The General Baden-Powell Telescope, \$2.00

This is the new regulation telescope for Boy Scouts. It has been examined by General Baden-Powell, the founder of the movement, who pronounced it a very desirable part of a Scout's equipment. We have shown it to local men interested in the Boy Scout movement and they also consider it adapted to the purpose for which it is intended. The lenses are carefully made, giving clear definition, very high power, and magnifying up to nearly six times. It is nickel finished and comes in a solid leather case with loop all ready to slip on the belt. Price 2.00
