DRINKS QUART OF WHISKEY BOY HAS CHANCE TO LIVE

John McKellar, Aged Nine, Finds Bottle Floating in Bay - Minor Mention.

HAMILTON, Nov. 20. (Special.) - This evening before dark, John McKellar, aged 9, a son of John McKellar, 10 West Burlington-street, found a bottle floating in the bay, and he and a couple of companions fished it out.

Seeing that it contained liquor, he broke the neck of the bottle and drank its contents. Scarcely had he done so when he began to stagger about, and then fell to the ground unconscious. His companions becoming alarmed, ran away and left him. He was found a short time afterwards by a man, who, recognizing the lad, took him to his home. Dr. Davey was called, and he ordered the boy's removal to the City Hospital, where a stomach pump was used. Nearly a quart of liquor, that contained alcohol, was drawn off, and this will be analyzed. The boy did not regain consciousness until a late hour to-night, but the doctors think he has a chance for recovery.

Several days ago a number of cases of diphtheria were reported from one of the wharves, and it is the belief of the police that young McKellar found one of these bottles, which had dropped into the bay. A few days ago Samuel Goldberg was charged in the police court with assaulting Harry Weinstein, but owing to the latter's illness the case was adjourned. This morning Weinstein died at the City Hospital of spinal meningitis. It is thought his father has asked for an inquest. Coroner Griffin has ordered a post-mortem examination, and will report on the cause of the young man's death to Crown Attorney Washington. It was stated on Monday that his illness was not due to the assault.

Mrs. Sarah Skinner, 22 South Park-street, took an overdose of bicarbonate of mercury about 11 o'clock to-night, she was taken to the City Hospital, where it was pumped from her stomach. While in a serious condition, she is thought she will recover.

George Williamson and John Stinson, two Englishmen recently arrived from the country, were found in a box full of sugar which arrived here on the Grand Trunk this morning from Montreal. They were in great need of food and were glad when sent to their quarters by the police magistrates.

Ordered to Clean Up. Edward Leonard, proprietor of the Workmen's Home on Yonge-street, was this morning given twenty-four hours to clean out the place. Magistrate Jeffs, on seeing the place was attracted by the burning incense and the morning's milk on the door. He took these as indications that the inmates were taking to their heels. It was possible that a tragedy may have taken place. Investigation showed that the inmates were all right, but that the place was filthy. Medical Health Officer Roberts investigated and he ordered a general clean up.

William Cornell, who was arrested last night because Nelson Chambers, who went his bond for \$500 after his commitment for trial on a perjury trial last August, thought he was going to leave the city, was this morning committed to the jail for keeps. Chambers heard that Cornell intended going to California.

Necessary Evils. In replying to the charges made by members of the Citizens League with reference to the administration of the law in regard to disorderly houses, Magistrate Jeffs to-day maintained his stand that these places were necessary evils.

K. Dinkley of Dundas has written a letter to the papers charging unfairness on the part of W. H. Seymour, president of the Tigers and vice-president of the Interprovincial union, in dealing with the play-off between Dundas and Tigers II. for the championship of this district. The writer claims that Mr. Seymour misrepresented the facts to President Nelson of the interprovincial and was not content in his views to the play-off between Dundas and Tigers II.

School for Hebrews. The Hebrews of this city are contemplating the erection of a \$100,000 building to be used as a library, school, employment bureau, dancing school, etc.

The police commissioners have signified their intention of investigating the charges made by the citizens league against the board for its administration of the liquor law.

Royal Banquet. Corner Barton and Catherine-streets, Hamilton, modern and strictly first-class. Rates \$1.50 to \$3 per day. Phone 455.

YELLOW SKIN, COATED TONGUE

Are Due to a Torpid Liver, the Great Cause of Headache, Dizziness and Despondency.

A coated tongue and murky skin do not menace life like typhoid fever, but prepare the way for this disease and others just as bad.

You get about as close to Nature's centre by using Dr. Hamilton's Pills, which are an ideal regulator for the liver. They tone up this organ, make it work properly, which purifies the blood, clears the complexion and removes all poisons from the system.

HAMILTON BUSINESS DIRECTORY

HAMILTON HOTELS. HOTEL ROYAL. Every room completely renovated and new furniture during 1907.

WEST BANK WAS BUILDER

Continued From Page 1. from the existing banks, and in this the Western succeeded to a very admirable degree. Very hard work was entailed on the new officials, and for three years the Hamilton never received a penny for his services.

"I will wait for the complete success of the bank," he resolved, "and then seek reasonable compensation." That his efforts were and are appreciated all Oshawa knows. The bank under his management has been of incalculable value to the industrial, mercantile and agricultural interests connected with the town.

At first it was the policy of the directors that they could only operate a head office, but this was found not to be workable, and they decided to extend their influence. The result was 21 branches. Not one of these is in any of the places occupied by the Standard.

In a few years after its opening when eight of the branches had been established, enough money began to come in to the head office to enable the bank to take care of Oshawa business. The result was to build up many industries, and to acquire that American local bank community, which is so readily acquiesced in. The Oshawa business men are congratulating themselves that no change will take place in the policy of the bank. The head office is in Toronto, the controlling stock is held in Oshawa, and the directors remain the same.

The bank does 80 per cent. of the Oshawa business, and chiefly, it is said, because reference to Toronto has not been necessary, where a transaction required a quick decision.

A good deal of comment has occurred in contrasting this application of the American local bank policy to the Canadian method, and it is freely stated that Oshawa owes its industrial importance to the direct and intelligent interest taken in local business by the Western Bank.

The future success of the Standard "bank" will, therefore, be taken as an argument of the Canadian method, as the Standard will simply carry on the Western policy.

Directors Are Honored. Stories are numerous in connection with the bank dealings with Oshawa firms during the past twenty years. It would be invidious to mention names, but the expansion of many of them is directly due to the bank's fostering credit.

Mr. Powke, the new M.P., spoke of the arrangement as a very fair and honorable one. The Standard is taking over the employees of the Western, and all the managers will be continued in office. The two banks are practically united in the identity of controlling interest and leading directors, but hitherto they have been kept as widely apart as they were strange institutions.

The Western Bank is unique in many ways, and from the time of its incorporation, when \$300 covered the whole expense of advertising and securing the charter, it has been conducted on safe and conservative lines. Its resources and liquid assets are much the largest in proportion to its capital of any bank in Canada.

Mr. McMillan, who has been its head and front for so many years, will continue to occupy himself with the affairs of the Ontario Loan Co., which old reliable institution is still under his management.

ROYAL TO OPEN BRANCH. The Royal Bank will open a branch bank at Oshawa on Monday.

May Quarantine All. PHILADELPHIA, Nov. 20. -Dr. Clarence Marshall of this city says that the government might find it necessary to quarantine every ship that comes from the United States.

Purging East Buffalo Yards. BUFFALO, Nov. 20. -The stock yards at East Buffalo cover 20 acres and the task of thoroughly cleansing and disinfecting them is a tremendous one. Every pen is being swept and scraped and afterwards sprayed with disinfectants composed of carbolic acid and other germicides. The runs between the pens and all the grounds outside are paved, and these are getting a thorough cleaning. The mud is being removed and the crevices between cobles are scraped and flushed after which the entire pavement is sprayed. Tens of tons of hay were burned.

Committed for Personation. PORT ARTHUR, Nov. 20. -At Dexter, on the Grand Trunk Pacific, Messrs. Tomlinson, Bishop and Arnot were committed for trial on charges of personation at the federal elections. Robert Letham, deputy returning officer, H. Hogarth, poll clerk, and Joseph Kitchin, outside scrutineer, were also committed on charges of inducing men to personate.

REV. DR. TAYLOR INDUCTED PASTOR COOKE'S CHURCH

Prof. Kilpatrick Declared Original Evangelistic Methods Great Need of Toronto Churches.

The induction of Rev. Dr. A. T. Taylor, late of Philadelphia, into the pastorate of Cooke's Presbyterian Church was largely attended last night. The platform was adorned with palms and flowers.

Rev. James Murray, moderator, presided. Rev. Binney S. Black preached from Romans xix, "And how shall they hear without a preacher?" The world's need of salvation, he said, was as old as Eden. The church was the divinely-ordained agency for supplying this salvation. The Protestant evangelistic church had always been a blessing to every country to which it had come. The church's work was to leave the life of the earth here with that of heaven. The preacher was the chief factor in the work of the church, as long as humanity was what it is, mankind would need the preacher who lived in touch with the pulse of his age.

Rev. Dr. Parsons led in the induction prayer.

The moderator, in the authority vested in him, inducted Dr. Taylor "into the pastorate of Cooke's Church, and into all the rights and privileges that there attach."

Address to Minister. Rev. Prof. Kilpatrick addressed the new minister. Cooke's church, he said, was a downtown church, in the midst of the throbbing life of the city. It meant a great many drawbacks, but above it was a glory and joy of a very special kind. Cooke's Church was a barrier against the forces of evil that swept thru a great city. Its pastor was thrust into the fighting. This congregation was willing to adopt any new plan of evangelization, and nothing was more needed in Toronto than originally plan learned from sympathy with the needs of men.

Rev. Dr. Taylor addressed the congregation. There were a great many good things about the congregation of Cooke's Church. It had a good attitude in its strong evangelistic spirit. It had a splendid corps of workers. They just wanted the touch of a leader to direct them. Icebergs quickly went into liquidation in Cooke's Church. The leaders of Cooke's Church congregation ought to have a large outlook. They should not bury their noses in the collection plates. They were not, or they could not during the last six years have paid \$20,000 of the debt of the church. They were not, or they could not during the last six years have paid \$20,000 of the debt of the church. They were not, or they could not during the last six years have paid \$20,000 of the debt of the church.

Orders From Ottawa. OTTAWA, Nov. 20. -Telegraph orders were sent to all customs officers along the frontier to establish a rigid quarantine against cattle and hides from the United States.

Manitoba Man Tells How His Urinary Troubles Vanished Before the Great Canadian Kidney Remedy.

HAMRLIK, Man., Nov. 20. (Special.) -Probably there is no disease to which man is heir that causes such a general dread as Gravel, or Stone in the Bladder. The frightful pains it brings and the terrible operations it necessitates cause a shudder of apprehension whenever it is mentioned. But there is really no reason why any man or woman should fear Gravel. It is purely and simply a Kidney disease, and it can be either cured or guarded against by the use of Dodd's Kidney Pills. Take the case of Mr. Calvin R. Snyder, well known here. He says:

"In the spring of 1907 I was almost laid up from a lame back and was also troubled with excessive urination. I got a box of Dodd's Kidney Pills, and used them with satisfactory results. Dodd's Kidney Pills are the best Kidney medicine I ever heard of."

Snyder's example that "Salada" is making almost as rapid strides in the States as it is in Canada. The New York branch was opened only a few years ago, and now over 4000 grocery stores in that city alone are selling it.

Principal Falconer Spoke. Principal Falconer of Toronto University addressed the London Canadian Club yesterday on "The Place of University Training in National Life."

FUNERAL OF DR. BAIN. Memorial Service in Chapel of Victoria University.

In the chapel of Victoria University the board, senate, faculty and students of Victoria University, and many members of the faculty of the University of Toronto gathered to pay their last tribute of respect to Dr. A. R. Bain, M.A., LL.D., late professor of ancient history and registrar of the university.

A service was held at the residence for the family before the body was removed to the university.

The service in the university chapel was opened by Rev. Dr. Jno. Burwash reading the lesson, followed by prayer by Prof. Bowles. Addresses were given by Prof. F. H. Wallace and Prof. A. J. Prof. Bain was one of the few survivors of the "Old Guard" of Victoria, who had toiled faithfully thru the hard and unglorious years of his history, and had lived at last to see her prosperous and rich.

He was always a man of peace, inflexible in his principles, unflinching in his kind, fond of his friends and their society. In short, a splendid specimen of physical, intellectual and moral manhood.

Prof. Clark pronounced the benediction. The remains were taken to Cobourg on the 5.10 train, where the interment will take place in the family plot this afternoon.

The charming winter resorts of California, Mexico, Florida, etc. Much as we love our Canadian summers, there is no denying the fact that many find the extreme winter weather hard to bear, and long to visit the milder climate of California and the Pacific coast, or the sunny south, where fruit and flowers grow profusely. It is a pleasure to visit these delightful resorts, mingling among the most successful people of the world; it is truly an education, and breaks the monotony for most of us. Return trip tourist tickets have been placed on sale by the Grand Trunk Railway System to principal resorts in North and South Carolina, Georgia, New Mexico, Texas, Alabama, Florida, Cuba, Louisiana, Virginia, New Jersey, Old Mexico, California, Washington, Oregon, British Columbia, etc. Rates and full information can be obtained at principal Grand Trunk offices-in Toronto at the northwest corner of King and Yonge-streets (Canada's handsomest ticket office)-or by mail, address J. B. McDonald, district passenger agent, Toronto.

Address on Socialism. Ben J. F. Wilson, a young Canadian who received a big vote as Socialist candidate for congress in Kansas, on Nov. 10, will deliver addresses on "Why Socialism is Inevitable," in the Labor Temple, to-morrow, and Sunday next, at 3 p.m.
