Miss Lape was next interrogated.
She was so alert, so self-possessed, so the while today the electorate has a vastly more inteligent idea of how their city is managed, it is because of the untiration of the services in behalf of a healthy and progressive civic spirit. To these men the thanks of all are due. For men the tha than she, were at a disadvantage. She is managed, it is because of the untir-tia, Rev. Peter Bryce of Toronto than she, were at a disadvantage. She

SPEND LESS, TAX LESS (Toronto Star.)

Nations the world over are faced with way is to increase the revenue by additional taxation. The other way is to decrease the expenditure by economical

people regarding it.

Mr. Bok has done more. He invited the Senators or anybody to produce a better plan, and he ill finance a nation wide referendum of Mr. Bok and Miss Lape is reported in full in the New York papers the whole question of the League of Nations will be discussed more generally, and more people will be set thinking about it than the League advocates could have hoped for. The thinking about it than the League advocates could have hoped for. The thinking about it than the League advocates could have hoped for. The league of thinking about it than the League advocates could have hoped for. The league of thinking about it than the League advocates could have hoped for. The league of the league and the league advocates could have hoped for. The league of the league and the league advocates could have hoped for the league and the league advocates could have hoped for the league and the league advocates could have hoped for the league and the league advocates could have hoped for the league advocates the expenditure can always be passed on to the public in the form of the public in the form of the station. The Government passes it on to others—usually with success. Eventually much of it lands on shoulders little able to bear it.

Relief in taxation means relief for the wealthy pass taxation on. And the way to lower taxes is to lower taxe administration.

The second method is that which should be stressed. Some of the ingenuity exercised in finding new ways of taxing might well be devoted to find and I'm trying to raise the dough."

In its study of shell-shock cases science found much in common with mental conditions arising from the model almost as soon as they do in Paris.

pan into the fire.

For the mental condition known as while there is keen disappointment that Charles Gorman did not win to-day's race at the Olympic sports, the people of St. John have the satisfactory of the interaction was no cure. Therefore, the late Dr. C. K. Clarket diligently labored to apply the knowledge gleaned from shell-shock cases to be compared in the conditions of the cond people of St. John have the satisfaction of knowing that he made a splendid exhibition and lowered his colors to a wonderful speed skater who is also known and greatly adte to pay a large enough salary to be to pay a large enough salary to be their full time, a greater number tion of knowing that he made a splendid exhibition and lowered his colors to a wonderful speed skater who is also known and greatly admired in this city.
