F. Hensen Enthusiastic Over Prospects of Banner Western Wheat Yield.

ISELESS MACHINERY

Saskatchewan Man Declares Implement Agents Are Duping Farmers.

A wheat crop in the Canadian west Minat will have a value totaling \$250 .-000,000, was the prediction made by J. F. Hanson, the general manager of the North Saskatchewan Land Co. when seen by The World in Toronto yesterday. The total value of last year's crop did not reach the \$200,000 .-000 mark.

The quality of this year's wheat is etter than western Canada has yet produced, and an interesting fact is produced, and an interesting fact is that the Province of Saskatchewan watone has 500,000 more acres under continuation than last year. Mr. Hentisen states that only two weeks more tionalists hold Matamoras, 20 miles up the river, opposite Brownsville. Texas, This was the first reported navel activity in the Rio Grande in any of the recent Mexican revoluting has already commenced.

Useless, Machinery.

He wished to correct the impression given by the statement of eastern implement manufacturers that the call for machinery had seriously diminished in western Canada. The manufacturers themselves were alone to blame,

ed in western Canada. The manufacturers themselves were alone to blame, declared Mr. Hanson imposing on the lack of knowledge of new settlers, the agents of these companies, he said sell them machinery that they will never require, and which will take several years to pay for. Much of this useless machinery can now be seen rustling on the western farms. Yet the farmers who were induced to buy this machinery they did not need are still machinery they did not need are still sending in payments on it. For this reason it was no wonder the demand for such had gone.

In twelve years of paying rent the average man buys a house, but the landlord still owns it. The workingman realizes this, but with only a little cash ahead, he has never—until now—been able to help himself. But we can change matters for you. Two hundred dollars down buys a \$2200 four rooms and bath house, solid brick, well built, three blocks from the Danforth car line. Decide today to be a property owner. We help the workingman to make this important decision.
