PRODUCE REVIEW

Cheese Imports into England Seem to Have Reached a Well

hibition of 1907." (Applause.)
President Trapp then called upon t W. Weddel & Cc., of London, Eng., in reviewing the history of colonial dairy | Hon. Capt. Tatlow. Capt. Tatlow said:

The quality of Canadian butter slowtenant-Governor, and three cheers as y improves year by year, but does not make the advance it ought to do. Can-adian butter, which begins to arrive in inaugural ceremonies were ended. adian butter, which begins to arrive in May, has all the advantages of a usually rising market here for the five months from July to November; but butter makers in the Dominion make butter makers in the Dominion make hibits are quite a revelation. practically no progress in increasing their supply to our markets. The re-frigeration facilities that now exist for 100 15 placing Canadian butter here in about 14 days after its manufacture are such that the quality is virtually as good as 1.500 1.75 when it is made, and the high prices which are obtainable for Danish and other continuated butter of "obscioust". The Average for the Past Month H other continental butter of "choicest" quality should make the exportation of

best quality Canadian a profitable business.

September the total number of scholar in all the schools being 2,838, an in all the schools being 2,838, an in crease of 67 over the corresponding this country has apparently reached a month last year when the total well-defined limit, which leaves little 2.771. The daily attendance for the state of the country has apparently reached a month last year when the total well-defined limit, which leaves little or no room for expansion. Notwith-standing the attraction of high prices, induced very largely by the scare last year in American tinned meats, the impart of cheese for the year ended June school. Following is the tabulated 30th last was 1,000 tons below that of tendances. ten years ago. Contrast this with the import of butter, which exhibits an increase in the same period of 60,000 tons. Now competitors for the supply of charge to our markets have, therefore, North Ward ... a very uphili task before them, as only by displacing existing supplies can they succeed in getting a footing. This is worthy the serious attention of the Spring Ridge ... Hillside Avenue dairy interest in New Zealand and dairy, interest in New Zealand and Australia, which, tempted by the high price of cheese for the last two years, is now, expending considerable capital in fitting up cheese factories, in the expectation of a permanent success attending their enterprise. It is difficult to understand the basis on which such expectation exists as a supermanent of the content of the expectation exists, as the average price in British markets of Canadian cheese for the past two years is 11s. 9d. per ewt. (or 14d. per lb.) above the two praceding years, and 10s. 7d. per cwt. (or 14 a. lb.) above the control of the past lb.) (or 1% per lb.) above the average of the eight years from 1898 to 1905 inclusive. Colonial cheese is slowly but surely ousting the foreign article from Britsh markets. Up to 1904 this operation
