**WALTER H. LONG AND
FRIEND OF ASQUITH
ARRIVE IN DUBLIN**

Political Gossip Receives New Stimulus.

MORE ARRESTS REPORTED

Sinn Fein Press Is Waxing
Saucy in Guarded
Articles.

LONDON, May 24.—Walter Hume Long, secretary for the colonies, and who is chairman of the committee drafting the Irish home rule bill, arrived last night in Dublin, and is staying at the vice-regal lodge, according to a Press Association dispatch from the Irish capital.

Several more arrests have been made in the country districts. Two of the men arrested Sunday, Collins and Mullins, will be courtmartialled on charge of having illegal possession of explosives.

DUBLIN, May 24.—Gossip in political circles here has been stimulated by the arrival of Herbert L. Samuel, former home secretary, and one of the chief supporters of Former Premier Asquith. He has conferred with a number of prominent Irish Liberals.

The entire "mosquito press," some half dozen Sinn Féin weekly newspapers of diminutive size, but with plenty of sting, appeared as usual today. The articles are very clever and ably written. The articles are written very carefully and without excessive violence of language which might provoke suppression. The editors often display great ingenuity in conveying their propaganda under a disguise easily penetrated by an Irish reader who likes nothing better than this game of hide and seek.

The paper called "Nationality" which was edited by Arthur Griffith until his arrest, today treats the situation with a light touch, saucy and flippant, and full of sardonic humor. "The Government will soon realize," it says, "that the shipment of Sinn Féiners out of Ireland will make excessive demands on the limited supply of tonnage. The Sinn Féin is a sort of a tree, that thrives on pruning."

In a discussion of the sentiment America, Nationality says:
"The British-owned press of the United States and France is calling these war-obsessed peoples to scorn and repudiate the Irish leaders, who plot with their enemies. If we have evidence of the plot they are

for evidence of the plot they said. "Read the proclamation. Listen to the stories and look at the pictures," said the Labor paper called "The Voice of Labor," whose principal writer, Barry, has just been deported, says "Ireland's efforts to defeat co-operation have for the moment succeeded, but only for the moment. The kidnapping of popular leaders, charges of treasonable communication with Germany obviously was designed to prejudice the friends of Ireland in America and other countries."

RAILWAY STATIONMEN
SECURE SETTLEMENT

MONTREAL, May 24.—The dispute between the Grand Trunk Railway and the Brotherhood of Stationmen and Railway Employees' Alliance, negotiations to settle which have been in progress since January 3, has now been composed, and following the usual procedure in such cases, full details of such settlements will be announced due course by the minister of labour.

While the company and the union had arrived at an agreement as to regulations in regard to work, the regulation of wages could not be satisfactorily arranged until today.

GinPills

**Succeeded Where
Operation Failed!**

"During August last I went to Montreal to consult a specialist as I had been suffering terribly with Stone in the Bladder. He had decided on an operation and was assisted by another doctor. They said the calculus was larger than a bean and too hard to crush and they could not take it out. . . . was recommended by a friend to try Gin Pills. I bought a box and found relief from the pain at once. . . . I did not expect that they would relieve me of the stone, but to my great joy I passed the stone on October 2nd and am now a well man and very happy."
