

Besides his interest in Natural History he was a keen student of economics, and published many articles on economic subjects, among which may be mentioned a series of short "Lessons in Economics," which for a time were a daily feature in the *Globe*; and a very excellent "Primer in Political Economy," which he published in 1901.

Mr. Wood had a very quiet and unassuming manner, and a most kindly and attractive personality, which won him a great many friends and admirers. He is survived by his father (Mr. Samuel Wood), his second wife and two sons, to whom we extend our deepest sympathy.
