifier,  
 Kidney and Liver Regulator, and Life and  
 Health Restoring Agent on earth. No dis-  
 ease or ill health can possibly long exist  
 where these Bitters are used, so varied and  
 perfect are their operations.

They give new life and vigour to the aged  
 and infirm. To all whose employments cause  
 irregularities of the bowels or urinary organs,  
 or who require an Appetizer, Tonic and Stimulant,  
 these Bitters are invaluable. They are  
 highly curative, tonic and stimulant, with-  
 out intoxicating.

No matter what your feelings or symptoms  
 are, what the disease or ailment is, use Hop  
 Bitters. Don't wait until you are sick, but  
 if you only feel bad or miserable, use the  
 Bitters at once. It may save your life.  
 Hundreds have been saved by so doing.  
 \$5000 will be paid for a case they will  
 not cure or help.

Do not suffer yourself or let your friends  
 suffer, but use and urge them to use Hop  
 Bitters.

Remember, Hop Bitters is the purest and  
 best medicine ever made; the "Invalid's  
 Friend and Hope." No person or family  
 should be without them.

"I was troubled for many years with sen-  
 suous Kidney and Liver Complaint, Gravel,  
 etc.; my blood became thin; I was dull and  
 inactive; could hardly crawl about, and was  
 an old worn out man all over, and could get  
 nothing to help me, until I got Hop Bitters,  
 and now I am a boy again. My blood is  
 pure, kidneys are all right, and I am as active  
 as a man of thirty, although I am seventy-  
 two."—FATHER.

"For ten years my wife was confined to  
 her bed with such a complication of ailments  
 that no doctor could tell what was the matter  
 or cure her, and I used up a small fortune in  
 humbug stuff. Six months ago I saw a U.S.  
 flag with Hop Bitters on it, and I thought I  
 would be a fool once more, and I tried it,  
 but my folly proved to be wisdom, and two  
 bottles cured her; she is now as well and  
 strong as any man's wife, and it cost me only  
 two dollars."—H. W.—, Detroit, Mich.

 but 10 cts.

 all these."—FATHER.

 bad drainage. Open the culverts and drain-  
 ways and purify the locality. The same  
 things in the human system may be applied  
 in a similar manner by Burdock Blood Purifier,  
 which opens all the outlets of disease  
 through the Bowels, Liver, and Kidneys.
