

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, SEPTEMBER 23, 1920

MISSING CHILD IS FOUND DYING

Little Dorothy Rogers Evidently Fell Off Roof of Roxbury House.

(Boston Globe.)

A six-year-old girl, identified as Dorothy Rogers of 417 Harrison avenue, South End, who was found unconscious in a pool of her blood in the rear of the house at 69 East Lenox street, Roxbury, at six this morning, died at the City Hospital at 10.45 a. m. without regaining consciousness.

Dorothy Rogers was reported to the police of the East Dedham street station, missing at midnight last night. She evidently fell forty feet from the roof of the vacant house at 69 East Lenox street at an early hour this morning. People of the neighborhood were aroused at six this morning by moans of a child and an investigation revealed the dying child in the alley. She was semi-conscious and bleeding profusely from many wounds. Her eyes were blackened and she suffered internal injuries besides broken bones were in her legs.

Patrolmen Donovan and Crowley removed her to the City Hospital where her name was placed on the danger list. On investigation the two policemen found the girl's hat on a sill of the third-story of the building near which her body was found. The doors of the building were open and the police theory is that she wandered into the building early this morning and went to the roof and went to sleep.

When she awakened it was dark, according to the police theory, and she was frightened and started to walk and unconsciously walked over the edge of the roof and fell forty feet to the alley. In falling her hat came off and was caught and held in the sill at the third story as she dropped.

Police were sent to the home of

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

SUMMER ASTHMA— HAY FEVER

—sleepless nights, constant sneezing, streaming eyes, wheezy breathing—

RAZ-MAH

brings relief. Put up in capsules, easily swallowed. Sold by reliable druggists for a dollar. Ask our agents or send card for free sample to Templeton's, 142 King St. W., Toronto. Agents, all Toronto and Hamilton druggists.

Local Agents—Wasson's Drug Store.

The missing Dorothy Rogers, whose parents were hastened to the bedside of the dying child at the City Hospital.

She was identified by Mrs. Lillian Rogers, who told the police the story of the child's disappearance. She said she was in Blackstone Park, South End, last evening just before eight, and the child left her to go to a shop to purchase an ice cream cone. The child did not return and the mother said she sought for her until midnight, when she reported her disappearance to police headquarters. Mrs. Rogers then went to her home.

Three Times in Hospital.

Today the police were informed that the Rogers child has been a patient at the City Hospital three times within the past year. In July she was taken there from her home, at an address different from the present one, suffering from gas poisoning. Previous to that she was taken to the hospital from her home in Linden Park street, Roxbury, to be treated for injuries received in falling from a window of her home.

Today the police found a mattress on the roof of the house from which, it is believed, the child fell to her death. It is suspected she wandered into the open door and went to the roof and slept on the mattress until she was awakened in the dark at an early hour, and then wandered to the edge and fell from the roof. Capt. Skillings is not yet finished with his investigations in this case. There are a few puzzling circumstances which he is clearing up before closing his work. Medical Examiner Leary also is investigating and will perform an autopsy.

DUTCHMAN INVENTS PHANTOM AIRPLANE

TO CARRY BOMBS.

Paris, Sept. 22.—Surpassing the dreams of Jules Verne and the prophecies of H. G. Wells, Fokker, the Hollander who invented the German Chase airplane has now obtained patents for the construction of "Phantom Airplanes" which will, he says, revolutionize warfare.

The "Phantom Airplane" is an airplane piloted and directed by wireless signals sent from a "Parent Plane." The "Phantom" carries no human board, but underneath its wings is fixed one huge bomb.

One man, riding the "Parent Plane," can direct, says Fokker, a fleet of hundred or more "Phantoms."

UNSKILLED LABOR IS UNOBTAINABLE

Comment of Montreal Labor Bureaus and Big Employers on Situation.

(Montreal Star.)

In spite of the fact that almost fabulous wages are being offered for absolutely unskilled labor there is apparently little inclination on the part of laborers and others in the city to offer themselves for jobs, according to the information given to The Star this morning by representatives of some twenty well known companies throughout this and the neighboring provinces.

The office of the Labor Bureaus Company, Reg. St. Lawrence boulevard, was crowded with men this morning. They had not come in search of work, but were there to obtain the services of the agency in finding for them men to occupy many positions which were vacant in their firms.

Owing to the strike yesterday of electricians, linemen, armature winders and others in the neighborhood of Niagara Falls, it is stated, there are thousands of positions today vacant in the various companies which derive their power, and incidentally their income, from the falls, and others, near them. One large company, which has 1,000 positions of all sorts in the electrical trade to offer to men at the Campbell Falls, has already a representative in the city, who is doing everything possible to obtain men for the work. Asked by

HOLY GEE, MY HEAD FEELS GOOD TODAY!

Pain Over Eyes is Gone, Headache Cured, Catarrh Relieved!

This is the Common Experience of Those Who Breathe the Vapor of

Catarrhazone

Remember this, Catarrh can never be cured or even relieved by a cough syrup, a spray, or tablet treatment. Trouble is these remedies slip quickly over the sore irritated membranes, drop into the stomach and do little else but harm digestion. It's different with "Catarrhazone"—you inhale it. Every breath sends healing balsams to the inflamed tissues. Tightness, soreness and inflammation are cured by healing pine essence. The cough dies away, throat is strengthened, huskiness is cured. Nothing is so simple, so convenient, so certain to cure as Catarrhazone. The dollar outfit includes the inhaler, costs \$1, and is guaranteed to cure. Small size 50c, trial size 25c, all dealers, or The Catarrhazone Co., Kingston, Ont.

CUTICURA HEALS SISTER'S ECZEMA

In Rash All Over Body. Burned And Itched. Could Not Rest.

"My little sister had eczema all over her body. It came like a rash, and was burning and itching. She could get no rest, and we would have to wet her clothing to take it off. She was cross and irritable, and the breaking out caused disfigurement."

"She had the eczema about five months when we tried Cuticura Soap and Ointment. We could see she was getting relief, and we just used one cake of Cuticura Soap and one box of Cuticura Ointment when she was healed." (Signed) Miss Jessie Campbell, Sunny Beach, Nova Scotia, January 16, 1919.

You may rely on Cuticura Soap and Ointment to cure your skin. Soap 25c, Ointment 25c and 50c. Sold throughout Dominion, Canadian Depot: Lyman, Limited, St. Paul St., Montreal. Cuticura Soap alone without soap.

The Star this morning why he was unable to obtain men, the representative stated that this is impossible to explain.

He stated that his company is offering \$125 per month, as a minimum wage, and that the transportation of all men as well as head tax where necessary, is being paid by the company. The board at the camp near Campbell Falls, he stated, is reckoned at \$1.00 per day so that the men who work for this sum are able to count on \$125 clear in the month. In spite of this, he continued, he has had few offers and the men are apparently too lazy, or for some reason unwilling, to work.

A representative of one of Canada's largest pulp and paper companies, which has extensive interests in the eastern and middle positions of the Dominion, is also in the city on the look-out for men. This man told The Star today that the company is short of more than 300 men at two small camps, Ste. Agathe and St. Jovite, from whence he came, and that already the lumbering industry in the Laurentians is being held up by lack of this labor.

Can't Keep Men. Asked why the company was unable to obtain men, he stated that the men, after working a few days and getting enough money to keep themselves for some short time, leave the place secretly. He mentioned the fact that labor this year is better paid than it has been for some time and that, in spite of this, it is almost unobtainable. He stated that last year the same company had no difficulty in obtaining lumberers, although then only paying \$65 per month with board. This year, he said, the company was paying no less than \$80 per month with board included.

H. E. Ibbotson, owner of the Labor Bureaus Company, Reg. St. Lawrence boulevard, explained the lack of men, as also was Mr. Kirner, superintendent of the company. Both officials stated that the only reason they could ascribe to the lack of volunteers for work giving a good rate of remuneration, was laziness and lack of stamina on the part of present day unskilled labor.

OPERATION WAS NOT NECESSARY

"Fruit-a-tives" Restored Her To Perfect Health

163 Papineau Ave., Montreal. "For three years, I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist who said I must undergo an operation. I refused."

I heard about "Fruit-a-tives" so decided to try it. The first box gave great relief; and I continued the treatment. Now my health is excellent—I am free of pain—and I give "Fruit-a-tives" my warmest thanks!"

Mme. F. GAREAU. 50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

AUTOMOBILES MAY BE RUN BY GAS MADE FROM STRAW.

Washington, Sept. 22.—The operation of automobiles by gas made from straw is a possibility of the future. "A gas obtained by the destructive distillation of wheat, oat, and rye straws," the department of agriculture announced today, "is now being produced upon a small scale at the experimental farm at Arlington, Va. Although an automobile has been operated with the combustible gas, it has been used for illuminating purposes, as well as for cooking, the possibilities of straw gas are not yet fully determined."

Montevideo, Sept. 20.—Morris Fox, a young man claiming Canadian citizenship detained here on the supposition that he might be Eugene Le Roy, the alleged perpetrator of the Detroit "trunk murder," is not Le Roy, so police officials of this city announced. Finger prints records showing characteristics of Le Roy's hands arrived from Buenos Aires during the day and established complete proof of Fox's

ACCIDENT VICTIM LOST HIS MEMORY

Montreal Man Struck by Automobile Suffered Concussion of the Brain.

Struck by an automobile at the corner of Amherst and St. Catherine streets, Montreal, this week, Jules Laverdure suffered a concussion of the brain and had his right temple severely gashed. The shock caused the victim to lose his memory. According to the report made by Constable Laland, on traffic duty at the corner, Laverdure was crossing St. Catherine street from west to east, when an automobile driven by Alexandre Boudon of Limoulo, Que., turned towards the north on Amherst. Laverdure retreated, and then stepped forward, striking the mudguard of the automobile. He fell and struck his head on the pavement. Picked up by the constable and the driver of the machine, he was taken into Vadeboncoeur's drug store at the corner, where he was given first aid. He was able to give his name and address, but could remember nothing of the accident. An ambulance from the Notre Dame Hospital was summoned and he was admitted to a ward. He later lost his memory completely.

Montevideo, Sept. 20.—Morris Fox, a young man claiming Canadian citizenship detained here on the supposition that he might be Eugene Le Roy, the alleged perpetrator of the Detroit "trunk murder," is not Le Roy, so police officials of this city announced. Finger prints records showing characteristics of Le Roy's hands arrived from Buenos Aires during the day and established complete proof of Fox's

innocence there being no semblance of identity between them and his finger prints. Fox was released and probably will go to Buenos Aires to rejoin the British ship Dryden from which he was taken when she touched here last Wednesday. He will return to New York on board that vessel, it is said.

Free of Suspicion of Perpetrating Trunk Murder.

Montevideo, Sept. 20.—Morris Fox, a young man claiming Canadian citizenship detained here on the supposition that he might be Eugene Le Roy, the alleged perpetrator of the Detroit "trunk murder," is not Le Roy, so police officials of this city announced. Finger prints records showing characteristics of Le Roy's hands arrived from Buenos Aires during the day and established complete proof of Fox's

Husky Men Are Eating Sa'lads

They Are Also Eating Rich Pastry and Highly Seasoned Foods That Call for Stuart's Dyspepsia Tablets.

In the big, palatial restaurants of the large cities their principal patronage comes from the out-of-town visitors. No lunch counter sandwiches for them. They

like the entrees, salads, rich pastry and a cup of black coffee with rich cream. This combination is likely to overcrowd the stomach, to cause acidity with sour risings, gassiness, a feeling of fullness and other such distresses due to indigestion or dyspepsia. Whenever you go in any city in the U. S. or Canada you will find Stuart's Dyspepsia Tablets on sale at 60 cents a box. Take one or two after eating as they relieve the acid stomach and at the same time help digest the food.

innocence there being no semblance of identity between them and his finger prints. Fox was released and probably will go to Buenos Aires to rejoin the British ship Dryden from which he was taken when she touched here last Wednesday. He will return to New York on board that vessel, it is said.
