REPORT ON UNEMPLOYMENT

Ottawa, Nov. 14—(Canadian Press)—
Very little change in the employment situation throughout Canada is shown by the bulletin of the employment service, covering the two weeks ended October 8. The department index number, covering reports from 5,400 business firms, stood at 89.9 as compared with 90.2 for the preceding two weeks, and with 107.5 for the corresponding period of 1920.

when the index number stood at 90.4 the highest point reached in the present year. The seasonal expansion in logging continued during the fortnight under review but this was offset by a shrinkage in saw milling operations. The situation in the prairie province was somewhat more favorable than in other parts of Canada, largely, says the bulletin, on account of expansion in rail-
