

Out of Death's Shadow

The Experience of a Lady Who Had Given Up Hope.

Tortured with Pains in the Stomach for Four Years—Doctors and Hospital Treatment Failed to Help Her—In Her Extremity Dr. Williams' Pink Pills Restored Her to Health.

From the Pembroke Observer.

Wherever man is to be found there also, side by side with him, is disease and suffering. Those who have devoted their lives to the alleviation of the suffering and bodily weakness of human organization are surely benefactors of their kind, and deserve the praise of all mankind. For special honors in that line may be pointed out the discoverer of that wonderful remedy, Dr. Williams' Pink Pills for Pale People. Recently the case of Mrs. Maggie Burnette, of Chichester, Que., came prominently under the notice of the Observer reporter. He felt it to be his duty, on hearing of Mrs. Burnette's restoration from prostrate illness to health, to interview the lady and record her experience for the benefit of others who may need the healing influences of Dr. Williams' Pink Pills. Mrs. Burnette's farm home was found to be very comfortable and even elegant, located near the base of an immense hill, an out-guard of the Laurentian Mountains. The reporter was warmly welcomed and Mrs. Burnette said she was very glad to have an opportunity to testify to the great benefit Dr. Williams' Pink Pills had conferred upon her. She is 42 years of age now. Her husband, the late Chas. Burnette, died 14 years ago, and after his death she worked very hard for some years, with the result that she became completely run down, so much so that, although quite tall, she weighed only about 90 pounds. After taking the slightest food, she felt such distress that she was compelled to lie down for hours, being so weak that she was unable to sit up. At last she thought she must have been attacked by cancer of the stomach, so violent were the pains that constantly harassed her. She consulted the best physicians and spent more than a hundred dollars in treatment and medicine, in addition to which she spent nine weeks in the hospital at Pembroke. But withal she was ill four years and despaired of ever being well. Finally she decided to give Dr. Williams' Pink Pills a trial, and accordingly she procured six boxes. Although they benefitted her almost from the time she began taking them, she kept on taking the pills until she had taken sixteen boxes, and then felt that she was completely cured, the pills accomplishing in three months what four years of medical treatment had failed to do. From that time, nearly three years ago, Mrs. Burnette has been in good health, needing no medicine. "You can see," said Mrs. Burnette, as the reporter was departing, "that I am in perfect health, I attend to all my household work and the dairy and poultry, and have a large number of cows to milk. I never fail to say a good word for Dr. Williams' Pink Pills when I have an opportunity, for they did wonderful things for me." Mrs. Burnette is a well educated lady, speaking French and English fluently.

Bristol.

Mrs. Jos. Vandine, Centreville, has been visiting M. A. Tompkins.

Miss Lina Morgan, Hartland, has been spending some weeks, the guest of Miss Ella Tompkins.

Allan Gallop and wife of St. John were in Bristol this week, calling on some friends.

Miss Dora Rogers, Miss Alice Merritt and Miss Mattie Bell have returned from Fort Fairfield, where they spent part of their vacation.

Dr. Atkinson returned on Monday from a trip to Charlotte County, his former home. He was down and spent a few days about a fortnight ago.

Dr. Somerville and T. A. Lindsay spent last week visiting the lumber camps on the Miramichi, in the interests of the Temperance and General Life Assurance Company.

The school re-opened Monday with a good attendance of pupils. S. Merritt and Miss Mattie Bell remain in charge. Miss Annie McLean has taken the school at Holmsville.

Rev. A. H. Hayward had special meetings in the hall last week, and will continue them every evening this week, as a good interest is being manifested. Rev. J. Cahill is expected to attend some of the meetings.

Rev. A. Lucas, Field Secretary of the S. S. Association, was in Bristol on Saturday, and went to Aberdeen. This morning he addresses a meeting in the Egypt school house, and this afternoon goes to Beechwood.

Miss Jennie Somerville, a former teacher at Sackville, is spending the winter with her brother, Dr. Somerville.

Windsor.

Windsor can boast of several lumbermen; among them the Smith Bros., who are operating on the Miramichi, and we are pleased to learn are quite successful.

Jas. and Andrew Faulkner are now hauling their bark, and are loading on the cars at Deep Creek, two miles below Hartland.

Our day school has been engaged by our former teacher, Miss Edith Boyer, making her third term.

Our Sabbath school is still in blooming style. At the last meeting in the old year they elected their former Superintendent, Jas. A. Faulkner, by an unanimous vote, making for him the fourth year. Our school this year is large.

Several of our farmers are busy hauling their farm produce to Dungarvon, on the Miramichi, a distance of seventy miles, and I am informed that it brings a good price; hay \$15, and oats 40 cts.

Most of our young men at present are in the woods, so times are quiet here.

Gossip says some one dared to sell or give away on Christmas day a quantity of intoxicating liquors in our vicinity. If so, it will not be pleasant for them to repeat the offence for proof is handy.

Our religious services are conducted by Rev. John Perry and Rev. A. B. Calder. For a Xmas present the friends of this and a joining settlement gave Mr. Calder a fine coat.
