IMPERIAL THEATRE WILL TAKE ITS REPUTATION

Upon The Three Photoplays To Be Presented Next Week

The coming week will be a truly remarkable one at Imperial Theatre. Instead of the usual run of pictures, there will be three supreme photo-plays as follows: Monday and Tuesday—Jesse L. Lasky's Montegrin romance, "The Un- afraid," featuring Rita Jolivet and the handsome matinee idol, House Peters. This picture is in five acts, and alto- gether a lovely production. "The God- dess" will also be run in this programme. Wednesday and Thursday the first of the famous V-L-S-E pictures will be presented in "The Judgment," intro- ducing Earl Williams and Anita Stewart in the principal portrayals. "The Judgment" is the colossus of all rail- way dramas, the great climax being the entire wrecking of a long railway train which plunges over a bridge—a scene costing \$200,000 in rolling stock alone. Friday and Saturday, besides "The Broken Column" serial, Edgar Selwyn, one of the world's foremost actors, will be seen in his picturesque and Oriental love story, "The Arab." Alvin & Kenney, acrobatic clowns, will be the vaudeville. This list of features is the most pre- tentious and costly ever presented before the people of St. John, and without further waste of words, the Imperial stakes its reputation upon the people's verdict.

DETROIT "BOMB BUND" PLOT TO FREE DYNAMITER

Windsor, Ont., Oct. 22.—Members of the Detroit "Bomb Bund" of which Albert Katschmidt, a wealthy manufacturer, is the leader, are said to be respon- sible for the hatching of the latest plot, recently uncovered, to liberate Charles Repp, a German reservist, held on three charges of conspiracy and dynamiting buildings in Windsor and Walkerville. Spirited from the Sandwich Jail by Gov- ernor John Harmer shortly after dis- covery of the plot to free him, the present whereabouts of Repp remains a secret.

TERRIFIC BLOODSHED ON SERBIAN FIELDS

Rome, Oct. 22.—Warfare that makes even the seasoned veterans of Russian campaigns shudder, is being waged in Serbia. It is hardly warfare—it is an annihilation. From German sources comes the story of how stubbornly the Serbians are de- fending their country against the in- vaders. They are fighting like fatalists. Women are taking sides by side with the men. Boys and girls are dying be- side their parents. The Serbian army has been practically annihilated. A private citizen, male and female, capable of bearing arms. Few prisoners are taken. It is a fight to death. Inch by inch what is gained by Teu- ton and Bulgar is captured at a fright- ening cost. Serbians are being shot by the defenders. All of the energies of General Mackensen are being put into the fight. His Galician campaign was a piece compared with his desperate at- tempt to cross Serbia. Twice the German commander has asked for reinforcements. Three new army corps, 150,000 men, have already arrived from Germany. But they are not really reinforcements—they merely suffice to fill up the gaps that have been made by the Serbians in their desperate defence. The German losses have been enormous, but those of the Serbians are probably greater. The pitiable part of it is that among their dead left on the battle- field are many women, girls and boys. The fight for possession of the town of Vranza was one of the most bloody in warfare—ancient or modern. The Bul- garians finally occupied it, but after the fearful cost. The Serbs defended it place until practically the last man died fighting. The defence was completely wiped out. The victory cost the Bulgars 10,000 lives. The town was little more than a mine field, and defendants and assailants were often blown up to- gether.

WRITES OF ST. JOHN FRIENDS AT FRONT

News of old friends whom he has met at the front form a considerable part of recent letters from Gunter Charles Chase of the D. A. C. 1st contingent, son of E. W. Chase of St. John. He mentions seeing the two Danery boys, one of whom is in the same column, Louis Clarke, William Steers, Arthur Dickson, John Tufts and George Dupliss, all of whom he found in excellent health and spirits. Rev. Dr. Pringle, formerly of Sydney, is now at the front and recently gave them a lecture on his experiences in the west. The D. A. C. team won the baseball league and they are after the football championship.

WAS AT GRAVE OF HIS SON ON BATTLEFIELD

London, Oct. 22.—Lieut. Col. G. M. Maunsell of Ottawa, sailed for New York today. Before leaving the front he visited the grave of his son, Lt. Maunsell, who died of wounds, at the end of August. Brother officers erected over his grave one of the few tombstones to be found on the battlefields.

ONTARIO MEDICAL ASSOCIATION STICKLERS FOR ETIQUETTE

Toronto, Oct. 22.—The attitude of the Ontario Medical Association towards the different schools of drugless healers was explained today before Justice Hodgins, the medical commissioner appointed by the provincial government. It was pointed out that the medical men had nothing against the practice of osteo- pathy, chiropractic, etc. What they stood for was that all those engaged in drugless healing should first go through the full course of training required of medical doctors and pass the regular ex- amination and conform to the etiquette of the profession.

GERMANS MADE NO EFFORT TO LEARN FACTS OF THE CASE London, Oct. 22.—The foreign office in a statement tonight, says the German government on July 28, complained to the American ambassador at Berlin that the British steamer Buena Ventura, flying the United States flag, left Santa Rosa, Mexico, for England May 31, with a cargo of ammunition and rifles, shipped from the United States, and of copper, shipped from Santa Rosa, and requested the United States government to be informed of this "misuse of the United States flag."

THE BEST QUALITY AT A REASONABLE PRICE Making Home More Cheerful

When Mother feels good the family is happy, but when Mother is tired, cross and nervous, nothing seems quite right in the home. Eye-strain is responsible for many headaches, much nervousness and exhaustion women suffer from, and usually the eyes are not suspected as the cause of the drain on general health. Often there is severe eye-strain when apparently the sight is good. Correctly fitted glasses will end the eye-strain, and many a home would be more cheerful if Mother wore glasses made especially for her. Sharpe's optometrists can de- tect eye-strain if it exists, and prescribe the right glasses to correct it. If you squint, frown, have headaches or are nervous, consult Sharpe's optometrists.
