THE SEMI-WEEKLY SUN.

ST. JOHN, N. B., APRIL 26, 1905.

THE CENSOR OF BENEVOLENCE.

There is no sign that the controversy over the acceptance of Mr. Rockefeller's subscriptions to missions and other religious purposes is coming to an end. When the prudential committee of a foreign mission board disposes of one contribution the same question will arise a new offering by Mr.

Rocke - , or another man of his class. The general question is not settled by the treatment of a particular subscription by one religious association, and is not likely to be brought to an issue by the hysterical protests of clergymen whose pastoral incomes include subscriptions from various rascals of

Catarrh is almost universal. Catarrh

Peruna is used in any community, the more popular it becomes.

Pe-ru-na Actually Cures.

The reason why Peruna has become a standard catarrh remedy the world over is simply because it cures catarrh.

Catarrh is almost universal is difficult to cure. The doctors do not care to treat cases of catarrh at all.

It therefore follows that when a remedy is devised that can be used in the home at a moderate cost, such a remedy should inevitably become popular.

Entirely Cured By Several Bottles of Pe-ru-na.

Miss Ella M. Miller, one of Washington's society girls, writes from 140 F street, N. E., Washington, D. C., as

"With pleasure I recommend your medicine for catarrh of the head. Having taken several bottles, I find myself entirely cared. I cannot praise Peruna too highly."--Ella M. Miller. Pe-ru-na Contains No Narcotics.

There are a great many catarrh cures in the world. The most of them are local applications. Few of them are to be used internally. Unfortunately alarge number of these

catarrh remedies, especially the ones prescribed by the doctors, contain narcotics of some sort. Cocaine, opium, whisky, and other narcotics are used. These remedies give temporary relief. The patient thinks he is better right away. In a few weeks, however, he discovers his mistake. Not only is his catarrh no better, but he has acquired the habit of using some narcotic. This happens in a multitude of cases.

One reason why Peruna has cound permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit.
