

search of health, and passing through Italy returned to England in August, 1806. The remaining incidents in his life may be briefly summarized. A second journalistic venture, *The Friend*, lived from June, 1809, to March, 1810. In October of the latter year he left the Lake Country, and lived with a Mr. and Mrs. Morgan in London and the neighbourhood for a space of six years, namely to 1816. In 1815 a critical volume, *Biographia Literaria*, was published. From 1816 to his death in 1834, he lived principally at Highgate with a surgeon named Gillman. His interests were now chiefly theological and metaphysical, and through his prose work, but chiefly by his remarkable powers of conversation, he exerted a deep influence upon all who came in contact with him.
