No. 6.

VARSIETY HAD EASY VICTORY

First Game at Queens Won
by Toronto

SCORE WAS 18-6

Second Quarter Belonged to
Queens—Varsity Leads
Rest of Game

With a stiff northeast wind sweeping down the field, Varsity met Queen's at Kingston, Saturday, in the first Inter-collegiate football contest of this season. Queen's at home have always been a very difficult problem but the ease with which "Jack" Maynard's stalwarts solved it was a treat though not altogether a surprise.

Rumour hath it that Queen's had not even signals till the day before the game, but that this was a gross exaggeration was soon evident. The first few minutes of play was all Queen's and the fine work of Pound and Leckie was very creditable. But with the breezes boosting "Tommy" Dale's splendid high punts just a little bit farther than usual, Varsity soon forced the play and a rouge and a try which was converted followed in quick succession. Score at the end of the first quarter 7-0.

The second quarter was very much Queen's as far as scoring was concerned, as Leckie booted for long gains on every scrimmage. The superb line plunging and short end runs of the Varsity wings and backs saved the day. Time after time "Pets" German bucked through for five yards—then Tommy Dale added two more and "Bob" Grass tried for the remaining three and usually got them. The Varsity machine, of which so much comment was made last fall, worked beautifully and in spite of the strong, wind against them, held Queen's to 5 points all on rouges. Dale, Ramsay and Maynard handled Leckie's difficult punts in fine style. "Peter" Campbell ran the ball to half-way towards the latter part of the second quarter and then the blue and white dazzled the Presbyterians by their speedy formations and team work, forcing the play to Queen's ten yard line. The half-time whistle blew with the ball in Varsity's possession five yards out. Score: Varsity 7; Queen's 5.

The wind was in Varsity's favour during the third session and Dale's splendid punting drove the play constantly into Queen's danger zone. It was only the excellent work of Pound and Leckie which saved Queen's from being more badly defeated. Allan Ramsay and Jack Maynard were very effective in their end runs and kicking during this quarter. Bobby Sinclair and Boddy were down on the ball at all stages and between them made fumbles very costly for the Kingstonian back division. The score at three-quarter time was 18-5.

The high wind which had prevailed during the previous three quarters suddenly fell, when it favoured Queen's in the last period. Varsity's splendid condition began to tell also and the play was almost entirely in the centre of the field. Queen's racking, splendid throughout, was particularly good in this last quarter and, although Varsity's backs combined beautifully on several occasions for substantial gains, the last man was never able to get away with a clear field. Referee Patterson called the blue and white back for alleged forward passing when sure tries would have resulted from the play. Queen's were only able to secure one rouge before time was called. Final score was Varsity 18; Queen's 6.

Referee—Patterson, Ottawa.

Umpire—George Richardson.

The line-up:

Varsity—Full back, Macdonald; R. half, Dale; C. half, Ramsay; L. half, Maynard; quarter, Campbell; scrimmage, Knight; Bell, Curtis, inside wing, Cory, Clarke; middle wings, German, Grass; outside wings, Sinclair, Boddy.

Queens—Full back, Pound; R. half, George; C. half, Leckie; L. half, MacDonnell; quarter, McNeil; scrimmage, McIlquham; Barker, McLeod, inside wing, Kensella; Young, middle wings, Hazlett, Erskine; outside wings, Slater, Smith.

PRESIDENT WARNS THE STUDENTS

To the Editor of The Varsity:

Sir:—The two encounters which occurred this week between the first and second years in the Faculties of Medicine and Applied Science, make it necessary for me to call the attention of the students to the university regulation which forbids such proceedings. The possibility of accidents, already this year sufficiently serious, the destruction of clothes and the use of blacking constitute these disorders a breach of regulations which may involve severer punishment than the heavy fine that has been imposed on six students who participated in the disturbances.

ROBT. W. FALCONER.

October 7th, 1911.

THE PERFECT LIFE

Within The Reach of All

PROFESSOR MOULTON

Bespeaks Intenseness in an
Age of Shallowness

"The Perfect Life" was the theme of an inspiring and eloquent sermon by Professor J. Hope Moulton, of Manchester University, Eng., at Convocation Hall, yesterday morning.

A large number of undergraduates were present—Convocation Hall being well filled. Prof. Moulton based his sermon upon the 10th verse of the 10th Chap. of the Gospel of St. John. He pointed out the two opposing factions, the thief who came to rob, kill and destroy and the Good Shepherd who came with the great gifts of life and plenty.

The provision of God is not, what is enough, but what is more than enough. Solomon, upon making his great choice, had all other things added to it. After the multitude were fed with the five loaves and two fishes, there was much to spare and the Prodigal remembered that in his Father's House there was bread enough and to spare.

"What is Life?" Some see no further than the actual physical existence. But life as spoken of in the New Testament is not terminated by death. It is best expressed by the famous definition of Religion, "Eternal life, lived in the midst of time and in the eyes and strength of God."

Some think that the main essential of religion is the commandment "Thou shalt not." Religion seems to be a restraint when people wish to enjoy the things of this life. The spirit of the times seems to feel that it is a good thing to know good and evil. Realism has a firm place in art and literature, but too often realism means that the ugly and hideous of life are vividly portrayed and the beautiful is forgotten. The hospital is not the place to view true Life. "Thou shalt not" is enforced that man may receive the perfect things of Life. The great gifts of Christ are impossible to the man who has accepted the evil things. Christ forbids man the things that harm but gives the things that bless.

Professor Moulton then made a personal appeal to the undergraduates. "You have the world all before you. What is your idea of Life? Are you going to realize that the gifts of Christ will bring the Perfect Life?" Some are going to consecrate their lives to the full service of the Master. Others will enter what are sometimes called secular professions but "there is nothing secular to the man who has seen Christ. Every calling is a calling for good. It is your opportunity for doing God's work and leading the World to Him."

The speaker emphasized the need for intenseness in an age that is becoming shallow. He pointed out great men of the past who, though many sided, devoted their energies to one particular task and

ROYAL MUSEUM OF ONTARIO

Only Part of Building Now
Being Erected

IT WILL CONTAIN

Specimens Illustrative of All
Branches of Learning—
National Institution

(Written Specially for the Varsity.)

For many years past, great need has been felt in the University for a suitable building, in which might be centered the several different collections which at present are housed in separate buildings. This need is now to be supplied in the form of the new museum, to which the name of Royal Museum of Ontario will be given. Part of it is at present nearing completion on Bloor St. in the north part of the Park.

The building itself, costing some £100,000, is 330 feet long by 70 feet wide. Constructed of brick and steel throughout with concrete floors, it is thoroughly fireproof. In height it is four storeys, three storeys and the basement. The roof is not yet completed, but operations are being pushed with a view to having it finished before the snow flies. At the rear a large space is retained for office use. The interior of the building is laid out in a manner suitable to the use which will be made of it. Long, broad aisles, running the entire length of the building, are flanked on either side by spacious galleries in which will be placed the several exhibits.

MORE TO BE ERRECTED.

The building at present erected, however, forms less than one-quarter of what the Royal Museum of Ontario will be when completed. At that time, the Museum will be in the shape of a quadrangle, facing Bloor St., and Avenue Road. This immense structure will afford a floor space of some seven acres. In the area enclosed by the four sides of the building, will be erected a one-storey glass-roofed structure which will be also utilised for exhibits. Among other things embraced in the plans is a large lecture-room to be used for academic purposes.

The museum will contain exhibits of every line and pursuit of knowledge that can be exhibited in a museum of this type. Exhibits ranging over mineralogy, palaeontology, archaeology, anthropology, natural history, history, art, etc., will be included. It is intended to make it a most comprehensive museum embracing all lines along which exhibits may be made.

The handsome collection illustrative of American anthropology, at present contained in the Normal School is to be removed to the new museum. Effort is to be made also to have a special exhibit of all the natural products of Ontario.

SOME OF THE FEATURES.

These exhibits which are to be moved immediately to the new building are, palaeontology, archaeology, economic geology, American anthropology, mineralogy and petrography. The palaeontological collection is made up of vertebrate and invertebrate divisions. The vertebrate contains a good collection of fossil fishes and several large skeletons, of the Mesozoic period. The chief of these is a Plate carpus corypheus which was presented to the University last year. The invertebrate division contains a large series of fossils presented by Sir Edmund Walker. In this department are contained the Cambrian type specimens, equalled by no others in the world.

The geological exhibit contains a very extensive collection of ores, economic minerals, and minerals illustrative of geological phenomena.

The mineralogical and petrographical collections are also models of their kind. The former contains almost all the known minerals. They were originally bought from Dr. Ferrier, but since then have been considerably extended.

ARCHAEOLOGICAL EXHIBIT.

The archaeological exhibit, under the direction of Prof. Currelly, forms a very important part of the work. A complete

THE TENNIS TOURNAMENT

SOME SURPRISES

Owing to the displeasure of the Weatherman, none of the games scheduled for Friday materialised, but the results noticed below show that the energetic secretaries are quite alive to their positions, and that the tournament can be counted on not to hang fire.

The novice events yielded some first class tennis; despite the rather sticky character of the courts. The presence of some mud-puddles considerably detracted from the brilliance of the game between Teller and Hicks, the latter however winning out after a hard-fought match.

F. C. Morrow, the champion of Victoria College, defeated Chamberlain without difficulty, his service being especially dangerous. H. M. Rowe was victorious over V. B. Dowler; the latter failing to put in an appearance for the match.

A very interesting match was that between C. R. Duggan and Scott, three sets being necessary to decide the matter. Duggan's steadiness proved the deciding factor.

As for the undergraduate honours, a new star has arisen in the person of L. A. Allen, of Trinity, who, despite the ability and generalship of his opponent, H. L. Bryce, won handily in two sets. Allen is strong in every branch of the game, his back-hand drives proving a delight to the onlookers, if not to his opponent.

Morrow was again successful, defeating Rowe in a closely-contested match which went to three sets. T. C. Urquhart showed a recovery of form and beat N. Morton without difficulty.

A breathlessly interesting match was that between Rowand and H. J. Cotton. Adopting a relentlessly aggressive game Rowand took the first set at 6-1, and then, generously easing up, took the next at 7-5.

A surprise was in store for Cluff who had Burns at 4-0 in the first set. Burns, however, made a plucky recovery and although losing the first set at 6-4, won the next two and the match.

J. Walton Peart delighted his friends by a recrudescence of his St. Thomas style, defeating D. B. Coleman by the combination of a disconcerting reverse American service, with an accurate side-line drive.

N. J. McLean disappointed many admirers by going down to defeat at the hands of Staples, a theological student of Knox.

In the opens, the contest between Brown and Wallace proved a rare treat, the aggravating cross-court cuts of the former, finally proving too much for his adversary.

The scores follow:

MEN'S NOVICE (Singles)

H. M. Rowe defeated V. B. Dowler by default; A. C. Bastedo defeated T. C. Urquhart 6-3, 6-1; G. C. Story defeated L. S. Hope 6-2, 6-3; G. M. Chidley defeated A. J. Cowan 6-4, 6-2; R. R. McClenahan defeated N. Morton 6-0, 6-2; W. H. Hicks defeated A. F. Teller 10-8 6-3; F. J. Morrow defeated T. S. Chamberlain 6-4, 6-2; C. R. Duggan defeated J. A. Scott 6-4, 7-9, 6-0; O. W. Grant defeated D. B. Coleman 6-1, 7-5; A. H. Priest defeated J. S. Reid 3-6, 8-6, 6-3; E. Martin defeated H. S. Nicklin 6-4, 8-6; F. R. McCannell defeated P. F. Chidley 6-3, 7-9, 6-2; L. G. Mills defeated G. Kirwan 6-3, 9-7; C. N. Carruthers defeated J. G. Bole 6-0, 6-4.

UNDERGRADUATE (Singles)

J. L. Burns defeated H. R. Cluff 4-6 6-2, 6-1; M. H. Staples defeated N. J. McLean 8-6, 4-6, 6-1; E. M. Rowand defeated J. H. Cotton 6-1, 7-5; F. C. Morrow defeated H. M. Rowe 6-3, 4-6, 6-0; V. B. Dowler defeated S. J. Cowan 6-2, 6-1; A. C. Bastedo defeated J. E. Mothersill 6-0, 6-1; T. C. Urquhart defeated N. Morton 6-3, 6-4; L. A. Allen defeated H. L. Bryce 6-2, 6-2; J. W. Peart defeated D. B. Coleman 6-4, 6-1; R. R. McClenahan defeated P. C. Mulholland 6-4, 6-3;

MEN'S OPEN (Singles)

S. R. Brown defeated W. S. Wallace 6-4, 4-6, 6-0.

ANNOUNCEMENTS

A meeting of the Executive of the University Glee Club is called for Tuesday, October 10th, at 5 o'clock, in Room 61, North Residence. All are requested to attend.

Knox College Opening takes place in the College Convocation Hall on Tuesday evening, at 8 o'clock.

The Class of '12, University College, will hold its first meeting of the year on Wednesday, the 11th, at 4 p.m., in Room 37, of the College.

The Executive of '13, University College, will meet on Monday, the 9th, at 4 p.m., in Room 11.

The Executive of '14, University College, will meet on Monday, the 9th, at 5 p.m., in Room 6.

The Inter-University Rifle Match will be held at Long Branch, Saturday Oct. 21. The O.R.A. Medal will be competed for and these scores count for the Dominion Salver and Foster Medal.

The date of the Inter-Faculty Match will be announced later.

TENNIS SCHEDULE

Games to be Played To-day

10-11—Varsity Courts.

R. W. Gouinlock vs. W. Wrong.
W. F. Hiscocks vs. D. E. S. Wishart.
D. N. Trimble vs. G. E. Wells.

2-3—Knox Courts.

P. C. Mulholland vs. J. E. Mothersill.
R. J. Vickers vs. S. H. Brown.

2-3—Varsity Courts.

P. L. Armstrong vs. H. L. Bryce.

4-5—Varsity Courts.

D. H. McLean vs. F. M. Pratt.
H. Wrong vs. G. E. Blake.

4-5—Knox Courts.

J. W. Peart vs. M. H. Staples.

MEN'S UNDERGRADUATE (Singles)
First round

10-11—Knox Courts.

F. R. McCannell vs. G. M. Chidley.
H. S. Nicklin vs. G. C. Story.

11-12—Varsity Courts.

H. Wrong vs. W. F. Hiscocks.
S. H. Brown vs. C. Brink.

11-12—Knox Courts.

W. H. Hicks vs. P. L. Armstrong.
H. C. Livingstone vs. F. M. Pratt.

2-3—Varsity Courts.

A. F. Teller vs. W. Wrong.
J. S. Reid vs. D. E. S. Wishart.

3-4—Varsity Courts.

A. H. Priest vs. R. W. Gouinlock.

4-5—Varsity Courts.

L. G. Mills vs. E. Martin.

MEN'S NOVICE (Singles)—Second round

11-12—Varsity Courts.

O. W. Grant vs. E. W. Rowand.

3-4—Varsity Courts.

H. M. Rowe vs. A. C. Bastedo.
C. H. Carruthers vs. F. R. McCannell.

3-4—Knox Courts.

W. H. Hicks vs. F. C. Morrow.
C. R. Duggan vs. R. R. McClenahan.

4-5—Knox Courts.

H. D. Livingston vs. G. C. Story.

AN EXPLANATION

In an article on Year Organizations appearing on page 2, it is stated that the U.C. Lit. is the representative body of the undergraduates. This is a University College article and refers, of course, only to the students of this College, not of the entire University.

SOCCER PLAYERS WANTED

The Manager of the Arts Soccer Team is very desirous that all players should be out in uniform to practice as soon as possible. Many of last year's men have left the University and there are several vacancies to be filled. If you are a Soccer enthusiast your presence on the field will be most acceptable. Practice hours will be posted up as soon as they can be arranged.
