Preparing For War

Report That China Will Not Surrender the Anti-Foreign Leaders, And Is Hurrying Soldiers and Provision to Capital of Shau Si.

(Associated Press.) Shanghai, Sept. 29.—According to private advices received here from Nanking, the southern viceroys expect Great Britain and Germany to declare war on China as there is no likelihood of China surrendering the authors of the anti-foreign uprising for punishment. Should such an attack be made, the Yang Tse viceroys must make a show against the country's enemies, though they are well aware that the situation is hopeless, and are anxious not to sacrifice life unnecessarily.

Meanwhile forces and provisions are being sent to Tai Yuan Fu, capital of the viceroys of Shan Si. The position of the viceroys is grave. Emperor Kwang Su has issued an edict thanking Emperor Nicholas for his decision to withdraw the Russian troops from Peking, and also announcing his own willingness to perform a memorial ceremony over the grave of Baron von Kettler, the murdered German minister to China. It is announced from a Chinese official source that the Imperial court has ordered that the palace at Singan Fu, capital of the province of Shen Si, be immediately prepared for its reception.

Powers and German Proposal. Washington, Sept. 29.—The alignment of the powers on the German proposition to make the punishment for the Chinese leaders a condition precedent to negotiations may now be stated as follows: Great Britain, Russia and France stand in opposition to the German proposal. Japan occupies a middle attitude. She is willing to follow the German lead if all the powers are agreeable, but only for the sake of preserving harmony among the powers, and not from a belief in the wisdom of the German proposal. Austria-Italy stand shoulder to shoulder with Germany.

Nothing is known here officially of the alternative proposition which is reported to be preparing in Europe. Anxious for a Settlement. Tien Tsin, Sept. 25, via Taku, Sept. 28, via Shanghai, Sept. 28.—Li Hung Chang told Gen. Chaffee to-day that his chief desire was to effect a cessation of hostilities, and he promised that the Chinese would not again take the initiative in fighting. He expressed confidence in the fairness of the United States, and said he hoped the American government would act as a mediator, using its influence to hasten the assembling of the proper body to settle the whole question.

He is in constant cable communication with Wu Ting Fang, the Chinese minister here, and it is understood that he has received assurances that a majority of the powers will recognize his credentials. At the suggestion of Gen. Chaffee he is hastening his preparations to leave for Peking. A British cavalry reconnaissance forty miles to the south-west of Tien Tsin occupied several towns without opposition. The region is reported peaceful. A messenger who arrived here to-day brings news of a massacre of thirteen Swedish missionaries in the northern part of the province of Shan Si.

American Protest. New York, Sept. 29.—If the protest regarding the appointment of Prince Tuan, forwarded by Minister Wu Ting Fang, remains without effect and Tuan is kept in the privy council, the United States will refuse to negotiate with China unless assurances are given that the action of the envoys shall not be subject to review by the Chinese Emperor, says a special to the Times from Washington. This is an unusual step, in circumstances of the case are held to make it necessary. If Tuan is kept in the privy council it is certain that the peace treaty would have to pass through his hands in order to get to the Emperor, and to prevent that the United States will insist that the Emperor reserve himself of all powers by making those of Prince Ching and Earl Li absolute.

Occupied by the French. Paris, Sept. 29.—A dispatch received here from Taku says a French column from Peking has occupied Lonkou Chiao and Chan Sin Tien, thus obtaining coal stores. Action of Viceroys. New York, Sept. 29.—A dispatch to the Herald from Shanghai says it is learned from reliable Chinese sources that the friendly southern viceroys, Liu Kun Yi, Chang Chi Tung and Yuan Shi Kai, have impeached Prince Tuan, Gen. Kwang Yi and Gen. Tung Tuh Siang in a memorial to the throne.

London, Sept. 29.—The Paris correspondent of the Morning Post says: An agreement on the Chinese programme has been arranged between France, Germany and Russia. It will be submitted to the other powers within a few days. The action recommended will be milder than Germany's original proposal. It is said that all the powers will accept the programme.

The Cologne Gazette, in another semi-official statement apparently intended for circulation in the United States and Great Britain, points out the serious position resulting from Prince Tuan's ascendancy. "The continued massacres of missionaries and others indicate that the anti-foreign movement is directed toward an influential centre." It thinks that the situation thus created "must appear intolerable even to those powers favoring a policy of indulgence and forbearance."

The Tien Tsin correspondent of the Standard says: "I learn that Li Hung Chang has declared that Vice-Admiral Alexieff has gone to Port Arthur to avoid meeting Count von Waldersee, who was to hold a conference with him and with Vice-Admiral Seymour and Sir Alfred Gaselee."

A special dispatch, dated Shanghai, September 17th, has been received: "It is reported that Gen. Mei Kung Yei has expelled the Boxers from Pan Tung and is now following them into the province of Chihli. Some excitement has been caused by a rumor that Chinese steamers flying the British flag are conveying munitions of war from the Shanghai arsenal northward. It is reported that Russia has offered to advance money to China to repay the British loan."

At Washington. Washington, Sept. 28.—The state department has not been advised officially of any of the events of more or less importance which are said to have occurred in China within the past 24 hours. If Tuan has been degraded and if Russia contemplates a blockade of the Chinese naval ports, the department does not know the facts. It has let it be known to the Chinese government that Tuan's promotion would be unwelcome to the United States government, but it has not yet been informed of the result of that representation.

Respecting the statement that Ching has been discovered to be a contributor to the Boxer cause, it is said that all the information that the department has been able to secure touching Ching's personality went to show his unwavering friendliness for the foreigners, and upon that record he was accepted as a competent envoy.

The officials declined to say whether or not the instructions to Minister Chamberlain have gone forward yet, but it is intimated that the minister is fully advised by this time as to the state department's policy. It is said, however, and the statement may be significant, that no developments of importance in the Chinese situation are expected within the next two weeks at least.

UNDERGROUND RAILWAY. For London.—Mr. Yerkes, Chairman of New Board of Directors. (Associated Press.) London, Sept. 29.—Mr. Charles T. Yerkes, of Chicago and New York, was yesterday elected chairman of the new board of directors of the Charing Cross, Euston & Hampstead Underground railway. The formalities were completed in London in a few minutes. Mr. Yerkes handed a cheque for £100,000 to the old company, representing £40,000 for the charter and £60,000, which is the amount the old company had deposited with the authorities as a guarantee for carrying out the work.

DENTISTS POISONED. They Ate Canned Salmon at a Banquet Last Night. (Associated Press.) Chicago, Sept. 29.—Twelve out of 24 members of the Delta Sigma, Delta Fraternity, were poisoned by food eaten at a banquet last night. Canned salmon since it has been the cause of ptomaine poisoning. Although some of the men are still in a serious condition, it is not thought any case will prove fatal. All afflicted are dentists. The salmon was obtained out of town, and it is believed to be a lot from a burned cold storage plant at St. Paul. The health authorities have been trying to keep it out of Chicago.

PROOF POSITIVE CANCER IS CURABLE. Evidence of an Inconvertible Nature. Cancer has so long been considered an incurable disease, that people will hardly believe that there is really a cure. Yet abundant evidence can be produced to prove that in some of the worst cases of cancer our Vegetable Cancer Cure removed permanently every trace of the disease. One case we might cite, is that of a lady who suffered from cancer of the breast, endured the tortures of the plaster, which only aggravated her trouble, and she was cured completely by our remedy. Another instance—that of a gentleman who had cancer of the tongue. It was removed by the knife, but soon came back again. Our remedy cured him eight years ago and he has never had any recurrence of the disease since. If you desire the names and full particulars of these cases, you will find them in our new book, "Cancer, Its Cause and Cure," which you may have on receipt of 2 stamps. REV. J. G. PATTON ILL. (Associated Press.) Toronto, Sept. 29.—Rev. John G. Patton, of the New Hebrides, who has been attending meetings in Western Ontario, has been taken suddenly ill at Chatham and has had to cancel all meetings. He has been ordered to cease work at once by medical men in attendance on him, and has already left for New York en route for Great Britain.

Operators And Union

Mine Workers' Organization Will Not Be Ignored in Making Settlement. Men Will Be Asked to Work Pending Meeting of the Arbitrators.

(Associated Press.) New York, Sept. 29.—Anthracite coal was quoted \$1 a ton cheaper to-day than it was two days ago. This was taken as an indication that the railroads and others with stocks of coal on hand regard an early settlement of the miners strike as probable. The railroad officials, however, refused to say to what point the negotiations in this end has progressed, but it was learned that the operators have practically agreed not to entirely ignore the union in making a settlement. The present plan is believed to be to place the concessions before the men at the different collieries and ask them to return to work pending the settlement of the remaining differences by arbitration.

Additional Men at Work. Shamokin, Pa., Sept. 29.—The operators in this vicinity were pleased this morning because a larger number of men than usual reported for work at Mid Valley colliery, north of Mount Carmel. Since the strike was instituted the colliery has been operated with more or less success. Fifty-one cars of coal were shipped from North Frank's colliery, near Trevorton, this morning, as a result of yesterday's work, the greatest in the history of the colliery. Ninety per cent. of the men went to work this morning. Everything is quiet here.

Becoming Destitute. Hazleton, Sept. 29.—President Mitchell said this morning that he knows no more to-day about any concessions on the part of the operators to the miners than he did yesterday. He added that he had received no information during the night of this morning on the subject of a settlement of the strike.

A reporter of the Associated Press received the information that a number of foreigners on strike are complaining that they are becoming destitute and that if the strike is not soon ended or they do not get help of some kind they will be forced to go back to work. President Mitchell's attention was called to the alleged destitution and asked if any complaints had reached him. He said that it was the first that he had heard of. He preferred not to say anything when asked whether relief measures had yet been agreed upon to help tide over the mine workers during the struggle.

All mines that operated yesterday and heretofore in the Lehigh Valley are working as usual to-day. Philadelphia, Sept. 29.—The coal strike remains unsettled. Reports of conferences of mine operators and leading officials of the coal carrying railroads were plentiful. Beyond the general statement that the principal point under discussion was the advisability or practicability of granting the mine workers ten per cent. advance in wages, very little of the meetings could be heard.

NEWS OF DOMINION. Eastern Nominations—"No Bill" Against Grand Trunk Trainsmen—Fumigation of Fruit Trees. Hamilton, Sept. 28.—The Liberals of the city have succeeded in inducing A. T. Wood, sitting member, to again allow his name to be put in nomination for the House of Commons at the general elections. Mayor Teetzel has been asked by the same party to run with Mr. Wood in place of T. H. Macpherson, present member, who declines re-nomination.

Glencoe, Sept. 28.—West Middlesex Liberals yesterday nominated W. S. Calvert, sitting member, to again represent them in the next House of Commons. Belleville, Sept. 28.—The Grand Jury yesterday returned a bill against two Grand Trunk trainmen. Egan and May were charged with manslaughter for having been negligent in duties which caused a collision of two trains last July, which resulted in the death of two other trainmen.

Ottawa, Sept. 28.—The department of agriculture announces arrangements completed for the fumigation of fruit. St. John, N. B., Sept. 28.—John C. Niagara Falls, Ont., Windsor, Winnipeg and one port in British Columbia. This will enable the importation of American fruit trees which have been prohibited since the existence of the San Jose scale.

St. Thomas, Sept. 28.—Mrs. Foster, of Eye Cornall, moved into a new house yesterday to find the carpet and furniture ruined. Soon afterwards she was taken ill by using well water which had been poisoned. The water will be sent for analysis, and the police are investigating.

TO STARVE IS A FALLACY.—The dietum to starve is a fallacy because you have indigestion has long since been exploded. Dr. Von Stan's Pineapple Tablets introduced a new era in the treatment of stomach troubles. It has proved that one may get his fill of anything and everything he wishes, and one tablet taken after the meal will aid the stomach in doing its work. 90 in a box, 35 cents. Sold by Dean & Hiscocks and Hall & Co.—24.

MORE DEATHS FROM PLAGUE. Glasgow, Sept. 29.—Two more deaths from bubonic plague have been reported. One victim was a child born of a woman suffering from the disease.

BETTER WITHOUT A STOMACH.—"Hurt" to it, especially when you've eaten some of the best things that Providence has provided. "Huckle the plate." Dr. Von Stan's Pineapple Tablets stimulate the digestive organs. Let one enjoy the good things of life and leave no bad effects—carry them with you in your vest pocket—in a box 35 cents. Sold by Dean & Hiscocks and Hall & Co.

LETTERS AND LEADERS. Mr. Balfour Replies to Lord Rosebery—Colonial Secretary and Declaration of Peace.

London, Sept. 29.—Mr. Arthur J. Speaking last evening at Manchester, Mr. Balfour, replying to a question on the subject of international currency, said he had always been in favor of a stable par of exchange, which would benefit the trade and commerce of Great Britain and other countries.

Colonial Secretary Chamberlain has written a letter, in the course of which he says that as the Boer republics have been annexed, he does not expect any formal declaration of peace. He asserts that he does not know whether the Queen intends to fix a day of national thanksgiving.

Speaking yesterday at Biston, Mr. Chamberlain warned the electors against over-confidence. Sir Michael Hicks-Beach, chancellor of the exchequer, speaking last evening at Bristol, said the country had quite enough on hand at present, and to attempt to establish an English administration of a portion of China would be an act of madness.
