

a proposal to the Provincial Government to acquire from them such lands as are necessary to accommodate the Nordegg Group of Stony Indians. You know better than this office, or can more readily ascertain than this office, what the actual land requirements of the Nordegg Group are. We quite appreciate that they require lands at or near their present settlement and are prepared to acquire them on their behalf if suitable lands can be obtained at a reasonable price.

It would be appreciated if you would discuss the matter with the provincial authorities at the first convenient opportunity and report further on the matter.

Yours very truly,

Director
