

VICTORY FOR JAPAN

Three Russian Warships Torpedoed by Japanese Who Escape Without Injury.

PORT ARTHUR, Feb. 9.—Japanese torpedo boats attacked the Russian fleet here during the night and three of the Russian ships were badly damaged. The Japanese, who thus scored the first success of the war, escaped undamaged. In consequence of the attack by the Japanese torpedo boats, martial law has been proclaimed here.

JAPAN DRAWS FIRST BLOOD.

PORT ARTHUR, Feb. 9.—Japanese torpedo boats attacked the Russian fleet here during the night and three of the Russian ships were badly damaged. The Japanese, who thus scored the first success of the war, escaped undamaged. In consequence of the attack by the Japanese torpedo boats, martial law has been proclaimed here.

ST. PETERSBURG, Feb. 9.—An official despatch received here says that the Japanese torpedo boats have attacked the Russian squadron in the outer roads at Port Arthur and that three of the Russian ships were damaged.

After the Russian report of the attack by the Japanese is as follows: "I most respectfully inform your majesty that at or about midnight the Japanese torpedo boats made a sudden attack, by means of mines, upon the Russian squadron in the outer roads of the fortress of Port Arthur, in which the battleships Retyuzan and Casares were and the cruiser Pallada were damaged. An inspection is being made to ascertain the character of the damage."

ST. PETERSBURG, Feb. 9.—A special telegram from St. Petersburg says three Russian ships at Port Arthur were severely damaged last night by torpedoes discharged from Japanese torpedo boats. The latter were passing the harbor. Subsequently a large fleet of Japanese battleships and cruisers appeared before the port.

PRAYERS FOR VICTORY.

ST. PETERSBURG, Feb. 9.—The Imperial hall, which was to have been held this evening has been cancelled. At two o'clock this evening the Imperial court and all functionaries will attend a solemn deum to pray for victory for the Russian arms.

CHINESE RISING FEARED.

CHE FOO, Feb. 9.—The Japanese residents are leaving Port Arthur. On Monday a steamer was chartered and proceeded to Dainy, thence to Japan. Others are going to China. Admiral Alexief tried to reassure them and promised protection to their property. Russian officers and foreign merchants are leaving here in fear that the Chinese will rise.

JAPAN'S POSITION.

TOKIO, Feb. 9.—The following is the statement issued by the Japanese government setting forth its position: "The Japanese government has decided to maintain the independence and territorial integrity of Korea, and to safeguard its interests therein, the Japanese government has decided to view with indifference any action endangering the position of Korea, whereas Russia, notwithstanding her solemn treaty with China and her repeated assurances to the powers, not only continues her occupation of Manchuria, but has taken aggressive measures in Korean territory. Should Manchuria be annexed to Russia, the independence of Korea would be impossible. The Japanese government, therefore, being desirous of securing permanent peace for Eastern Asia by means of direct negotiations with Russia, with the view of reaching a friendly adjustment of the mutual interests in both Manchuria and Korea, where their interests meet, communitated towards the powers, its desire to the Russian government and invited its adherence. To this the Russian government expressed a willing assent. Accordingly, on the 20th August, Japan proposed to Russia, through its representative at St. Petersburg, the basis of an agreement, which was substantially as follows:

WHY YOU SEE STARS.

The man who, when struck violently on the head, says he "sees stars" is not far from telling the truth. The fact is that there is a pleurocentric power in the eye which does not attract a person's attention under ordinary conditions, but which is distributed and reveals itself whenever the head gets a sudden shock, and sometimes even in the act of sneezing. A blow on the head results in a pressure of the blood vessels upon the retina, causing either total darkness or a faint blue light which floats before the eyes, and it is in this faint blue light that the observer discerns the thousands of fantastic forms and figures that by general acceptance are termed stars. Hence, while the astronomical display so frequently mentioned may be said to be entirely a creature of the imagination, there is at least some foundation for the idea.

PARDONED HIM.

(Chicago Chronicle.) When he was governor of this state, "Uncle Dick" Ogleby, while making a tour of inspection of the Joliet prison, came to a cell in which a hideously ugly man was confined. The man was so ill-favored that the governor stopped to ask about him. "What's he in for?" he asked. "He forced a young woman to elope with him at the point of a pistol," the keeper replied. "Well," said Ogleby, "I guess I'll pardon him." "Pardon him!" protested the warden. "Why, governor, the proof is against him, he's a scoundrel." "I know," said the governor, "but he couldn't get her to marry him in any other way."

ALMOST THE SAME.

(Philadelphia Post.) The waking hours of G. Otto Krupp were spent in thinking of schemes whereby he might get rich quick. As the owner of an eight-mile railroad he was a person of considerable local importance in Pennsylvania-German settlements, where he resided.

One morning when Mr. Krupp's brain was particularly active it occurred to him that by sending passes over his road to the presidents of the big railroads of the country he might receive complimentary passes in return. This would enable him to see something of the world at comparatively small expense, and such passes as could not be used personally he could dispose of advantageously. Mr. Krupp lost no time in getting letter heads printed with his own name in large type as president. Then he sent "R. & A." passes broadcast and waited results.

One hot afternoon a flushed representative of a big western road walked into Mr. Krupp's office and said he had been all over the country for the "R. & A." railroad and could not find it. He said he was sent from Philadelphia to investigate before the company issued a pass over its entire line. "It is about outside of thirty-five minutes' walk," explained Mr. Krupp, suavely.

"How long is your road?" asked the railroad representative. "About eight miles, I think." "Thunder! You don't expect us to exchange passes with a road like that, do you?" the representative demanded angrily. "Why, we have 5,000 miles of road."

"Well," answered Mr. Krupp, drawing himself up with an air of offended dignity, "maybe my road ain't so long as yours, but it's chust as wide."

TRIPLETS AND OLD AGE.

(Boston Globe.) Some superstition is shaken from its pedestal almost every day. It is generally believed by the medical profession that where twins or triplets are born they are not likely to reach a great old age, but that their chances of holding out in the race of life are unequal, because one of the children is endowed with physical strength.

The British medical faculty is now engaged in studying this problem and it is interesting to note that at York recently the last of a set of triplets died at the age of 88 years, the two others having died two and six years respectively.

It was shown that this notable trio had each led an active and rounded life, had married and suffered various vicissitudes, but had spent his days in quiet in the country.

Lung, Throat and Catarrhal Troubles.

COLD IN THE HEAD CURED QUICKLY IF YOU BREATHE FRAGRANT HEALING CATARRHOZONE.

The ordinary method of treating catarrh by the stomach is a very indirect way, and as experience has demonstrated, a very useless method to employ.

Fragrant, healing Catarrhozone is breathed. The air laden with minute particles of this healing balsamic liquid, spreads over the whole area of inflammation.

It reaches the very root of disease, instantly destroying by its antiseptic properties the germs which excite and maintain the disease. Its soothing and healing action is at once applied to the whole diseased surface. It cures quickly and it cures permanently.

We affirm that no proprietary medicine has ever brought forth from peoples as many voluntary testimonials as Catarrhozone has received.

MRS. JAMES TWEDDIE of Jay Street, says: "For years my daughter suffered for catarrh. She had drooping of the eyelids, watery eyes, and could not sleep at night. The first day's use of Catarrhozone benefited and it cured so the catarrh never returned."

MR. R. SHELTON of Leamington, Ont., says: "For two years I unsuccessfully sought a remedy to cure my son of catarrh, but permanent results were not attained until I used Catarrhozone. It cured my little boy like magic and he has been quite free from catarrh ever since."

MR. D. R. SMITH of Whitehead, N. S., says: "Catarrhozone permanently cured me of chronic catarrh of the nose and throat from which I suffered for many years. I heartily recommend Catarrhozone to all who are afflicted with it. I was completely cured in a few weeks. I recommend Catarrhozone as the most satisfactory cure for catarrh on the market. Every word said for it is true."

MR. S. T. WRIGHT of Skeads Mills, Ont., says: "I had a bad attack of sore throat, with inflamed tonsils and sore chest. I inhaled Catarrhozone and it cured my trouble. I greatly admire its pleasant and soothing action."

MR. JAMES FERGUSON of Perth, Ont., writes: "I have used Catarrhozone for sore throat and cold in the head and find it a good remedy. I highly recommend it."

MISS CLARA B. COLBY of London, Ont., writes: "I had a continuous cold in the head for two years and never used anything giving such quick results as Catarrhozone. I am delighted at last to find a remedy that positively cures colds, cures every time."

Catarrhozone cures without drugs and disagreeable medicine. It is Nature's cure, given in a pleasant and pleasant to use. You simply inhale the medicated vapor of Catarrhozone through a Catarrhozone Inhaler, and get relief in a few minutes. The treatment costs only a dollar. It can be sent by mail and used right at home any time during the day or night. Sold by drug stores or by mail from N. C. Ferguson & Co., Kingston, Ont., or Hartford, Conn., U. S. A.

THE CURSE OF MANKIND IS CONSTIPATION.

Ninety-tenths of the ailments we have can be traced to constipation. The bowels are for no other earthly purpose but to cleanse and keep clean and in working order our systems. Constipation is more prevalent among women than men, but it is too common in both. You may imagine you have dyspepsia, or chronic headache, or rheumatism, or heart affections, or bad blood causing eruptions—you may feel dull and ambitionless. Unless your case has been diagnosed and you know otherwise, the chances are your trouble is constipation.

Laxa-Cara Tablets, if taken after meals, draw nature into her natural course and keep the bowels regular and in healthy action. Ordinarily a short treatment will prove sufficient. In stubborn cases several boxes may be needed. It is only a question of a short time, however, when the whole intestinal system will be made strong and naturally active. Then Laxa-Cara Tablets should be stopped.

They come in small, chocolate-coated form, easy to take and palatable. From the first day you will feel their gentle but sure effect. Price 35 cents a box at your druggist's, or by mail postpaid on receipt of order.

FRANK WHEATON SOLE AGENT FOR CANADA FOLLY VILLAGE, N. S.

FAIRVILLE NEWS.

Feb. 10.—At the Roman Catholic Church this morning, Miss Nell McKinnon was united in marriage to Geo. Costley of Grand Bay. Miss Minnie McAnaney held the position of bridesmaid very creditably, while Mr. Logue acted as best man. After the ceremony the happy couple drove to the bride's home on Main street.

The friends of John Masson will be very sorry to hear of his sudden demise after a short attack of pneumonia. The late Mr. Masson visited his brother, James Masson of Fairville, a year ago last summer and made many friends during his visit.

The first meeting of the young ladies' working society was held at Mrs. D. Hanson's last evening and was well attended. The young ladies are preparing useful articles for their Easter sale.

WELL DONE, QUICKLY DONE. (M. A. P.) The late Henry Seton Merriman—his real name was Hugh Scott—was one of the swiftest writers the world has ever seen. Mr. Merriman only wrote at long intervals, but when he once sat down at his desk he would produce two or three chapters of 5,000 words each in an evening.

Once he argued with Walter Pater at Oxford on this matter. "Nothing," Mr. Pater reiterated, "nothing can be done well that is done in a hurry."

"Nothing," said Mr. Merriman, "nothing is done as well as this." "Nothing," said Mr. Pater. "How about making a train?"

SIX DOCTORS FAILED TO CURE HIM. ERYSIPELAS AND SALT RHEUM WAS THE TROUBLE. Burdock Blood Bitters DID MORE THAN SIX DOCTORS COULD DO.

Mrs. Theo. Newell, Argyle Sound, N.S., expresses her opinion of this wonderful remedy in the following letter: "It is with the greatest gratitude that I can testify to the wonderful curative powers of Burdock Blood Bitters. For years my husband suffered terribly with Erysipelas and Salt Rheum. He was so bad at times that he could not sleep on account of the itching and burning. He had been under the care of six different doctors, but they failed to do him any good. I had read different times of the wonderful cures being made by Burdock Blood Bitters, so advised him to give it a trial. He did so, and after taking five bottles was cured without a doubt. I would strongly advise any person troubled with blood disorders to give B.B.B. a fair trial for I am sure it will cure them."

MR. R. SHELTON of Leamington, Ont., says: "For two years I unsuccessfully sought a remedy to cure my son of catarrh, but permanent results were not attained until I used Catarrhozone. It cured my little boy like magic and he has been quite free from catarrh ever since."

MR. D. R. SMITH of Whitehead, N. S., says: "Catarrhozone permanently cured me of chronic catarrh of the nose and throat from which I suffered for many years. I heartily recommend Catarrhozone to all who are afflicted with it. I was completely cured in a few weeks. I recommend Catarrhozone as the most satisfactory cure for catarrh on the market. Every word said for it is true."

MR. S. T. WRIGHT of Skeads Mills, Ont., says: "I had a bad attack of sore throat, with inflamed tonsils and sore chest. I inhaled Catarrhozone and it cured my trouble. I greatly admire its pleasant and soothing action."

MR. JAMES FERGUSON of Perth, Ont., writes: "I have used Catarrhozone for sore throat and cold in the head and find it a good remedy. I highly recommend it."

BROKE FOR LIBERTY.

First Escape From Charlestown State Prison in Eleven Years.

BOSTON, Feb. 10.—The first escape from the state prison since the famous "Sever Gang" made their way to liberty eleven years ago, was effected tonight when Edward Waters, 22 years old, who was sentenced eight months ago to a term of from five and a half years to eight years for burglary in Boston and Cambridge, successfully eluded the officers and made a bold dash for freedom.

Waters is believed to be a native of New York, although on the prison books his address was given as Hancock street, Boston. Inquiry tonight disclosed that he lived only a week at the Hancock street address. Since his incarceration at the Charlestown prison, Waters has been at work in the barber shop and as he was exceptionally good at that work he had been assigned General Benjamin F. Bridges, the warden of the prison.

A party before 8 1/2 o'clock tonight the Warden Bridges sent for Waters to come to the prison office in the rotunda and perform his customary duties. Waters Watson, a Lowell, member of the executive council, was calling on Warden Bridges at the time. When Waters entered the prison office, Councillor Watson was preparing to leave the institution. The door was opened for Mr. Watson to pass out, but both he and Warden Bridges stepped into a side room for a moment. While there they heard the clang of a heavy door closing in the rotunda, and the councillor emerged a moment later Waters was nowhere to be seen.

Immediately after the prison officials were summoned and a search for the fugitive was begun. When an inquiry was made outside the prison the officers were told by some boys that a man wearing a long rubber coat had scaled the wall of the prison yard. According to the story of the boys, the man was aided by some person outside where it was thought that a rope was thrown over the wall by a confederate on the outside and that the man was enabled by it to climb to the top of the wall and then drop to the ground where he entered a carriage that was waiting and was driven rapidly away.

"Nothing," said Mr. Merriman, "nothing is done as well as this." "Nothing," said Mr. Pater. "How about making a train?"

SIX DOCTORS FAILED TO CURE HIM. ERYSIPELAS AND SALT RHEUM WAS THE TROUBLE. Burdock Blood Bitters DID MORE THAN SIX DOCTORS COULD DO.

RUSSIAN ADMIRAL.

On Little Yacht Made Two Turkish Monitors Retreat—Czar Gave Him Highest Mark of Honor for That. He Outwitted a British Captain at Newport in 1887, and Knows How to "Bluff," Too.

It has been said that the Russian navy has no history; no tradition. The man whom report from the far east was making a name for himself in the waters of the Pacific, which will fight Japan, Skridloff, gives the lie to both sayings.

Nicholas Haronovitch Skridloff is a bold man of the "D"—the torpedo boat type, with a mixture of the "Fighting Bob" Evans in his make-up. He wears the Cross of St. George, the decoration most highly prized in Russia.

Verestchagin, the gambler, who abhors war and always tries to be about where it is going on, tells the story of how Skridloff, as a naval lieutenant won the cross for heroism in 1887.

The Russian army was preparing to cross the Danube by pontoons when two Turkish monitors appeared. There was nothing ahead to show them off but the Czar's little yacht, the Schurka. Skridloff was ordered to take this and put the Turkish monitors out of business.

With six sailors and Verestchagin, who was eager to go along and won permission, Skridloff on the Schurka assailed toward the monitors to torpedo them.

"Give a glass of sherry," said Skridloff to Verestchagin. "You'll never drink another, my friend."

YACHT SCARES OFF IRONCLADS. The Schurka went ahead full speed through a perfect storm of every kind of missile the Turks' guns could throw. None disabled the Schurka, and the Turks, fearing that Skridloff would get close enough to put his torpedoes to work, retreated. The way was clear for the bridge builders. Skridloff sustained no less than four severe wounds.

Ten years later Skridloff, as captain of the gunboat Strelak, 1,500 tons, visited Newport. Relations between Russia and England were strained at that moment to the verge of a declaration of war. A British cruiser, big enough to blow Skridloff out of the water, "happened in" at Newport and kept an eye on the Russian. Her commander was Captain Hand.

BLUFFED BRITISH. Skridloff determined to give Hand the slip. On a Saturday he had the engine work hung out from the yards to give his ship the most peaceful expression possible. That evening he gave a supper on shore to some actresses and had Capt. Hand as a guest. Leaving his cap and parade sword on the table he excused himself for a moment, stole

COLUMBIA GRAPHOPHONE FREE.

It plays every kind of instrumental music—strings, brass, woodwind, piano, etc. It is the only one of its kind in the world.
