

EDUCATION BOARD DISCUSS CONTRACTS

Propose Amendment to By-law Governing Tenders and Securities.

A special meeting of the board of education was held at noon yesterday to amend some of the by-laws which pertained to the letting of tenders and calling for security bonds. Just before the business of the meeting was commenced, the trustees were visited by Chairman Miller and Messrs. McNicol and Kerr of the Port William Board of Education.

The original clause in the by-laws, as read by Trustee Brown, was as follows: "Every contract with the board shall be in writing, and when the amount exceeds \$200 and is less than \$4000, the performance thereof shall be secured to the satisfaction of the board by bond with two sureties, who shall each become liable for one-half the amount of the contract, and shall justify in such amount or by a bond of a reliable guarantee company approved by the finance committee for the full amount of the contract; when the amount is greater than \$4000 the performance thereof shall be secured by a bond of a reliable guarantee company, approved by the finance committee for the full amount of the contract; when the amount is less than \$200 a bond may be taken if deemed advisable."

Trustee McClelland was agreeable to the amendment, but was doubtful if it were legal. He quoted the by-laws, pointing out that no revision of them could be made without due notice being given at a regular meeting of the board.

It was finally agreed that another meeting of the board would be held next week, at which the revision will be made.

BIG BROTHERS PROJECT CENTRE BUILDING

In connection with the Catholic branches of the Big Brother and Big Sister organizations, it is the intention in the near future to launch activities on a large scale and to erect and equip a building which will serve as the centre of activities for the diocese to be known as the Catholic Institute. A site for the institute has been selected in the west end, and it is expected that the sum of \$500,000 will be expended on the building and equipment. The Big Brothers have a branch in every parish of the city, the organizing president being Fr. E. Cardinal. A branch of the Big Sisters was formed in March, and already has a membership of fifty with 84 Little Sisters under supervision. The institute, the plans of which are being prepared, will contain offices and recreational and educational opportunities for boys and girls who are the members of the two organizations.

NOT BATHING SUITS, BUT BATHING GIRLS

The question of bathing and bathing suits is claiming the attention of no small number of those who frequent the various bathing beaches during the sweltering days of July. One girl is lately quoted as saying that "the things they allow at Toronto's bathing places would be tolerated across the line. What's more, I think it's not the bathing suits that need looking after, but the people inside of them. If people want to promenade and cut up high jinks, why don't they do it in some place else than the public bathing places? They are for the benefit of those who want to enjoy bathing in the hot weather, and not meeting places for common pests and nuisances."

A writer in an afternoon paper suggests separate sections of the various beaches in all watering places for women and men, making a plea at the same time for the fullest possible freedom for enjoyment, but in achieving this not to forget or ignore the conventions and the proprieties which have made for respect, civility and morality.

HARRIS EMPLOYEES AT ANNUAL PICNIC

Enjoyed Splendid Day's Outing and Fine Program of Sports.

If anything were needed to demonstrate the splendid feeling and happy relationship existing between employer and employee yesterday the 5th annual picnic of the Harris Abattoir Company must have supplied the omission. From start to finish it was one of the most happily conceived and carried out events ever held in the western part of the city. High Park, immediately adjoining the Bloor street civic railway, was chosen as the scene and the 1,800 employees, together with their wives, families and sweethearts, must have aggregated fully 5,000 people.
