FOUNDRY AND MACHINE SHOP is prepared to meet the requirements of Railway, Mill and Steamboat owners and other users of Machinery, for all work and materials in his line.

IRON AND BRASS CASTINGS will be made a specialty. Stoves, Plow-castings, etc., always in stock ORDERS IN PERSON, OR BY MAIL PROMPTLY ATTENDED TO.

> Estimates for work furnished on application. JAS. G. MILLER

During the last two years I have sent out a great many accounts for small amounts at considerable trouble as well as expense in the way of postage, etc., the greater number of which have not yet been settled. I am, therefore, compelled to ask all those indebted to me for medicine to settle their accounts

On or Before the 1st July, next, as on that date all accounts remaining unsettled will be sued for without further notice. I will be glad in the future as in the past to accommodate customers who do not find it convenient to pay for their medicine as they require it, but I must first insist that all outstanding debts be paid.

A MUSICAL MELANGE.

The American manager who has engaged divinski, the planist, sent him a cable desatch before departing: "On no account ave your hair cut. At the late jubilee in Carlshad in honor At the late judice in Carisbaa in Ross of Labitzty, the Catholic priest composed a festival hymn, the Protestant minister wrote the words and the Jewish Synagogue urnished the singers.

Johann Strauss, the celebrated compositions Johann Strauss, the celebrated composi-of waltz music, is shortly to celebrate his artistic jubilee in Vienna. He made his Jebut in 1844 at the head of a dance band in the gardens attached to a Viennese res-

donna, received one thousand dollars a night for each performance at the Metro-politan opera house, New York; Mme. Calve received nine.hundred dollars, and Mme. Eames Story six hundred dollars. David D. Wood, who has been the organist of St. Stephen's Protestant Episcopal church, Philadelphia, for thirty years, has been blind since his third year (he is now 56). One of his teachers at the institution for the blind in that city was James G. Blaine.

James G. Blaine.

King Oscar composed an ode to the memory of Gounod, whose works he greatly admired, his majesty being himself a composer and disting tished musician. The king, as Prince Oscar, was the first to introduce church music into Sweden some roduce church music into Sweden some wenty years ago, till then unknown. twenty years ago, till then unknown.

Leoneavallo, the composer of "I Pagliacci," has been requested by Emperor William of Germany to compose a patriotic opera for the royal opera of Berlin. The subject is the betaken from old Brandenburg Listory, and the Elector Frederick M. is the principal personage in the story, Leoneavallo has laid aside all his other work to fulfill the kaiser's wish.

INDUSTRIAL NOTES. The Santa Fe railroad is running regular banana trains out of Galveston in connec-tion with the fruit steamers from Central

Last year's shortage in the English hay crop caused an importation into the United Kingdom of 263,050 tons in 1893, against 61,237 in 1892. There has been an improvement in the linen trade of Great Britain with Spain and Germany, but with France and Italy there has been a considerable de-

crease.

In a field one mile square on the estate of N. F. Larimore, Larimore, N. D., forty-five harvesters manned by one hundred and fifty men set to work and before noon half of it was harvested.

The gold product of West Australia last year was double that of the previous twelve months. The total export for the year was 110,891 ounces. The prospects for the present year are most promising.

The police census of Brooklyn's pure

The police census of Brooklyn's unemployed shows that there are 56,676 persons out of work. The division as to sex is as follows: Male, 46,688; female, 9,988. The number of families affected is 18,824.

Eight hundred tons of Australian butter were landed in London from one vessel a few days ago. A company has been formed in New Zealand to establish a whale station on the Kermadec islands, in the Pacific ocean, northwest of New Zealand. Provision is to be made for greatly en-larging the British museum. Five and a half acres will be added to the nine acres already occupied, through purchase from the duke of Bedford. A present of a hundred repeating rifles and eight thousand cartridges has just been made by the Austrian ministry of war to the Freeland association, which has a carried as a sociation, which has the standard association, which has a sociation as a sociation of the free of the second seco

started a socialist colony in Africa to preach and practice the protherhood of An international exhibition of book and paper industries is to be opened in Paris in July next. It will comprise the various branches of the manufacture of books and paper, as well as the machinery, implements and material used in printing and illustrating books.

EUROPEAN STATESMEN.

M. Carnot completes his term of office as resident of the French republic on Decpresident of the French republic on Dec-ember 3 next.

Bismarck once refused some request of Empress Eugenie, whereupon her ma-jesty called him the "wild man of the woods."

woods."

The ameer of Afghanistan has abandoned his proposed visit to England. His better half couldn't agree upon which one of them should go with him.

The fortune of Cecil Rhodes, premier of Cape Colony, in Africa, is set at somewhere from \$60,000,000 to \$75,000,000—all made in the diamond mines of that country.

country.

In the olden days when Prince Bismarck was wont to make lengthy speeches in the reichstag, a supply of refreshing drinks was maintained by a relay of waiters running between the ministerial benches and the kitchens of the building. FOREIGN GOSSIP.

Mr. Andrew Carnegie has just rented Burkhurst hall, in Kent, England, an old castle celebrated for its stately sandstone Present at the royal academy of music in England are women. Women violin play-ers have increased greatly in number in Europe of late years. South Africa is having the hottest sum-

mer known in fifty years. During the early part of last month the average shade of temperature at Cape Town was 90 to 95 degrees, the heat in the sun ranging from 130 to 150. The blue uniforms of the Austrian army are to be abolished and a sober gray substituted. This is the decision of a committee of experts appointed to investigate and settle the question of the best color for soldiers' clothes.

MEDICAL SCIENCE. The Philadelphia board of health has contagious disease.

A little machine for estimating the trembling of nervous people has been devised by Dr. Quintard, a French physician.
Dr. Ernest Hart, of the British Medical

Journal, declares that cholers will become extinct in the next thirty years because of the rapid advance of sanitary science. Atole, which a Mexican physician prescribed for William L. Wilson, is said to be very nutritious. Corn is ground by hand, the meal is then parched and sifted into boiling water or milk, as mush is prepared in the United States.

PEOPLE WHO WRITE. It is said that Mr. Gladstone will devote much of his leisure time hereafter to a new translation of Horace. Miss Harriett Monroe, who wrote the "World's Fair Ode," is delivering a course of lectures on the English poets, at the of lectures on the English poets, at the Newberry library, Chicago.

Jonas Lie is a Dane who has written some "Weird Tales from the Northern Seas." A man with a name like that couldn't fail to score a success in fiction.

Zola used to be very fat. To reduce his weight he abstained from drinking at his meals for two months and it that time got rid of thirty-siv pounds of superfluors.

rid of thirty-six pounds of superfluor Rev. K. Vaughan, brother of Cardinal Vaughan, archbishop of Westminster, England, has come to America to superin-tend the publication of his book by the Panlist fathers of New York. Dr. Oliver Wendell Holmes, despite his age, is described as silver haired and keeneyed. He laughs and chats with anima-

tion, and his flashes of repartee are a tion, and his flashes of repartee are as frequent and brilliant as ever.

Edgar Fawcett, the poet, playwright and novelist, is a bachelor forty years of age. He likes society, the theatre and the opera. He is of medium height, dress-s in the latest style, is English in appearance and keeps his own carriage.

SIX INTERESTING FACTS. The earth's lowest body of water is the Robbing the ostrich of its feathers is a cruel operation. The feathers are imbed ded so tightly in the flesh that each quil is covered with blood when it is wrenched

is covered with blood when it is wrenched out.

The codfish is the most prolific fish of the sea, yielding 45,000,000 eggs each sea son. As many as 8,900,000, 9,000,000, and even 9,500,000 eggs have been found in a roe of a single cod.

Mount Hercules, Island of Papua, is the highest in the world, its altitude being 32,786 feet. Mount Everest, India, was until recently put down as the largest, but it is only 29,002 feet high.

Ice one to two inches thick will bear men, two inches thick will bear infantry, four inches thick will bear cavalry and light guns, six inches will bear cavalry and eight inches teams with heavy loads.

Most persons will be surprised to learn that a needle in the course of its manufacture and before placed on the market for sale passes through the hands of from eighty to one hundred and twenty people. Eleven complete processes, each involving several minor operations, are necessary before a sewing needle is fit for sale. THE INSTITUTION OF HOME.

The hope of the nation is the homes of Human nature is very prevalent among vomen, and especially among maids of all vork. Better bear misfortunes than leave your

motives open to suspicion, or bring disgrace upon your family name. A home in which politeness reigns is a come from which polite men and women o out; and they go out directly from no

There is nothing but danger in the in-timacy of a married heart with an unmar-ried one, unless there be other relations which justify it. Profoundly to be commiserated is that child who looks upon his home as upon a prison house; upon his youth as a season of hardship; upon his parents as tyrants.—
J. G. Holland.

SCIENTIFIC SCRAPS. Dr. Schliemann found in the ruins of froy pottery vessels that had been careful-y turned on a wheel. y turned on a wheel.

The telescope was discovered by the shildren of a lens maker who were playing with a couple of lenses.

It is now well known that flounders and other flat fishes, whose eyes are on the left side of the head, and which swim on one side, are, when young, perfectly symmetric al, like other fishes. Dr. Zeigler, a German scientist, d-chares that photographs of the sun, taken daily, will enable a person to closely predict the weather. Circulars or elliptical halos around the orb of day indicate violent

stoms.

Geologists find that the Juniata river, by reason of its course and fall, affords a wonderfully comprehensive view of the geological formations through which it flows. To follow its course with the hammer is to obtain geological samples to be obtained so easily afield in no other way.
