

1866 to 1896.

A Record Unsurpassed in Medical Annals.

“H. V. C.”

HAYDEN'S VIBURNUM COMPOUND,

A Special medicine which has increased in demand for THIRTY YEARS, and has given more universal satisfaction in that time, to physician and patient than any other remedy in the United States, especially in

THE AILMENTS OF WOMEN, in and OBSTETRIC PRACTICE.

For proof of the above statements we refer to any of the most eminent physicians in this country, who will endorse our record.

NON TOXIC, perfectly safe, prompt and reliable. Send for our new HAND BOOK, free, to physicians.

All druggists, everywhere. Caution, avoid the Substitutor.

NEW YORK PHARMACEUTICAL COMPANY,
BEDFORD SPRINGS, MASS.

New York Post-Graduate Medical School and Hospital.

THIRTEENTH YEAR—SESSIONS OF 1894-95.

The POST GRADUATE MEDICAL SCHOOL AND HOSPITAL is continuing its existence under more favorable conditions than ever before. Its classes have been larger than in any institution of its kind, and the Faculty has been enlarged in various directions. Instructors have been added in different departments, so that the size of the classes does not interfere with the personal examination of cases. The institution is in fact, a system of organized private instruction, a system which is now thoroughly appreciated by the profession of this country, as is shown by the fact that all the States, Territories, the neighbouring Dominion and the West India Islands are represented in the list of matriculates.

In calling the attention of the profession to the institution, the Faculty beg to say that there are more major operations performed in the Hospital connected with the school, than in any other institution of the kind in this country. Not a day passes but that an important operation in surgery and gynecology and ophthalmology is witnessed by the members of the class. In addition to the clinics at the school published on the schedule, matriculates in surgery and gynecology, can witness two or three operations every day in these branches in our own Hospital. An out-door midwifery department has been established, which will afford ample opportunity to those desiring special instruction in bedside obstetrics.

Every important Hospital and Dispensary in the city is open to the matriculates, through the Instructors and Professors of our schools who are attached to these Institutions.

FACULTY.

Diseases of the Eye and Ear.—D. B. St. John Roosa, M. D., LL.D.; Professor Emeritus, W. Oliver Moore, M. D., Peter A. Callan, M. D., J. B. Emerson, M. D., Francis Valk, M. D., Frank N. Lewis, M. D.

Diseases of the Nose and Throat.—Clarence C. Rice, M. D., O. B. Douglas, M. D., Charles H. Knight, M. D.

Diseases of the Mind and Nervous System.—Professor Charles L. Dana, M. D., Græme M. Hammond, M. D.
