What Would Happen

He was a good fellow, though he had glass eye. On the occasion of a big match this eye gave him considerable trouble and annoyance. At last his patience gave out, and he resolved on drastic remedies. He followed the Scriptural injunction and took the offending eye out altogether. After watching this operation his opponent became uninterested and went completely off his game. Becoming more and more angry as he thought of it, the opponent ultimately yelled and said: "How do you expect anyone to play golf after seeing you take out your blushing eye?" Confident now in winning the game the one-eyed player calmly made reply: "If you say much more I'll take out the other one too."

Definition of Happiness.

Max O'Rell puts into the mouth of the happy wife, in one of his clever sketches, the following definition of happiness: "To be loved by a husband of whom you are proud. To be rich enough to afford all the necessary comforts of life. To be poor enough to make pulling together a necessity."

Do not suffer another day with itching, bleeding, or itching piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. See a box, all druggists, or Edmondson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c stamp to pay postage.

Avoiding Disappointments

All of us have more disappointments than we need to have. If we would learn to look upon life as an unfolding story of varied incident and ceaseless change, rising to its glorious climax, the ups and downs of it would seem less crucial to us. It harks to be jolted out of our ruts; it is hard to bear losses, and sometimes harder to sustain wisely the inflowing of abundance. It wears upon us to toil for a great end, and to come far short of it. Yet there should be no real disappointment in all this, for we have no promise of immunity from change or from failure to obtain our desires. If we expect interruptions, we shall have fewer of those experiences that we commonly call disappointments.

MARINE NOTES.

Wm. Thomson & Co. have advised that the steamer North Point, of the Furness line, is coming to St. John to load grain and general cargo.
The steamer Tallman, Captain Hansen, now in port, has a cargo of pitch pine for A. W. Adams consigned to the I. C. R. and not for J. A. Likely as reported.
The Norwegian steamer Boston, which has been chartered by Pickford & Black for years, has left Halifax with 11,000 barrels of apples.

The schooner Kate B. Ogden, Captain Lanierson, from Philadelphia via Vineyard Haven for Charlottetown, has been abandoned at sea. Her crew was saved and landed at St. John's (Nfld.) by the Danish steamer Marselisborg.
With the fall fishing season commencing, we would call the attention of vessel owners and masters to the safety regulation which calls for a supply of food and a full water jar in every dory which goes over the side of a vessel on the grounds. Safety first is the watchword nowadays.—Canadian Fisherman.

COLE'S ISLAND WEDDING.

An interesting event took place at Cole's Island, Queens county, September 30, at the residence of Mr. and Mrs. Elsie Kierstead, when their daughter, Miss Mildred Kierstead, was married to Fred Elliott also of Cole's Island. The ceremony was performed by Rev. Calvin Currie and was witnessed by a large number of friends. Mr. and Mrs. Elliott were the recipients of many beautiful presents.

Father, teaching his six-year-old son arithmetic by giving a problem to his wife, begs his son to listen.
Father—"Mother, if you had a sovereign and I gave you five more, what would you have?"
Mother—"Hysterics!"

The "Movies"

are an important source of amusement to a very large section of the community. It is an education as well as an amusement.
You owe it to yourself and your eyes to see them with comfort.

USE THE WANT AD. WAY

The Armies

of England, France, Germany and Russia are not permitted to use a pound of alum baking powder. The efficiency of the soldiers depends too much upon their health and endurance to risk the use of food which the authorities believe would be detrimental. Therefore the manufacture and sale of the alum powder is prohibited.

Royal Baking Powder is extensively used privately and by the military forces throughout the world. Its absolute wholesomeness, imparting as it does, healthful as well as appetizing qualities to the food, and its perfect keeping qualities in every climate and under different conditions, make it particularly desirable for all conditions of use.

McROBBIE HAS THEM

The best boy's school shoe made in Canada—it is made in St. John. J. J. McRobbie & Co. and is a dandy fitter and great for wear. t.f.

RECENT DEATHS

The death of Catherine, wife of the late Alexander Watson, occurred yesterday at the residence of her daughter, Mrs. Frank Craig, Union street, after a lingering illness. She was seventy-eight years of age and a native of Londonderry, Ireland. She came to St. John when but a young girl and has been assisting here ever since. She leaves to mourn four daughters, namely: Mrs. Archibald McLaughlin, of this city; Mrs. T. S. Gallagher, of Somerville; Mrs. Frank Craig and Miss Mary Watson, of this city.

Friends of Mr. and Mrs. Sterling Hamm were shocked to hear yesterday of the death of their three-year-old son, Wendell McIntyre, a bright young fellow who has been the life of Drury Cove during the summer. The funeral will be held on Wednesday afternoon.

The death of Thomas George Young, only son of Mr. and Mrs. George Young, 143 1/2 Brussels street, occurred at a late hour last evening, aged four years. The sympathy of many friends is extended to the bereaved parents.

OUR APPLES

(Montreal Mail)
The advertising campaign which the Department of Trade and Commerce has just begun with a view to increasing the home consumption of Canadian apples is to be commended.

The Canadian apple has no equal in the world, and Canadians in the past have not been as large consumers of this delicious fruit as they should have been. In the year 1911-1912, there were 1,664,652 barrels of Canadian apples exported; the most of which went to England, where they commanded the highest price in competition with all the countries in the world.

This year, when these heavy exports are cut off there is a great variety of the choicest Canadian grown apples available for Canadian homes.

If people only realized what it means to their health, quite apart from the real enjoyment there is to be derived from the eating of good apples, every home in the dominion would have a few barrels in storage for the winter.

There is a great variety of ways in which the apples can be served, and it is so inexpensive that a more general consumption of this fruit would have a ma-

terial effect in lessening the cost of living and improving the health of the people.
It is to be hoped, therefore, that the government's appeal on behalf of this national product will meet with a patriotic response in all parts of the dominion.

Healthy Bowels Rexall Orderlies

TRADE NAME

Perfect health can only be obtained by keeping the bowels regular. If your bowels do not daily carry away the waste left after the food is digested, decay sets in, producing poisons which are taken up by the blood, frequently resulting in Typhoid Fever, Appendicitis and other serious and fatal diseases.

To keep the bowels healthy and regular you must help, not drive, Nature by using Rexall Orderlies which are mild and gentle in their action, producing neither griping, nausea, nor any other discomfort.

Rexall Orderlies cannot injure the delicate tissue of the bowels, and, as they do not re-set, it is only necessary to take them for a short time to cure constipation.

If after you have tried Rexall Orderlies you are not perfectly satisfied with them, we will return your money.

Sold only at the more than 7000 Rexall Stores and here only at this one.
In west-pocket tin boxes, 10c., 25c., 50c. 109-B.
