* These discounts apply only for immediate delivery, and for quantities named of each kind separately.
 Terms for all nails 4 months from average date of delivery. Cash discount (within 30 days) on Clinch and Pressed Nails, 5 per cent.; on Cut, Finishing, Flour Barrel and Tobacco Box Nails, 3 per cent

LYMAN'S BARB.

We beg to call attention to the superior merits of the "Lyman" Four-pointed Steel Barb Wire Fencing. 1st—Cheapness. It is cheaper than boards or rail fences. 2nd—No cattle, however unruly, can pass it. 3rd—It is steel, and of two strands, and cannot be broken. 4th—It can be put up with the same ease as the old plain wire. 5th—It cannot be burned; it is proof against wind, fire or flood, and prevents snow drifts. 6th—It is a steel thorn hedge, and does not furnish a good wall to sit on. Defects of plain wire as a material for fencing: 1st—Liability to break, being but one strand. 2nd—Cattle learn to press against it, or crowd through and break it down. 3rd—Being but one strand, it has no power of adapting itself to changes of temperature, and is therefore constantly breaking. We have agents in all the principal towns. See that each coil bears our trade mark, "Lyman Barb." Send for sample and circular before ordering elsewhere.
