WHAT THE INCREASED TAXES MEANS TO CANADA'S FARMERS

Subsidy-Hunting Promoters Are Now Waxing Richer and Stronger than at Any Previous Period in the History of This Country.

The Liberals Have Collected More Taxes By \$14,000,000 A Year Than Ever Before—The Farmers Pay Most of It, Too—Now Is the Time When the Farmer Has the Say.

Events: The farmer is the man who is being played by the politicians these days, and on him the parties depend for support. The Government has a means of reaching the big corporations, and getting them into line by knocking under them. But the farmer is different. He is a sort of free lance, who can not be come at directly. He is reached for a short time before election, and his pockets are picked with all sorts of promises. The Liberals always represented themselves as the farmer's friends. Let us see if this profession has been fulfilled. There is no question of the influence which corporations have over the legislators of Canada. Before the present Government came into power they promised that this influence would end if they were returned to office, but what has the result shown? It shows as the corporations, the subsidy-hunting promoters, who were rich at the public expense, stronger than they ever were in the history of this country. We have the Yukon Railway deal, the Crow's Nest Pass Railway and coal fields and the Drummond County Railway to prove it. The Yukon deal was, fortunately, blocked by the Senate, which body also saved the country at least \$1,000,000 in the Drummond County arrangement; but the Crow's Nest Pass Railway and the people have lost millions by it. The defence of the present Government is that their predecessors did as bad and worse, but is that any answer to the farmers of this country, whose property is laid under a heavy burden of public debt by means of these deals? So far is it from an answer to them that it is an actual insult to the intelligent body of the complete Canadian farmers are. The complete answer to this kind of excuse is that the Conservatives were punished in 1896 for the wrongs they may have done, and it is now the duty of the independent electors of Canada to punish the Liberals for the wrongs they have done. It is not the duty of the independent electors of Canada to punish the Liberals for the wrongs they have done, but it is the duty of the independent electors of Canada to punish the Liberals for the wrongs they have done. It is not the duty of the independent electors of Canada to punish the Liberals for the wrongs they have done, but it is the duty of the independent electors of Canada to punish the Liberals for the wrongs they have done.

FIFTEEN OF THE NEWLY WILL GO CONSERVATIVE.

That is the Prediction of Sir Charles Tupper Regarding Nova Scotia, Which Province the Veteran Leader Has Just Left.

Montreal, Oct. 19.—(Special.)—We will take 15, and perhaps 16, of the 30 seats in Nova Scotia, and the situation from a conservative point of view is improving every day." So spoke Sir Charles Tupper, Bart., who left this evening at 9.30 by the Canadian Pacific for Toronto, and before the departure took his departure he gave The World his opinion regarding his native Province.

When interviewed a few weeks since, Sir Charles concluded Colchester to the Liberals, as there were 15 members in the party, but now he says approximately 15 in the Conservative ranks. Colchester will also be Conservative by a good majority. Sir Charles says that Sir Charles' acceptance in Halifax has created the greatest enthusiasm in the capital of Nova Scotia, and there is no doubt that the three Counties of Cape Breton, Pictou and Halifax will go with the Conservatives.

WOOD GAZON ON THE FAIRWAY

The Viceroy Says One Quarter of the Population of India Has Been Affected by It.

HALF A MILLION PEOPLE DIED. Millions of Money Spent in Relief and Heavy Remissions of Taxation.

Shiala, Oct. 19.—The Viceroy, Lord Curzon of Kedleston, in a speech before the Council today, said the famine had affected a quarter of the population of India, and that seven million of people were receiving relief. He expressed the hope, however, that in a month these would return to their homes.

His Lordship further said that half a million deaths were traceable to the famine, and that the loss of the crops in the area was to the value of \$100,000,000. He said that the Government had spent \$100,000,000 in relief, and that the Government had granted heavy remissions of tax.

Much Money Expended. At the end of August \$54 lakhs of rupees had been expended, and the Government further expected to spend 150 lakhs up to March next. Besides this, 228 lakhs of rupees had been advanced to cultivators, and 35 lakhs of land taxes had been remitted. 35 lakhs of rupees had been lent to the famine stricken, and nearly a million sterling had been contributed by private charity.

Relief Committees Complimented. The Viceroy complimented the Relief Committees, and said that the Government had done much to relieve the famine. He said that the Government had done much to relieve the famine, and that the Government had done much to relieve the famine.

Another part of this story, makes a heavy response. No use denying it, winter is at the door. Now, the finest import of blue and black leathers and the new Oxford shoes are the popular favorites for winter wear. They cost universally \$18.00. SAW-OFF IN NORTH WATERLOO

Mr. Seagram to Be Allowed a Walk-Over and the Liberal for the Local House Ditto.

MR. QUINN, M.P., AT CAMPBELLFORD.

The Eloquent Montrealer Made a Fine Speech in Mr. Cochrane's Interest—Other Conventions.

Berlin, Oct. 19.—At the Liberal Conservative convention for North Victoria, held in the opera house here this afternoon, Mr. Ferd. Walter of Bamberg proposed and J. Dunke, Elmira, seconded the nomination of Mr. Joseph H. Seagram of Waterloo, who was unanimously chosen, no other name having been submitted.

A Saw-Off Agreed To. This afternoon the president said a proposition before the convention, which came from the Liberal party, whereby they offered to withdraw opposition to Mr. Seagram's election in the Dominion contest. If the Conservative party would in return allow the Reform nominee to go in for the remaining period in the local House.

The convention, after some lengthy discussion, ratified the agreement. There is, however, a talk of a Liberal candidate being in the field, in the person of Mr. Allen Huber, a disgruntled Liberal.

This evening the Conservatives held a meeting in the opera house. The nominee of the convention first addressed the meeting, claiming the Liberals failed to fulfil any of their pledges made while in office. Mr. Huber was invited to the platform and kept the audience in merry mood for 15 minutes. Mr. Seagram, W. Wright, the Conservative organizer, entertained the meeting with an address, going fully into the details of the Liberal party since they assumed office and claimed that honest Liberals young for them in the coming contest were condoning wrong-doings of their leaders.
