

Society --- Conducted by Mrs. Edmund Phillips

The Toronto Hunt Club met at Sunnybrook Farm yesterday afternoon. This is an annual fixture on Thanksgiving Day and this year the weather was glorious. The coach house, in which tea was served, was beautifully decorated with the gold and crimson autumn foliage, further enhanced by quantities of asters, golden-rod and salvia, and the hungry riders fully appreciated the many tempting dishes on the tea table. Mrs. Kilgour looked especially well in a costume of brown with hat to match, and Major Kilgour was an excellent host, seeing to the comfort of his guests. There were present: Mr. George Beadmore, M.F.H., Mr. Alfred Beadmore, Mr. and Mrs. Bonard, Mr. G. Nichol, Major and Mrs. J. Miss Isobel Menges on her first appearance in Massey Hall last night, captured the hearts of her audience and delighted their senses with her violin. Her attire was of the utmost simplicity: a short frock of black tulle cut in many points and very full, which gave it a cloudy appearance, was surmounted by a swathed bodice of emerald and gold brocade with narrow black shoulder straps. She wore no jewels, and her short cut thick hair gives her a rather boyish appearance.

Mr. Walter Duff, whose etchings have been so much admired, has gone overseas in the A.M.C.

Miss Woodland, Avenue road, is giving a tea today in honor of Miss Burden.

Miss Estelle Kerr spent Thanksgiving in Brantford, the guest of her aunt, Mrs. Alfred Jones and Mrs. Jones, Palmerston avenue. Miss Kerr expects to leave shortly for France to drive a motor car in the motor ambulance corps.

There was an immense crowd at Ennisville yesterday and a large sum must have accrued to the Red Cross as the gross receipts were handed over thru the generosity of Lieut. Col. H. C. Cox.

WOULD VENTILATE WAR AIMS OF U.S.

New Publicity Movement Inaugurated in the United States.

ENDORSED BY WILSON

Cardinal Gibbons is Honorary Chairman of the New League.

Washington, Oct. 8.—A movement to lead and express public opinion on the war was inaugurated here today by formation of the League for National Unity, representing church, political, labor, agricultural and industrial organizations, to which President Wilson gave his endorsement in an address emphasizing the need of unity in thought and opinion.

Welcoming the leaders of the movement at the White House in a brief speech, the president expressed the belief that American public opinion, although understanding the war's causes and principles, needs guidance to remember that the war should end only when Germany is beaten and Germany's rule of autocracy and might is superseded by the ideals of democracy.

This is the issue, which the American people should always keep in mind, the president said, in order to evade being misled into byways of thought and resultant scattering of public opinion. Talk of early peace by Germany is one of the evidences of misdirected thought, and should not cloud the thought of those who understand that the United States is now fighting for the same ideals of democracy that have always actuated the nation.

The president gave warning that it should not be forgotten that German success would mean not only prevention of the spread of democracy, but possibly the suppression of the already existing democratic institutions and the headquarters in New York, chose as honorary chairman Cardinal Gibbons and Dr. Frank Mason North, president of the federal council of churches; Theodore N. Vail, president of the American Telephone & Telegraph Co., is active chairman, with Samuel Gompers, Charles Barrett (president of the Farmers' Educational and Co-

operative Union) and George Pope (president of the National Association of Manufacturers), as vice-chairmen. The object was stated as follows:

"To create a medium thru which the credits and parties can give expression to the fundamental purpose of the United States to carry on to a successful conclusion this new war for the independence of America, and the vindication of the basic principles of humanity."

SUNLIGHT SOAP

The Seal has been set once and for all on the purity of SUNLIGHT SOAP.

SUNLIGHT SOAP is known by name throughout all the world, but not by name alone. Sunlight Soap is known by purity just as it is known by name. An established and guaranteed purity is ever associated with Sunlight Soap. The name and the guarantee are inseparable. They must ever remain so, because PURITY is the great soap essential. Cleansing means purification—without pure soap you cannot have perfect cleanliness—this stands to reason.

The \$5,000 Guarantee of Purity given with every bar of Sunlight Soap is something more than an advertisement. It is a dominant force throughout the whole of the Sunlight Soap manufacture. To say that this guarantee is the dominant chord in the perfect harmony of the Sunlight Works would better express its influence.

The buyer who buys the choice Sunlight Soap materials—the soap boiler—the expert-chemist—the girls who wrap and pack Sunlight Soap—all are mindful of the guarantee. The \$5,000 Guarantee of Purity is a source of gratification to all the Sunlight workers.

DISABLED MAN OPENS MILL IN PEACE RIVER

Wounded at Festubert, But Now Starting Civil Life With a New Vim.

Edmonton.—A flour mill will be built in the Peace River district in the next few months thru the enterprise of a returned soldier, Sgt. Michael Slevin, whose best job before he enlisted was grubbing a living single handed from a homestead.

Slevin is an Irishman, and while the Government has him tabulated on its pension books as reduced to three-fourths capacity, he has triumphed.

Thousands are spending fortunes in frantic efforts to remove the signs of premature age from their faces. Such women willingly pay almost any amount of money to get rid of excess of powdered axolite and half a pint of witch hazel at the drug store and mix the two. Apply this daily for a while as a refreshing lotion. The effect is almost magical. Even after the first treatment a marked improvement is noticed and the face has a smug, firm feeling that is most pleasing.

WATCHFUL EYE TO BE KEPT ON T. B. PATIENTS

All Men Discharged From Military Sanatoria Are to be Watched for Six Months.

Plans whereby a watchful eye will be kept over tuberculosis patients dismissed from the Military Hospital's Commission's sanatoria are being laid

Announcements

Notices of any character relating to future events, the purpose of which is the raising of money, and the raising of money, may be inserted in this column at two cents a word, with a minimum of fifty cents for each insertion.

By Col. Alfred Thompson, M. P., the medical superintendent, with attention of safeguarding all men with tendencies toward the disease from over exertion, and the detrimental effects of unsuitable surroundings during the first six months after their discharge from the sanatoria.

Carefully supervised living and diet, and the best medical care and surroundings built the men up and put them in condition while they are patients in the various hospitals for the treatment of tuberculosis, and when they are discharged, but no supervision regulates their food and living conditions they are apt to fall back unless some takes an interest in them.

Steps are being taken to enlist the interest and necessary services of the social service order in this projected work.

Carelessness in the first six months of civil life has in many cases troubled the sanatorium of its triumph when a man who had been sleeping out of doors and eating plain food, some food went back to work and civil life under unsanitary conditions.
