HOPEWELL HILL, July 15.-At the railway station on Friday night two box cars were being put on the siding by a "flying shunt," when the telegraph wire overhead caught against the brake wheel on top of one of the cars, the strain tearing out one telegraph pole and breaking another off in the middle. Brakeman Crossman, who was on top of the car, only saved himself from being caught by the wire by lowering himself down between the cars. He also had a narrow escape from the falling pole, which struck within a foot or two of his head. The car, not being checked by the brake, ran off the end of the switch and quite a distance out on the

marsh, where it finally stopped. The death occurred at Caledonia yesterday of Mrs. Norman Barkhouse, who has been ill for several months She, who was much respescted, was a daughter of Alfred Reid of Caledonia, and with her husband lived in this village for a number of years. RICHIBUCTO, N. B., July 17-While three men named Plume, Murphy and Shortell of South Branch, 15 miles above here, were driving home from church on Sunday with a carriage and a pair of horses, they broke through a bridge and were precipitated a distance of 25 feet into a brook below. The carriage went down first, then the norses on top of it, then the timber, the men being buried beneath. All are badly hurt and Murphy is in a dangerous condition. The horses are badly injured and the carriage is broken to pieces. The bridge has been unsafe for a long time. Other structures up the county are reported

dangerous to travel over. MONCTON, N. B., July 17.-Quite a ser ous wreck occurred this morning on the I. C. R. two miles east of Springhill Junction, when No. 16 train, the night freight, which left at 24 o'clock in charge of Conductor John Hughes, with Driver J. I. Smith at the collided with a single engine on. Although nothing can be learned here as to the cause of the accident, it is understood that the single engine had orders to

cross the freight at Springhill Junction, and that the freight, owing to some misunder-standing or other, the facts of which are not chtainable, proceeded and the collision occurred. The accident accurred about six o'clock this morning, and as the engines crashed together there was a general splik. Several of the cars on the freight were derailed and the road generally blocked. Driver Smith was quite badly injured. An auxiliary train was sent out from Monoton and another from Truro, and both succeeded in quickly clearing the track.

FREDERICTON, July 17 .- Dr. Coburn, formerly of this city, and Mis-Nellie Hoben, daughter of Supt Hoben of the Canada Eastern railway, are to be married at Chicago on August 1st. Nova Scotia Getting the **Bulk of Tourist Travel.** 

Provincialists Appear to be Good Patrons of Massachusetts Divorce Courts.

Caught Over Two Hundred Two Pound Trout in New Brunswick-The Lumber and Fish Markets-The Orangemen Paraded on the

(From our own correspondent.)

BOSTON, July 16 .- The rush to the country and the seaside continues. The provinces are receiving a good share of the tourist travel, but Nova Scotia seems to have a big advantage this year because of the foolish policy of the two Yarmouth lines in cutting rates. To be sure, the rate war will aid Nova Scotia hotel men, but it is manifestly unfair to the other provincial steamship companies, which while handling all the business they can take care of at the present time, will likely suffer to some extent by it later in the season unless the D. A. R. and Yarmouth company patch up their differences. There is some talk in Portland of establishing a line of steamers between that port and Yarmouth. British Vice-Consul John E. Keating has long advocated such a line, and it is said that next season the projected enterprise will be an accomplished fact. The distance is 170 miles, and it is suggested that a twin screw boat could make the run easily one way between breakfast and sup per. The fare one way, it is proposed, should be about \$1.50.

The Chinese troubles are commanding a large share of public attention here just now. In reference to China, it might be mentioned that one of the shrewdest and most intelligent of Chinamen in the world is the minister at Washington. He has an almost perfect English education, speaks as good English as an Englishman and is quite an orator in that language. It has been suggested that should the present dynasty be overthrown that he be made ruler of China under a protectorate of the powers. He is more like an Englishman or an American than most of the foreign diplomats at Washington, and he deeply deplores the present crisis in his native

The Orangemen of Massachusetts bserved the 12th by a parade in Boston and a picnic at Lake Walden. Rev. John Blaisdell of Nova Scotia was among the guests.

A woman known here by her maiden name, Miss A. J. Bird, formerly of West Leicester, a small place in Cumberland county, N. S., died at the city hospital Saturday morning as the result of taking a large dose of morphine. She was married at one time, but after obtaining a divorce resumed her maiden name. Her father is Stanley Bird of West Leicester. During her stay in Boston she acted as a professional nurse. It is not known whether the case is one of suicide or accident.

Provincialists in Boston continue to patronize the divorce court to some extent. Among recent petitions filed is that of Agnes J. Rath, who asks for a divorce from Isaac J. Rath, to whom she was married in 1884 at Musquodoboit, Halifax Co., N. S. One Susan Watson is named as co-respondent, and certain acts, upon which the petition is based, are alleged to have occurred at Musquodoboit, Harmony and Truro, since 1897. The case will

be heard on the first Monday in August. Cora M. Potter has just petitioned the Suffolk county court for a divorce from George W. Potter of Brookfield. N. S., at which place they were married in 1894. Desertion is alleged. The petition is returnable on the first

Monday in August. Another case just filed is that prought by Julia M. Weaver against George W. Weaver of Medford, Kings county, N. S., on the ground of deserion and intoxication. The Weavers were married at Brookfield in 1882. The case will also come up on the first

Monday in August. Albert D. MacKendrick and Miss Etta Loudoun, both of New Brunswick, were married here on July 11. Capt. Isaac M. Ross of the tugboat Eddy was killed on his boat here July 10th by a collision with the schooner Jennie Greenback. Capt. Ross Hailed

The Improved Rudder Frame & Gear Co. has been incorporated at Augusta, Me., for the purpose of selling inventions for steering of vessels. The capital stock is \$2,000,000, of which \$45 is paid in. W. H. McRobert of Halifax is treasurer.

Wm. Gillespie, an umbrella mender of St. John, was fined \$20 and costs last week at Manchester, N. H., for the alleged larceny of carpenter tools. He went to jail to serve out the amount at the rate of 50 cents per day. New England States and Greater Boston, a magazine published by John J. Charles H. Chase and Charles J. Perkins of Portland and Sumner C. Stanley of Boston returned a few days ago from a fishing expedition in New and his tugs are kept busy shipping Brunswick. They reached Portland hay from Sheffield to the Grand Lake with about the largest and finest lot of trout ever seen there. They landed 223 trout, one weighing 5 1-2 pounds, and all averaging two pounds each. The following residents of the provinces were in Boston recently: H. K. Richmond, Mrs. Richmond, E. F. Harvey, G. for \$32,300,000 a year for federal purposes. Hon. Mr. Mulock said there was nothing to warrant an expenditure of nearly \$38,000,000.

Hon. William Paterson said the conservative government was taking \$6,115,000 more in taxes out of the people than it should. Hono. David Mills said the government of the country might be carried

on for a very much smaller sum than that which was being taken out of the pockets of the people. Then, in 1896, the people put out the government that had thus been condemned as extravagant, and those

who had been condemning became themselves the government. The expenditure on all accounts had been running about \$42,000,000 a year;

in 1896 it was \$41,702,803. In 1897 it went up to \$42,972,000: in 1898 it was \$45,334,000; in 1899 it was 751,542,006; in 1900 it was up to \$53,000,-000, and for 1961 power has been taken that may run it up to \$60,000,000. Not \$7,571,000 as promised by Mr.

Over ten millions a year has been added on.

Then, when the opposition called at tertion to the failure to keep the pledges the ministers had made, and which their party had endorsed, the liberal representatives in parliament rose to a man and voted that it was, in their minds, proper for public men to disregard their promises, to kick over the platform they had been elected on, and to do themselves all the things they had condemned others for

DORCHESTER, N. B., July 18 .- The hart, who was drowned at the Bay Shore, St. John, on Sunday last, took place from the residence of his father. Main street, at two o'clock today. From the house the remains were carried to the Baptist church, where the funeral service was read and a sermon preached by Rev. Mr. Burgess. Mr. Baird, a divinity student and in-Acadia college, assisted with the service. The church was filled to the doors, and the funeral procession was to deceased, who was a young man of sterling qualities and a favorite wherever known. Of this the floral decorations testified, for they were many, and among others two from the emlison, St. John, where Mr. Lockhart was engaged. From the church the funeral proceeded to the Rural cemetery, where the body was interred. J. C. Forster, W. A. D. Steven, ir., Frederick Cole, H. K. Bowes, Edgar Card and C. Lionel Hanington, friends of the deceased, were pall-bearers.
