

GOOD THINGS COMING
TO THEATRES OF
ST. JOHN

THE OPERA HOUSE

Fire Eaters and Other Features
Last Times Tonight Tomorrow's
New Bill

Have you seen the pyrotechnic sensation offered by the Negyats at the Opera House. Some fire eaters. One places sputtering carbons in his mouth as though it was a rare delicacy and to finish a charge of gunpowder—flash—bang—just as though it was shot out of a gun. It is a rare novelty, and worth seeing.

The present bill has plenty of good comedy—some real clever step dancing and right through, will entertain and amuse you. Tonight is the last time for this programme—usual two performances, at 7.30 and 9.

The regular change of programme in opening tomorrow afternoon offers five big features, with the Cheyenne Minstrels in a variety novelty, introducing harmony singing, comedy, lariat swinging, dancing and character imitations; Buelah Pearl, distinctive entertainer; Gruet, Krammer and Gruet, in a snappy musical and comedy skit, "Circus Days in Georgia"; Alexander and Mack in a lively sketch, "A Breeze of Aristocracy"; Susanne, Canada's premier danseuse, and Ernest Le Messurier, a well known cartoonist, in a novel offering, "Studio Fancies"; and the semi-permanent "Thunder Mountain." Tomorrow afternoon at 2.30.

ARMISTICE DAY

In response to a suggestion made by His Majesty, the King, that November 11, the first anniversary of the signing of the armistice, be celebrated by the observance of a period of silence for two minutes, it has been decided that tomorrow at 11 o'clock all industry shall cease and silence shall be maintained for two minutes in honor of the great event and in memory of our boys who gave their lives in the great struggle. The fire gong and siren will be sounded at 11 o'clock. R. T. HAYES, Mayor.

LET "DANDERINE"

SAVE YOUR HAIR

Hurry! A Few Cents Stops Hair Falling and Doubles Its Beauty

A little "Danderine" cools, cleanses and makes the feverish, itchy scalp soft and pliable; then this stimulating tonic penetrates to the hair roots, revitalizing and invigorating every hair in the head, thus stopping the hair falling out, getting thin, scraggly or fading. After a few applications of "Danderine" you seldom find a fallen hair or a particle of dandruff, besides every hair shows more life, vigor, brightness, color and thickness. A few cents buys a bottle of delightful "Danderine" at any drug or toilet counter.

AMERICAN LABOR FEDERATION BACKS UP STRIKING MINERS

Washington, Nov. 10.—In a statement regarding the cause of the strike of bituminous coal miners, the American Federation of Labor declares that the officers of the United Mine Workers of America did everything in their power to avert "this great industrial struggle." It criticizes the government's injunction proceedings as "invasion of the rights of miners," intended to drive the miners into submission by cutting off their strike benefits, and demanded the withdrawal of the injunction "to restore confidence in the institutions of our country and respect to courts." The statement endorses the strike as justified, and pledges to the miners the full support of the American Federation of Labor and appeals to the workers and citizenship to give like endorsement and aid to the men.

BILIOUSNESS

How to Prevent and Cure

Among the earliest symptoms are full tongue and dull headache.

The tongue comes discolored, bad taste, quick pulse, fever and cold sweats.

Finally, sleeplessness and vomiting make the condition of the sufferer almost intolerable.

The root of biliousness is with the liver which is clogged and can't keep bile from getting into the blood.

Nothing works with the certainty of Dr. Hamilton's Pills; they act directly on the liver, restore the bile to its proper course and prevent it from contaminating the blood.

Of course, the bowels are ordered and relaxed by Dr. Hamilton's pills, the kidneys receive new tonic, the blood is renovated, and the result is a renewal of good health.

No need for delay, the sooner you use Dr. Hamilton's Pills, the sooner you'll feel the brisk, keen satisfaction of a healthy, well-regulated system. Sold in yellow boxes, 25c.

IN WALL STREET

New York, Nov. 10.—Influenced mainly by labor developments over the week end, selling of securities in very large volume was resumed at the opening of today's stock market session.

Industrial of the several groups which figured conspicuously in the recent advance were under especial pressure. Reactions of two to almost ten points accompanied the first fifteen minutes of trading in motors and their subsidiaries and steel and allied equipments. Oils and shippings also were heavy and investment rails finally yielding as selling broadened.

Noon Report.

Substantial recoveries were made in the first hour, but not before many leaders had materially extended their early losses. Such stocks as Industrial Alcohol, Crucible Steel, General Electric and Transcontinental Oil ran counter to the general trend, soon showing actual gains of two to five points. Rallies among equipments and related shapes carried other issues over last week's final prices and induced heavy covering of short contracts. Irregular reactions occurred again prior to the opening of the money market. The initial rate for call loans was 12 per cent, despite last Saturday's favorable bank statement.

YESTERDAY'S TIDES

In addition to the floods from which the residents in the vicinity of the old mill pond in Carleton suffered yesterday, the water from the Bay reached some high points in other sections of the country. At the Red Head marsh the road was completely covered at some points and traffic was held up for a while. Two pedestrians, pressed for time, were forced to remove boots and socks and wade through the cold water for about a quarter of a mile to get across the marsh.

The flood on the west side caused a great deal of inconvenience to the sanitary arrangements of the houses as the sewerage pipes being filled with the in-flowing tide did not permit the flushing of toilets. In some cases overflows were experienced.

Common Troubles Caused by Eye Strain

Many ailments which are a menace to health begin with eye strain.

Sight requires that the muscles which control the eyeball and its parts should work constantly.

If the shape of the eye is not perfect, the work becomes too heavy and the muscles are strained. This strain causes headache, nervousness, exhaustion, tired, weak, painful eyes.

Medicine does not cure. The only remedy is properly fitted glasses.

You secure thorough competent attention to your eye needs when you come to Sharpe's.
