

**Overheard at the Union Station**

One day last week as the G. T. R. train for the west was about to pull out a lady leaned from the car window and said to another lady who was seeing her off: "Be sure and go to Oak Hall for that suit for Mr. ———. I don't like those department store clothes, and you can depend upon what you get from Oak Hall."

Straus show which way the wind blows—and it certainly is pleasing to know that OUR MAKE clothing has TRIED and TRUE friends all over the country. This is the last week of our Determination Sale—7.50, 8.50 and 10.00 Men's Tweed Suits selling for 5.00, sizes 36 to 44, all odds and ends—no two alike—but the best value you have ever seen in Toronto.

**MICHIGAN MAKES PROGRESS**

Continued From Page 1.

Increase of population calls for a proportionate reduction in rates. The State law requires any state reports of earnings, rates, expenditures for equipment and other vital questions touching the operation of the railroad to be filed annually with the State Railroad Commissioner. This officer in turn lays these reports before the legislature, and the press gets them before the people. It is commonly said that there is not a railroad in Michigan that is not an unwelcome neighbor. There is not a three-cent fare collectible in the lower Michigan peninsula. In that part of the State where the fare is a slightly increased rate is permitted, but this is hardly germane to the case, since there is no analogy between the northern Michigan peninsula and Ontario. Here is a condition that commends itself to the railroad magnates of all Canada, and it is the chief factor in the policy of the State.

He is known through the State as "Hays of Washburn fame." This is the same Washburn that is doing business in all parts of the State, two cents a mile, and over 250 miles of Canadian territory at three cents a mile.

Hot Assault on Act.

The railroads of the lower peninsula under the leadership of the Grand Rapids & Indiana railroad, made a hot assault upon Michigan's Railroad Act of the 1902 session of the legislature with the hope of permitting their branch lines in this section of Michigan to charge three cents a mile, but the legislature was a unit in opposition to the idea, it is an unwelcome political law throughout Michigan that candidates for State legislative honors shall be sound in the core in the question of a steady reduction in railroad tariffs. They stand for anything but corporation domination in Michigan. To this they are hostile, and they are political affiliations.

Altogether, the history of railroad legislation in Michigan makes a very interesting reading for Canadians, who contemplate with aly concealed impatience the gouging of the tourist tariff in their territory by the same roads which make a satisfactory profit of the least tariff on this side of the border.

G. C. Porter.

**"SUMMER FOOD"**

Many people have tried the food Grape-Nuts simply with the idea of avoiding the trouble of cooking food in the hot months.

All of these have found something besides the ready cooked food lies, for Grape-Nuts is a scientific food that tones up and restores a sick stomach as well as repairs the waste tissue in brain and nerve centers.

For two years I had been a sufferer from catarrh of the stomach, due to improper food and to indigestion. I had tried nearly every preparation of food, but without success until six months ago my wife purchased a box of Grape-Nuts, thinking it would be a desirable cereal for the summer months.

"We soon made a discovery, we were enchanted with the delightful flavor of the food, and, my surprise, began to get well. My breakfast now consists of a little fruit, four teaspoonfuls of Grape-Nuts, a cup of Postum, which I prefer to coffee, Graham bread or toast, and two boiled eggs. I never suffer the least distress after eating this, and my health is perfect and general health fine. Grape-Nuts is a wonderful preparation. It was only a little time after starting on it that I was able to both feel younger, more vigorous, and in all ways stronger. This has been my experience."

"P.S.—The addition of a little salt in place of sugar seems to me to improve the food. I have given this recipe to my friends. It is given by Postum Co., Battle Creek, Mich."

Send for particulars by mail of extension of time on the \$7.50 coffee cost for 75¢ money price.

**He's a President Now.**

The friends of Cyrus P. Orr, formerly president of the Life Insurance Company, in Montreal and Toronto, and with success and other athletic enterprises while here, will be pleased to learn of his election as president of the largest industrial insurance company in the Southern States—the Southern Mutual of Birmingham, Ala. His Southern wife also has recently become very popular, carrying from the Alabama legislature, in which her father was a senator, a very important measure of child protection.

**Remember, The World is delivered to any address in Hamilton for 25 cents a month. The Sunday World, three months for 50 cents**

**MOST FIGHT FOR DAY WORK**

**Master Bakers of Hamilton Decide Not to Meet Request of the Men.**

**MEN WILL GET THEIR JOBS BACK**

**Augusta-Street Residents Up in Arms Against Stoppage of H.C. & L.R. Railway.**

Hamilton, July 27.—The journeymen bakers have lost in their fight for day work. The Executive of the master bakers decided tonight not to meet the men on the Arthur Galloway, Toronto, organizer of the union, has been in the city trying to arrange matters. Most of the men, however, will get their positions back on the terms that prevailed before the strike.

Residents of Augusta-street, and that district, are up in arms against the proposal to use Augusta-street for the Hamilton, Caledonia & Lake Erie Electric Railway. They met in the Board of Trade rooms this evening, and passed a strong resolution, calling upon the City Council to preserve the rights of the citizens. They voted \$200 to fight the proposal. They think the Street Railway Company's tracks should be used.

**Lively Council Meeting.**

The Council proceedings were continued to-night by a passage at arms between several of the aldermen. It was the result of a resolution by Ald. Sweeney and Stewart that Alderman Birrell and McLeod be added to the Bay Front Improvement Committee. Now it so happens that this particular committee is composed of four liberals and three Conservatives, and it at once struck Ald. Pindley that the resolution was a scheme to give the Tories control of it. He charged Pindley that the Conservatives had been in caucus and were carrying out the behests of the party. Ald. Stewart denied it, and Ald. Birrell gave Ald. Pindley the lie direct. The resolution was finally withdrawn.

The Central Committee was given \$2000 and the \$1000 now in the hands of the Reception Committee was allocated.

**T.M.A. GIVEN RECEPTION.**

Visiting Delegates Were Royally Entertained Last Evening.

Sho's Theatre awoke from its summer sleep last night, when the Grand Lodge of the Theatrical Mechanical Association received a royal reception by the local delegates, who were chiefly Americans, and all jolly good fellows, including the ladies. The guests occupied the rows of seats in front and filled the boxes, the balconies, were the names of the various delegations, composing the lodge, printed on large cards, and interspersed with the Anglo-Saxon flags grouped. The theatre was filled early, and the speeches of welcome were made by the chairman, Mr. Newman, and Ald. J. J. Ward, chairman of the Reception Committee of the City Council.

Mr. Newman explained the charitable and benevolent objects of the order, and connected an impression current in any way with the theatrical profession were there any members of the order, whether actors or others. Ald. Ward touched the racial sympathies of the American delegates, and his reference to causes and evidences of common good feeling between the Canadian and the American delegates, and his speech from the Grand President, John B. Smith of Chicago, rather too brief, perhaps, the speaking was continued by Mr. Williams, one of the founders of the order, and a particularly witty man.

The musical program was a genuine treat. The talent was all local and professional and more than adequate to the occasion. Miss Lily Lorrell, leading lady in Burger's "Sign of the Cross" Company, gave on holiday at her Toronto home, departed for the States, and sang a dainty new song and a Galesha favorite in costume. Miss Margaret Dockray, also a local talent, sang "The Bohemian Girl" and "Caravan" respectively. Messrs. Burton and Horwell combined to give some good new illustrated songs. Prof. Smolley surprised himself in a Scherzo on the piano, and played some of his own compositions. The orchestra, under the direction of Messrs. Arnot and Jones, Frank Clegg, with his wonderful talent, and Messrs. Arnot and Jones, was equally enjoyable. The orchestra gave an Idyll, "The Forge in the Forest," and other selections, which were new and good.

This morning the T.M.A. will meet in convention at the Temple Building, under the direction of Messrs. Arnot and Jones, and the delegates will attend the baseball match between Toronto and Buffalo at 10 o'clock. In the evening there will be a moonlight trip on the "Chippewa" for the crowd.

**LEGAL POINT ADJUSTED.**

**France Inquiry, Relating to Christian Science, Again Postponed.**

The inquest into the death of five-year-old Hilda Fraze was resumed last night to determine whether or not she came to her death through neglect to supply proper medical aid, and whether the doctor who attended her, Dr. Christian Science, was reported to her parents instead of her mother, Dr. Alison and Michael J. Sage, coroner who adjourned last Wednesday, August 5.

Dr. Carvell related how he had been called to the Fraze home on the Sunday afternoon, and how he had diagnosed the case as scarlet fever. He could not say if he had been called to the home if he had been called to the home, but he did not remember either Mr. and Mrs. Fraze, or the doctor, who had been called to the home.

The other evidence was mostly hearsay, concerning stories told by the doctor, and the testimony of witnesses having noticed her on the street looking seriously ill before the doctor was called.

Dr. Fraze's evidence was given by the doctor, who was not taken last night, owing to the fact that he was called to the home, and he was not present at the inquest.

The inquest will be adjourned until the 28th inst., when the evidence of the witnesses will be given, and the jury will be sworn.

**SYMPATHY FOR MRS. MCKEE.**

**Windsor People Will Petition Home Government for Pardon.**

Windsor, July 27.—The sympathy of the people of Windsor is stirred up over the sufferings of Mrs. Ellen McKee, the ex-post mistress of Tubbermore, Ireland, who emigrated during the famine to Canada, and who is now suffering from the effects of the famine. The suffering and exposure during the two days and one night spent in the marshes, following her desperate flight from the famine-stricken Ireland, has touched the hearts of the Windsor people.

The petition for a pardon is being prepared, and it is intended to try for her pardon on the doctor's statement of Mrs. McKee's ill-health.

**Death of Edward Hargrave.**

The death of Edward Hargrave, of Bright's disease, occurred at his residence, 471 Bathurst-street, early this morning. He was a G.T.R. conductor, and had been 20 years in the employ of that railway. A member of the A.O.U.W. and of the Order of Railway Conductors, he leaves a wife and seven children, and a large family of grandchildren.

**Photo on Marriage Certificate.**

New York, July 27.—Something new in marriage certificates is offered by the State of New York, who now provides the newly wedded with a certificate on which his photograph is handsomely reproduced.
