AT THE OPERA HOUSE

There will be three big shows at the Opera House tonight—the Young Adams Company presenting the good comedy drama, "The Gold King." Henry presenting his wonderful trunk and disappearing feat, which is about the most clever act of the kind that has been seen on the local stage for a long time; and the "Country Store," with a bushel of fun and \$25 worth of groceries and household goods given away to the audience.

For the coming week, the company will present on Monday, Tuesday and Friday nights, the well known comedy-drama, "A Girl of the Sunny South." There will be a special souvenir matinee on Tuesday afternoon. On Saturday,

matinee and night, that well known and always popular play, "Uncle Tom's Cabin" will be staged, with Miss Adams in the role of "Topsy" and Marguerite as "Little Eva." Those who have enjoyed Miss Adams in the strong emotional roles she has played here will find her equally at home in the rollicking, mischievous, black imp of darkness, "Topsy"—who "never was born—jes' growed." There will be a plantation quartette and all the other stage effects so necessary to a real production of "Uncle Tom's Cabin."

Within ten days Mr. and Mrs. Michael Keating of Archibald Pa., became grandparents of four grandsons, the story having called at homes of three daughters and a son.

WAR ACCOUNTS WILL BE PROBED

Referred to Accounts Committee on Opposition Motion—Dr. Neely's Charges Against Finance Minister—A Nationalist Speaks

Ottawa, March 12.—The granting of the request of the opposition by the government to have submitted to the Public Accounts Committee the correspondence which has passed between the auditor-general and the military department with respect to expenditures under the war appropriation act, opens the way to an investigation into a wide range of purchases made by the department since war commenced.

Dr. Neely of Humboldt, Sask., dealt unsparingly with the minister of finance today, charging him with a constant concern over big financial and protected corporations and a cynical disregard of the common people. He pointed out that in the first three hours of the minister's speech he had used the first personal pronoun "I" no less than 489 times, at the rate of two and a half a minute. He charged that the real purpose of the war tax was not to increase the revenue, but to increase the cost of living for the benefit of the minister's protected friends. He challenged the minister to show the sincerity of his pretence that these were war taxes by a promise that they would be removed at the close of the war. Hon. Mr. White remained silent.

Hermengilde Boulay of Rimouski, Nationalist-Conservative supporter of the government, startled the house by declaring that Canada should not contribute to the cost of the war more than she could after meeting her own needs and that the British government should meet all expenses of the overseas contingents after they leave these shores. As he said, these were only his personal views, he would support the government measure.

W. F. Carroll of Cape Breton expressed indignation over such utterances from a supporter of the government and said that he was sure that they reflected the views of a very small portion of the population.

Those Dismissals

A return of appointments and dismissals in the Canadian naval service up to March 1, tabled in the commons yesterday, show a decrease of 492 employees owing to the dismantling of the Niobe and Rainbow—hardly in keeping with the idea of "consolidation" of which so much has been said by the government. In other departments there have been 11,000 more who have entered the service than have left. The returns tell of 484 men being dispensed with because their services were no longer required.

Stomach Troubles Due To Acidity

SO SAYS EMINENT SPECIALIST

So-called stomach troubles, such as indigestion, wind, and stomach-ache are in probably nine cases out of ten simply evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural, and acid formation is unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid, and render it bland and harmless, a teaspoonful of bisulphated magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper antacid, such as bisulphated magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acids.—M. Get a 10-cent box now.

Most of the ills of childhood are caused by a sour, disordered stomach, sluggish liver and constipated bowels. They catch cold easily, become cross, listless, irritable, feverish, restless, tongue coated, don't eat or sleep well and need a gentle cleansing of the bowels—but don't try to force a nauseating dose of oil into the little one's already sick stomach—it is cruel, needless and old-fashioned.

Any child will gladly take Cascarets Candy Cathartic which act gently—never gripe or produce the slightest uneasiness—though cleanse the little one's system, sweeten the stomach and put the liver and bowels in a pure, healthy condition. Full directions for children and grown-ups in each package.

Mothers can rest easy after giving this gentle, thorough laxative which costs only 10 cents a box at any drug store.
